Independent Auditor's Report

To the Plan Administrator of the
Dassault Systemes Americas Corp. Employee Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dassault Systemes Americas Corp. Employee Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits in liquidation as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits in liquidation for the years then ended, the statements of accumulated plan benefits as of December 31, 2019 and January 1, 2019, the related statements of changes in accumulated plan benefits for the year and period then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by First State Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule of Reportable Transactions for the year ended December 31, 2019 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Emphasis of Matter – Plan Termination

As further discussed in Notes A and H to the financial statements, the Board of Directors of Dassault Systemes Americas Corp. adopted a resolution on December 31, 2018 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has presented its financial statements using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DASSAULT SYSTEMES AMERICAS CORP. EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following brief description of the Dassault Systemes Americas Corp. Employee Retirement Plan (the "Plan") is provided for general information only. Participants should refer to the Plan Document for more complete information.

General

Dassault Systemes Americas Corp. Retirement Plan is a defined benefit pension plan which covers eligible employees of Dassault Systemes Americas Corp (the "Company"). The Plan is funded through a trust fund which receives Company contributions, invests Plan assets, and disburses pension benefits in accordance with the Trust Agreement.

Effective April 1, 1998, the Plan was expanded to include employees of Enovia Corporation, a former division of IBM Corporation that was acquired by Dassault's parent company. All employee service, including pre-acquisition Enovia service, is counted in determining DSA Benefits for those Enovia employees who elected to transfer their IBM Plan accrued benefits to the DSA Plan. Those Enovia employees who elected not to transfer their IBM Plan accrued benefits are treated as any other new participants would be under the DSA Plan. Effective December 31, 2005, Enovia Corporation merged into Dassault Systemes Americas Corp. Effective January 1, 2009, employees hired or rehired after December 31, 2008, shall not commence or recommence participation in the Plan. Effective December 31, 2011, the Plan was amended to provide that no employees participating in the Plan shall accrue additional benefits.

The Plan provides for normal retirement (the later of age 65 or the fifth anniversary of the commencement of participation in the Plan), early retirement, disability and death benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2018, the Board of Directors adopted a resolution to terminate the Plan and thereafter distribute benefits in the form of lump sum payments or annuity contracts. As further discussed in notes H and J, the plan transferred the remaining assets to Principal Financial Group as part of an annuity purchase and to Dassault Employees Savings Plan Plus in the form of plan transfers. The last of the Plan's assets were transferred out on December 17, 2019 and the plan ceased to exist as of this date.

Funding Policy

Contributions to provide benefits under the Plan are made by the Company based upon amounts determined by the consulting actuary. It is the Company's policy to comply with the minimum funding requirements of ERISA, and such policy has been complied with for the years ended December 31, 2019 and 2018.

Retirement Dates

A participant's normal retirement age is the later of attainment of age 65 or the fifth anniversary of the date the participant commences participation in the Plan. The Plan permits early retirement at age 55 provided the participant has been credited with 10 or more years of service.

DASSAULT SYSTEMES AMERICAS CORP. EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Benefits

Normal retirement benefits are \$195 for each year of credited service, as defined by the Plan, through December 25, 1984 plus 1.5% of excess pay, as defined by the Plan, plus 1% of final average compensation, as defined by the Plan, for each year of credit service after December 25, 1984. If a participant elects early retirement, they shall receive an actuarially reduced benefit.

The normal form of a benefit payment is an annual benefit, payable in monthly amounts, for life. If the participant is married the form of payment will be an actuarially equivalent 100% qualified joint and survivor annuity. Actuarially equivalent optional forms of annuities may be elected by participants in lieu of the normal form of payment. If an active participant dies after becoming vested, the surviving spouse will be paid an annuity equal to the participant's accrued benefit, as defined by the Plan.

All benefits are subject to the limitations prescribed by the Internal Revenue Code which includes provisions that limit the amount of retirement income which may be paid to an individual participant.

Vesting

Prior to the vote to terminate the Plan, all participants were 100% vested in their benefits upon attaining five years of service. Effective December 31, 2018, all participants became 100% vested as a result of the decision to terminate the Plan.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

As a result of the termination of the Plan, the Plan's financial statements have been prepared using the liquidation basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

DASSAULT SYSTEMES AMERICAS CORP. EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Employer Contributions

The benefits provided in this Plan are funded by contributions made by the employer to the trust determined pursuant to actuarial assumptions selected by the Company and, in the opinion of the Plan actuary, are designed to fund the Plan's benefits on a sound actuarial basis. In addition, these contributions are sufficient to satisfy the Plan's minimum funding requirements under ERISA for the Plan year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid to participants.

Plan Expenses

All administrative expenses of the Plan are paid by the Plan to the extent they are not paid by the Company.

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee compensation and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock and U.S. treasury obligations – Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate and Municipal obligations – Valued as determined by pricing vendors using observable inputs.

Commingled funds – Valued by management at net asset value of the Plan's ownership in partners' capital or at net asset value as reported in the audited financial statements by the investment manager. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

D. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS:

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits, as determined by the plan actuary, is based on information provided by the administrator, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payments.

The more significant assumptions underlying the actuarial computations used in the valuation as of January 1, 2019 are as follows:

Discount rate	6%
Mortality basis	RP-2014 without collar adjustments projected back to 2006 with scale MP-2014 using projection scale MP-2017 for 2019 and 2018, respectively.

E. TAX STATUS:

The Plan has received a favorable determination letter dated June 3, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter, however, the administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The IRS has determined and informed the Company in a letter dated September 26, 2019 that the termination of the Plan does not affect the tax-exempt status of the Plan.

DASSAULT SYSTEMES AMERICAS CORP. EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by First State Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2019 and 2018, and the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2019.

G. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by First State Trust Company given rise to party-in-interest transactions.

H. PLAN TERMINATION:

Effective December 31, 2018, the Board of Directors adopted a resolution to terminate the Plan. The plan was fully liquidated by December 31, 2019. Participants who had not commenced benefit payments were given the opportunity to receive a lump sum distribution during an election period. On April 12, 2019, the Plan entered into a contract with Principal Life Insurance Company to transfer assets and liabilities associated with the annuitant participants that were receiving a recurring benefit from the Plan or who had not made an election to receive a lump sum. On April 12, 2019, the Plan transferred \$32,130,202 to the Principal Life Insurance Company.

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 14, 2020, the date these financial statements were available for issuance.

J. TRANSFER TO RELATED PLAN:

As part of the plan termination, the Plan transferred \$10,979,038 to the Dassault Systems Employee Savings Plan Plus. Of this total, \$7,704,033 were rollovers of lump sum distributions elected by participants who had not commenced benefits. \$3,275,005 in excess funding was transferred to the Dassault Systems Employee Savings Plan Plus' forfeiture account.
