All employees 21 years of age or older, except members of a collective bargaining unit and non-resident aliens with no U.S. source income, who have completed at least one month of service with the Company, as defined by the plan document, are eligible to participate. Eligible employees may enter the Plan on the first day of each calendar month coinciding with or following the completion of the eligibility requirements. Upon enrollment in the Plan, a participant may direct Company and participant contributions to any combination of available investment options.

Contributions

Participants may contribute up to 100 percent of annual compensation (salary reduction contributions) in the form of pre-tax and Roth contributions, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). An eligible employee that has not made an affirmative election regarding Plan participation is automatically enrolled into the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of pretax annual compensation and their contributions are invested into a designated fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company, at its sole discretion, may make a matching contribution to accounts of participants employed as of the end of the Plan year. The Company does not intend to make any matching contributions to the Plan. During the year ended December 31, 2019 the Company made a $530 qualified non-elective contribution to the Plan. Company contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100 percent vested in their salary reduction and rollover contributions, plus actual earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the plan document, are considered 100 percent vested. Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Years of Service	Percentage
0-1	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6+	10 0%

Forfeited Accounts

There were no forfeited non-vested accounts as of December 31, 2019 or 2018. These accounts would be used to reduce future Company contributions or administrative expenses of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Each participant is allowed to have only two loans outstanding at any time. These loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 6.50 percent at December 31, 2019, which are commensurate with local prevailing rates at inception of the loan as determined quarterly by the plan administrator. Principal and interest is paid ratably through regular monthly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. The Plan provides for normal retirement at age 65, but not before the fifth anniversary of a participant's entry date. In addition, the Plan allows for hardship distributions if certain criteria are met.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the report amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan (the Custodian). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2019 and 2018. Accordingly, the Custodian has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, the supplementary Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018:

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year-end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy.

The Custodian's short-term trading policy permits a participant a maximum of two exchanges per calendar month. After the exchange limit, participants may move 100 percent of their account to the money market fund where it must remain for 30 days. Trading can resume only once the 30 days have expired. In addition, the Domini Impact Equity Fund has a 30 day holding period and participants are charged a 2 percent fee upon redemption if the holding period is not satisfied. There were no unfunded commitments as of December 31, 2019 and 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
	Total	**Level 1**	**Level 2**	**Level 3**
Pooled separate accounts	$ 19,066,099	$ -	$ 19,066,099	$ -

	Assets at Fair Value as of December 31, 2018			
	Total	**Level 1**	**Level 2**	**Level 3**
Pooled separate accounts	$ 14,683,723	$ -	$ 14,683,723	$ -

5. Administration of Plan Assets

The Plan’s assets are administered under a contract with the Custodian of the Plan. The Custodian invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Related Party and Parties In Interest Transactions

Certain Plan investments are managed by the Custodian, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by management or employees of the Company. No management personnel or employee receives compensation from the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2019 and 2018, the Plan had investments of $3,857,437 and $2,588,795, respectively, which are concentrated in one fund.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their Company contributions.

9. Tax Status

The Plan adopted provisions of a prototype non-standardized profit sharing plan with CODA maintained by Datair Employee Benefit Systems, Inc. The prototype plan obtained its latest determination letter on March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the prototype plan received the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 9, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization categorized the outbreak of coronavirus (COVID-19) as a pandemic. COVID-19 occurred globally causing significant fluctuations in financial markets in the U.S. and internationally. The extent of the impact on the Plan's net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID-19 outbreak and any other further economic developments. Plan management is unable at this time to estimate the full impact on the Plan's financial statements.

In response to COVID-19, the United States Congress passed the Coronavirus Aid, Relief and Economic Security (CARES) Act to provide expanded access to retirement plan accounts. The Plan did not adopt any provisions under the CARES Act.
