Notes to Financial Statements

1. Description of Plan

The following description of the HealthPRO-Heritage 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering substantially all employees of Health Pro Management Services LLC (the "Company") and participating employers who have one month of service and are age 21 or older. The plan administrator controls and manages the operation and administration of the Plan. Charles Schwab Bank serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute between 1% and 100% of eligible compensation, as defined in the plan document, subject to Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

The Company may elect to make discretionary matching contributions. To be eligible for a discretionary matching contribution, the participant must complete one year of service and be employed on the last day of the plan year. For the year ended December 31, 2019, the Company matched 25% of amounts deferred by participants, up to 2% of eligible compensation.

In addition to discretionary matching contributions, the Company may elect to make discretionary profit sharing contributions with the approval of the Board of Directors. To be eligible for discretionary profit sharing contributions, the participant must complete one year of service and be employed on the last day of the Plan year. There were no discretionary profit sharing contributions for the year ended December 31, 2019.

Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan offers mutual funds and a stable value collective trust fund as investment options.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portions of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after 3 years of credited service.

Cash

Cash consists of amounts in a non-interest bearing savings account. At times, deposits may exceed amounts insured by the Federal Deposit Insurance Corporation ("FDIC"). The Plan has not experienced losses in such deposit accounts. The Plan believes it is not exposed to any significant credit risk on cash.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime rate plus one percent as determined by the plan administrator. At December 31, 2019, outstanding notes bore interest rates ranging from 3.50% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment options as provided by the Plan. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $51,998 and $44,244, respectively. These accounts may be used to pay plan expenses or reduce employer contributions. Forfeitures of $44,244 were used to reduce employer contributions remitted during 2019.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable value collective trust fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the Net Asset Value ("NAV") provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 76,111,557	$ -	$ -	$ 76,111,557
Total assets in the fair value hierarchy	$ 76,111,557	$ -	$ -	76,111,557
Investments measured at NAV *(a)*				448,222
Investments at fair value				$ 76,559,779

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 56,274,176	$ -	$ -	$ 56,274,176
Total assets in the fair value hierarchy	$ 56,274,176	$ -	$ -	56,274,176
Investments measured at NAV *(a)*				468,161
Investments at fair value				$ 56,742,337

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2019	Fair Value at December 31, 2018	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Stable value collective trust fund	$ 448,222	$ 468,161	None	Daily	12 months

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the year ended December 31, 2019.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee.

	2019	2018
Investments	**$ 76,559,779**	$ 56,742,337
Cash	**$ 85,645**	$ 316,238
Net appreciation in fair value of investments	**$ 11,504,509**	
Interest and dividends	**$ 2,421,519**	

5. Exempt Party-In-Interest Transactions

Certain plan investments are funds managed by Charles Schwab Bank ("Charles Schwab"). Charles Schwab is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return on each fund. Fees paid to Alliance Pension Consultants LLC, the recordkeeper, by the Plan for administrative services were $185,439 for the year ended December 31, 2019. Fees paid to the investment advisor, Newman & Schimel LLC, were $66,486 for the year ended December 31, 2019.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the volume submitter plan document was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement dates.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near

term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to Schedule H of Form 5500 as of December 31:

	2019	2018
Net assets available for benefits per the financial statements	**$ 78,071,161**	$ 58,391,210
Deduct benefit claims payable	**(1,343)**	(156,980)
Deduct deemed distributed loans	**(10,330)**	(1,637)
Other reconciling items	**-**	378
Net assets available for benefits per Form 5500	**$ 78,059,488**	$ 58,232,971

The following is a reconciliation of the net change per the financial statements for the year ended December 31, 2019 to net income per Schedule H of Form 5500:

Net change in net assets per the financial statements	**$ 19,679,951**
Add change in benefit claims payable	**155,637**
Deduct change in deemed distributed loans	**(8,693)**
Deduct change in other reconciling items	**(378)**
Net income per Form 5500	**$ 19,826,517**

10. Non-Exempt Party-In-Interest Transactions

During 2019 and 2018 plan years, there were unintentional delays by the Company in submitting participant contributions in the amount of $202,702 and $25,555, respectively, to the trustee. These delinquent contributions constitute prohibited transactions and the Company has made contributions for certain of these delays to the affected participants' accounts to compensate those participants an aggregate of approximately $190 for potential lost income due to delays. The Company will calculate and make contributions to the affected participants' accounts for potential lost income due to the remainder of the delays.

11. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2020 the date the financial statements were available to be issued.

Subsequent to the date of the statement of net assets available for benefits, the World Health Organization declared the outbreak of COVID-19, a novel strain of Coronavirus, a pandemic. This contagious disease outbreak has continued to spread across the globe and is impacting worldwide economic activity and financial markets. The financial statements do not reflect any adjustments as a result of the subsequent increase in economic uncertainty.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved (i) adding COVID-19-related distributions of up to $100,000 for eligible participants, (ii) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (iii) suspending payments on Plan loans otherwise due in 2020 for eligible participants, and (iv) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.

Effective August 1, 2020, Plan management changed the trustee of the plan to Fidelity Management Trust Company.

Effective September 1, 2020, the Plan amended to include auto-enrollment.
