Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by AdvisorTrust, Inc., the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Report on Supplementary Information

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's Management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

The financial statements of the Enerfab, Inc. 401(k) Plan as of and for the year ended December 31, 2018, were audited by other auditors whose report, dated September 30, 2019, did not express an opinion on the 2018 financial statements for the same reasons described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2018 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Enerfab, Inc 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Enerfab, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering certain employees of HBH Holdings, Inc. and its wholly owned subsidiaries (collectively the Employer or Plan Sponsor) including Enerfab, Inc. and its wholly owned subsidiaries, Enerfab Process Solutions & Fabricated Products, Inc. and its wholly owned subsidiaries, Complete Services Solutions, LLC and Broadway Electric Service Corporation and its wholly owned subsidiary.

Certain employees who complete three months of service and are age twenty-one or older and non-union employees who are age twenty-one or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2019, the accounts of certain participants whose employment status was moved from WDJ Industrial Group, LLC, a non-participating subsidiary of HBH Holdings, Inc to Enerfab, Inc. The transfer amounted to \$418,526.

During July 2020, the Plan changed its name to HBH Holdings Inc. 401(k) plan.

Contributions: Each year, non-union employees may elect to defer a percentage of their pre-tax annual compensation subject to Internal Revenue Code (IRC) limitations. In addition, the Plan allows Roth contributions using the same criteria. Non-union employees are automatically enrolled into the Plan upon becoming eligible at a rate of 3% unless a different deferral percentage is elected. Non-union employees who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make discretionary matching contributions for non-union employees. In 2019, the matching contributions were equal to 50% of the first 8% of annual pre-tax or Roth contributions a participant made to the Plan. Certain union employees are eligible to receive additional discretionary contributions contributed by the Company. A discretionary contribution in the amount of \$49,213 was made in 2019 on behalf of union employees. Union employees are eligible to receive Company contributions only. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic escalation provision in which deferral percentages of automatically enrolled participants will increase 1% each year up to a maximum deferral percentage of 8%, unless otherwise elected by the participant.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and losses thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Vesting of Company contributions is based on years of service as defined by the Plan document as follows: 20% vesting with two years of service, increasing at 20% per year until full vesting is achieved with six years of service. Employees are fully vested in amounts that they have elected to defer under the 401(k) provisions of the Plan.

Enerfab, Inc 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans bear interest at an agreed-upon percentage based upon prevailing market rates. Loan terms are for a period not exceeding five years unless such loan is used to acquire a dwelling unit, which within a reasonable time frame (determined at the time the loan is made) will be used as the participant's principal residence. Each loan is collateralized by the vested account balance in the participant's account, up to a maximum of 50%. Principal and interest are paid ratably through payroll deductions. Interest rates on participant loans range from 4.25% to 6.50% as of December 31, 2019. Interest rates on participant loans range from 4.25% to 6.00% as of December 31, 2018.

Payment of benefits: Distributions may generally be made upon the participant's death, disability, retirement or termination of his or her employment with the Company. Additionally, prior to termination from employment, a participant may elect to withdraw all or a portion of his or her vested account balance upon reaching age 59½. The Plan allows hardship distributions if certain financial requirements are satisfied. Benefits shall be paid to participants in the form of lump sum payments upon termination of employment.

Forfeited accounts: Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses incurred by the Plan. The portion of the forfeiture account that is not used to pay administrative expenses will be used first to restore previous forfeitures of re-hired participants' accounts and then to offset Company contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$69,239 and \$8,662, respectively. In 2019, expenses totaling \$50,833 were paid with forfeited accounts.

Rollovers: The Plan allows rollovers received by a participant as a distribution from another qualified plan after approval from the Plan sponsor. Participants are fully vested in these amounts.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's participant directed investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The change in the difference between market value and cost of investments is reflected as net appreciation/depreciation in the fair value of investments in the periods in which such changes occur.

Enerfab, Inc 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Contributions: Participant contributions are recognized when earned. Employer matching and profit sharing contributions are recognized concurrently with participant contributions.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Other administrative expenses paid by the Plan include recordkeeping and third-party administrator fees.

Recent accounting pronouncements: In August 2018, the FASB issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*, based on the concepts in the FASB Concepts Statement, including consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.

The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Plan adopted this Update for the removal, modification or addition of certain fair value measurement disclosures presented in the financial statements.

Note 3. Information Certified by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2019 and 2018 and for the year ended December 31, 2019 was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to Plan investments is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 8, notes receivable from participants and the supplemental schedule related to the Plan's investments.

Enerfab, Inc 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by the Plan's Trustee (Continued)

The trustee also certified the completeness and accuracy of \$6,848,282 of net appreciation in fair value of investments, \$1,156,476 of dividend and interest income related to investments, and \$16,148 of interest income from notes receivable from participants for the year ended December 31, 2019.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth in ERISA. In the event of Plan termination, participants become fully vested and the net assets will be distributed to participants and beneficiaries in proportion to their respective account balances.

Note 5. Income Tax Status

The Plan adopted a volume submitter plan document sponsored by the trustee, AdvisorTrust Inc. The volume submitter plan document provider has obtained an opinion letter dated November 30, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan sponsor believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by tax jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations by tax authorities for years before 2016.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Related Party and Party In Interest Transactions

The Plan invests in a money market fund of Charles Schwab. Charles Schwab Bank's Business Trust Division is a sub-custodian. Therefore, these transactions and fees earned by them, qualify as party-in-interest transactions. AdvisorTrust, Inc. is the trustee of the Plan. Fees paid by the Plan for trustee services provided by AdvisorTrust, Inc. qualify as party-in-interest transactions and amounted to \$143,361 for the year ended December 31, 2019.

Enerfab, Inc 401(k) Plan

Notes to Financial Statements

Note 8. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual and money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust fund: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Enerfab, Inc 401(k) Plan

Notes to Financial Statements

Note 8. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2019 and 2018, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

	2019			
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 47,855,764	\$ -	\$ -	\$ 47,855,764
Common/collective trust ^(a)				306,359
Total investments at fair value				\$ 48,162,123

	2018			
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 37,902,913	\$ -	\$ -	\$ 37,902,913
Common/collective trust ^(a)				436,780
Total investments at fair value				\$ 38,339,693

^(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2019 and 2018.

Investment	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Restrictions	Redemption Notice Period
	2019	2018				
Common/collective trust	\$ 306,359	\$ 436,780	N/A	Daily	None	Daily

Note 9. Subsequent Events

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. The full impact of the coronavirus outbreak continues to evolve as of the date of this report; therefore, the extent of any adverse impact to the Plan's participants cannot be predicted at this time.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act, contains specific provision impacting participant loans and distributions.

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 15, 2020, the date the financial statements were available to be issued.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Enerfab, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by AdvisorTrust, Inc., the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Report on Supplementary Information

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's Management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

The financial statements of the Enerfab, Inc. 401(k) Plan as of and for the year ended December 31, 2018, were audited by other auditors whose report, dated September 30, 2019, did not express an opinion on the 2018 financial statements for the same reasons described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2018 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Enerfab, Inc 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Enerfab, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering certain employees of HBH Holdings, Inc. and its wholly owned subsidiaries (collectively the Employer or Plan Sponsor) including Enerfab, Inc. and its wholly owned subsidiaries, Enerfab Process Solutions & Fabricated Products, Inc. and its wholly owned subsidiaries, Complete Services Solutions, LLC and Broadway Electric Service Corporation and its wholly owned subsidiary.

Certain employees who complete three months of service and are age twenty-one or older and non-union employees who are age twenty-one or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2019, the accounts of certain participants whose employment status was moved from WDJ Industrial Group, LLC, a non-participating subsidiary of HBH Holdings, Inc to Enerfab, Inc. The transfer amounted to \$418,526.

During July 2020, the Plan changed its name to HBH Holdings Inc. 401(k) plan.

Contributions: Each year, non-union employees may elect to defer a percentage of their pre-tax annual compensation subject to Internal Revenue Code (IRC) limitations. In addition, the Plan allows Roth contributions using the same criteria. Non-union employees are automatically enrolled into the Plan upon becoming eligible at a rate of 3% unless a different deferral percentage is elected. Non-union employees who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make discretionary matching contributions for non-union employees. In 2019, the matching contributions were equal to 50% of the first 8% of annual pre-tax or Roth contributions a participant made to the Plan. Certain union employees are eligible to receive additional discretionary contributions contributed by the Company. A discretionary contribution in the amount of \$49,213 was made in 2019 on behalf of union employees. Union employees are eligible to receive Company contributions only. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic escalation provision in which deferral percentages of automatically enrolled participants will increase 1% each year up to a maximum deferral percentage of 8%, unless otherwise elected by the participant.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and losses thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Vesting of Company contributions is based on years of service as defined by the Plan document as follows: 20% vesting with two years of service, increasing at 20% per year until full vesting is achieved with six years of service. Employees are fully vested in amounts that they have elected to defer under the 401(k) provisions of the Plan.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans bear interest at an agreed-upon percentage based upon prevailing market rates. Loan terms are for a period not exceeding five years unless such loan is used to acquire a dwelling unit, which within a reasonable time frame (determined at the time the loan is made) will be used as the participant's principal residence. Each loan is collateralized by the vested account balance in the participant's account, up to a maximum of 50%. Principal and interest are paid ratably through payroll deductions. Interest rates on participant loans range from 4.25% to 6.50% as of December 31, 2019. Interest rates on participant loans range from 4.25% to 6.00% as of December 31, 2018.

Payment of benefits: Distributions may generally be made upon the participant's death, disability, retirement or termination of his or her employment with the Company. Additionally, prior to termination from employment, a participant may elect to withdraw all or a portion of his or her vested account balance upon reaching age 59½. The Plan allows hardship distributions if certain financial requirements are satisfied. Benefits shall be paid to participants in the form of lump sum payments upon termination of employment.

Forfeited accounts: Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses incurred by the Plan. The portion of the forfeiture account that is not used to pay administrative expenses will be used first to restore previous forfeitures of re-hired participants' accounts and then to offset Company contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$69,239 and \$8,662, respectively. In 2019, expenses totaling \$50,833 were paid with forfeited accounts.

Rollovers: The Plan allows rollovers received by a participant as a distribution from another qualified plan after approval from the Plan sponsor. Participants are fully vested in these amounts.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's participant directed investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The change in the difference between market value and cost of investments is reflected as net appreciation/depreciation in the fair value of investments in the periods in which such changes occur.

Note 2. Summary of Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Contributions: Participant contributions are recognized when earned. Employer matching and profit sharing contributions are recognized concurrently with participant contributions.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Other administrative expenses paid by the Plan include recordkeeping and third-party administrator fees.

Recent accounting pronouncements: In August 2018, the FASB issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*, based on the concepts in the FASB Concepts Statement, including consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.

The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Plan adopted this Update for the removal, modification or addition of certain fair value measurement disclosures presented in the financial statements.

Note 3. Information Certified by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2019 and 2018 and for the year ended December 31, 2019 was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to Plan investments is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 8, notes receivable from participants and the supplemental schedule related to the Plan's investments.

Enerfab, Inc 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by the Plan's Trustee (Continued)

The trustee also certified the completeness and accuracy of \$6,848,282 of net appreciation in fair value of investments, \$1,156,476 of dividend and interest income related to investments, and \$16,148 of interest income from notes receivable from participants for the year ended December 31, 2019.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth in ERISA. In the event of Plan termination, participants become fully vested and the net assets will be distributed to participants and beneficiaries in proportion to their respective account balances.

Note 5. Income Tax Status

The Plan adopted a volume submitter plan document sponsored by the trustee, AdvisorTrust Inc. The volume submitter plan document provider has obtained an opinion letter dated November 30, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan sponsor believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by tax jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations by tax authorities for years before 2016.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Related Party and Party In Interest Transactions

The Plan invests in a money market fund of Charles Schwab. Charles Schwab Bank's Business Trust Division is a sub-custodian. Therefore, these transactions and fees earned by them, qualify as party-in-interest transactions. AdvisorTrust, Inc. is the trustee of the Plan. Fees paid by the Plan for trustee services provided by AdvisorTrust, Inc. qualify as party-in-interest transactions and amounted to \$143,361 for the year ended December 31, 2019.

Note 8. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual and money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust fund: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2019 and 2018, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

	2019			
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 47,855,764	\$ -	\$ -	\$ 47,855,764
Common/collective trust ^(a)				306,359
Total investments at fair value				\$ 48,162,123

	2018			
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 37,902,913	\$ -	\$ -	\$ 37,902,913
Common/collective trust ^(a)				436,780
Total investments at fair value				\$ 38,339,693

^(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2019 and 2018.

Investment	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Restrictions	Redemption Notice Period
	2019	2018				
Common/collective trust	\$ 306,359	\$ 436,780	N/A	Daily	None	Daily

Note 9. Subsequent Events

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. The full impact of the coronavirus outbreak continues to evolve as of the date of this report; therefore, the extent of any adverse impact to the Plan's participants cannot be predicted at this time.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act, contains specific provision impacting participant loans and distributions.

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 15, 2020, the date the financial statements were available to be issued.
