NOTE A - PLAN DESCRIPTION

The following description of the Jamestown Container Corporation Deferred Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Jamestown Container Corporation (the Plan sponsor) established the Jamestown Container Corporation Deferred Savings Plan (Plan) effective as of October 1, 1990 for the benefit of its employees who are eligible in accordance with the terms of the Plan. It is a defined contribution profit sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is funded through a trust established by the sponsor. The Board of Directors is responsible for oversight of the Plan. They determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The Plan has also been adopted by Western Container Sales Corporation effective October 1, 1990, as well as Jamestown Container of Rochester, Inc. effective March 8, 1994, Jamestown Container of Cleveland, Inc. effective August 5, 1997, and H.P. Neun Company, Inc. effective May 14, 2016. Each of these corporations is a member, along with the Plan sponsor, of a controlled group of corporations as defined in section 414(b) of the Internal Revenue Code of 1986 that includes the sponsor.

Eligibility

Each employee becomes eligible on the first day of the calendar month that follows or is coincident with the later of (1) the employee's satisfaction of the eligibility requirements (non-union, 21 years of age) and (2) the 30th day after the employee's date of hire.

Contributions

Eligible participants may choose to defer up to the maximum percentage allowable, not to exceed the limits defined by the Internal Revenue Code Section 401(k), 402(g), 404 and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 25 percent of the first 6 percent of base compensation that a participant contributes to the Plan. Additionally, the Plan sponsor may also make a discretionary contribution on an annual basis.

NOTE A - PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is vested at a rate of 20 percent each year after two years of credited service, and is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1 percent above the prime rate, as defined by the Plan document. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service, participants will receive a lump-sum distribution of the amount equal to the vested interest in their account.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $42,697 and $26,802, respectively. These accounts will be used to pay reasonable expenses of the Plan and reduce future employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, for Department of Labor Form 5500 purposes the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Capital Bank and Trust Company (the custodian of the Plan).

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Registered investment company funds: Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	*Level 2*	*Level 3*	*Total*
Registered investment company funds	$ 22,816,214	$ -	$ -	$ 22,816,214

	Investments at Fair Value as of December 31, 2018			
	Level 1	*Level 2*	*Level 3*	*Total*
Registered investment company funds	$ 19,031,664	$ -	$ -	$ 19,031,664

NOTE E - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Plan investments were invested in funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than direct payment. Direct fees paid in 2019 and 2018 by the Plan for administrative services amounted to $12,904 and $9,472, respectively.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE G - TAX STATUS

The IRS has determined and informed the Company by a letter dated April 15, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC), and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 23,282,462	$ 19,426,088
Less: Cumulative deemed distributions of participant loans	(9,680)	(10,039)
Net assets available for benefits per the Form 5500	$ 23,272,782	$ 19,416,049

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2019, to Form 5500:

Benefits paid to participants per the financial statements	$ 1,926,320
Add: Current year effect of deemed distributions of participant loans	(9,680)
Less: Prior year effect of deemed distributions of participant loans	10,039
Benefits paid to participants per Form 5500	$ 1,926,679

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

Participant loans in default are deemed distributed and reported on Form 5500, however they are still considered outstanding loans and are not reported as distributions for financial statement reporting.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

The COVID-19 outbreak in the United States has resulted in a number of challenges and uncertainties for companies world-wide, which in some cases have resulted in large and unanticipated declines in the fair value of investments. If this situation persists, it is possible it could have a material impact on the fair value of the investments held by the Plan.
