WM. A. STRAUB, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(1) Plan Description

The following description of WM. A. Straub, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan, which was established January 1, 2010 and subsequently amended, is a defined contribution and 401(k) plan covering substantially all employees of WM. A. Straub, Inc. 401(k) Plan (the "Company") who meet the eligibility provisions of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective August 9, 2018, the Company acquired Midtowne Market, LLC. The plan sponsored by Midtowne Market, LLC was terminated and participants' funds were transferred into the Plan. The amount that was transferred into the Plan in 2018 was $2,266,386 and is reflected as transfers in on the statements of changes in net assets available for benefits.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan, not to exceed the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company will make safe harbor contributions defined as 100% of the first 4% of compensation that a non-union participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. Union employees are not eligible to share in the Company's safe harbor matching contributions. Union employees' eligibility for participation in elective deferrals and other Company matching contributions are determined in each union's collective bargaining agreement. Participants direct the investment of the contributions into various investment options offered by the Plan.

Eligible Participants

Non-union employees are eligible to participate in the Plan if they have completed six months of service and are at least 18 years of age. Union employees are eligible to participate in the Plan if they have completed one year of service and are at least 21 years of age.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Company's contributions, and (c) Plan earnings and appreciation. Each participant's account is charged with (a) any withdrawals or distributions, (b) Plan losses and depreciation, and (c) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals, employer safe-harbor contributions, and rollover and transfer contributions, plus or minus actual earnings or losses thereon.

(Continued)

(1) Plan Description (Continued)

For employer discretionary profit-sharing and matching contributions to the Plan, participants will vest as follows:

Years of Service	Vesting Percentage
Less than two	0 %
Two	20 %
Three	40 %
Four	60 %
Five	80 %
Six or more	100 %

Participants are also fully vested in employer discretionary profit-sharing contributions upon the attainment of normal retirement age, retirement due to disability, death, or the termination of the Plan.

Participants are considered to have completed one year of service upon the completion of 1,000 hours of service at any time during the employment year.

Forfeited Plan Assets

If a participant forfeits any unvested balances in his/her account, the forfeited assets are used to reduce future employer contributions. Forfeitures used to reduce employer contributions for the years ended December 31, 2019 and 2018 were immaterial.

Participant Loans

Subject to provisions under the Plan, participants may borrow from the Plan an amount which does not exceed the lesser of $50,000 or 50% of the present value of the participant's vested benefit under the Plan. Loans, which are secured by the balance in the participant's account, bear interest at the Prime rate plus 1%, and have terms which range from 12 to 60 months. Principal and interest are paid ratably through weekly payroll deductions.

Retirement and Terminations

In the case of normal retirement or retirement due to permanent disability or death, participants or their designated beneficiaries will receive the value of their vested benefits, in accordance with the provisions of the Plan, in a lump-sum distribution.

In the case of termination of an employee, the participant may request early payment of the vested benefit by submitting a written request to the plan administrator. The portion of the terminated participant's account balance that is not vested is forfeited and remains in the Plan to reduce future employer contributions.

(Continued)

(1) Plan Description (Continued)

In-Service Distributions

The Plan allows for in-service distributions upon the attainment of the age of 59 1/2.

Hardship Withdrawals

The Plan allows for hardship withdrawals, as defined in the Plan, that are limited to the amount needed to meet the financial need. If a participant receives a hardship withdrawal, he/she is still eligible to participate in employer contributions to the Plan, but the participant's right to make elective deferrals will be suspended for six months. These withdrawals may not be recontributed to the Plan and may be subject to income tax and penalties. Effective January 1, 2019, the plan was amended to remove the six month restriction on participant's elective deferrals after a hardship withdrawal.

Administration

All assets of the Plan are held and managed by Principal Trust Company ("Principal").

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Participant Loans

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). The fair value of the Plan's other financial instruments approximate their carrying amounts, either because the expected collection or payment period is relatively short or because the terms are similar to market trends. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

(2) Summary of Significant Accounting Policies (Continued)

Investment Risk

Participants in the Plan assume all adverse investment risk connected with any decrease in value of plan assets, and such assets are the sole source of payments under the Plan.

Administrative Expenses

It is the policy of the Plan that certain administrative expenses pertaining to the Plan be paid by the Plan, except for the fees of the independent auditor issuing the accompanying report, which are paid by the Company.

Subsequent Events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through the date of the independent auditor's report (see Note 11), which is the date the financial statements were available to be issued.

(3) Transactions with Parties-In-Interest

The Plan is administered by the Company. Employees of the Company serve as trustees and administrators of the Plan and participate in the Plan. The Plan pays for all administrative expenses related to the Plan, except for the fees of the independent auditor issuing the accompanying report. All investment funds are managed by Principal.

(4) Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), a guideline is provided for measuring fair value under generally accepted accounting principles. The topic establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted prices in active markets for similar assets, quoted prices in inactive markets for similar assets, or inputs that are observable or can be corroborated by observable market data or other means for substantially the full term of the asset; and Level 3 inputs have the lowest priority and are based on prices or valuation techniques that are unobservable and not corroborated by market data. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when an active market comparable is not available and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of registered investment companies are based on quoted market prices.

(Continued)

(4) Fair Value Measurements (Continued)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits as follows:

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices In Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
December 31, 2019				
Registered investment companies	$ 4,623,258	$ 4,623,258	$ -	$ -
December 31, 2018				
Registered investment companies	$ 3,795,820	$ 3,795,820	$ -	$ -

The Plan enters into pooled separate accounts with Principal, which are valued at net asset value, which serves as a practical expedient to estimate the fair value of a pooled separate account. The net asset value, which is not publicly quoted, is based upon quoted market prices in active markets for similar assets, quoted prices in inactive markets for similar assets, or inputs that are observable or can be corroborated by observable market data or other means.

The Plan's investments measured at fair value utilizing net asset value per share in the accompanying statements of net assets available for benefits are as follows:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2019				
Pooled separate accounts	$ 272,379	N/A	Daily	1 day
December 31, 2018				
Pooled separate accounts	$ 202,673	N/A	Daily	1 day

(5) Fixed Income Account

The Plan enters into fully benefit-responsive fixed income contracts with Principal. Principal maintains the contributions in the general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value approximates fair value for these investments as of December 31, 2019 and 2018. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fixed income contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

(Continued)

(5) Fixed Income Account (Continued)

As described in Note 2, because the fixed income account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed income account.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2019 and 2018 was $203,130 and $192,224, respectively. The crediting interest is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

The fixed income account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(6) Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan Administrator has obtained certification from Principal that the investment and loan balances and their related income as reported in the accompanying financial statements are complete and accurate.

(7) Plan Termination Policies

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of termination of the Plan, the right of all participants to benefits would become 100% vested and nonforfeitable. The amount of the account balance due each participant would be distributed in accordance with the payment provisions of the Plan.

(8) Internal Revenue Service Status

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan was amended subsequent to this date; however, the plan administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(Continued)

(8) Internal Revenue Service Status (Continued)

The Plan accounts for any uncertain tax positions in accordance with the Income Taxes topic of the FASB ASC. The topic prescribes a recognition threshold and measurement process for financial statement recognition of uncertain tax positions taken or expected to be taken in an annual return/report of an employee benefit plan. In evaluating the Plan's tax position, interpretations and tax planning strategies are considered. The Plan believes its tax exempt status is appropriate based on current facts and circumstances.

(9) Risks and Uncertainties

The Plan invests in various securities, including investment contracts with an insurance company. The underlying investments may include corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits (see Note 11).

(10) Subsequent Event

Effective January 1, 2020, the Plan approved an amendment to change the safe harbor matching formula to 100% of the first 3% of compensation, then 50% of the next 2%.

(11) Risk and Uncertainty Due to Subsequent Event

Subsequent to year-end, the World Health Organization declared the COVID-19 virus a worldwide pandemic as the spread of the virus has reached most countries, including the United States. Federal, state, and local governments have taken actions to limit the transmission of this virus, which includes restrictions on travel, dining, and many other non-essential business and consumer activities. The impact of this virus and the government mandated restrictions could have a significant impact on the Plan's investments and the Plan sponsor's future operations. The United States federal government, as well as many state and local governments, are passing stimulus bills to combat the economic impact of the virus. The potential effectiveness of these stimulus bills are currently not known. As of the date of the independent auditor's report, it is unknown what impact the COVID-19 virus will have on the Plan, the Plan sponsor, or the United States and world economy as a whole. The accompanying financial statements do not include any adjustments for these events occurring subsequent to year-end.

The Plan has implemented certain provisions of the CARES Act and the SECURE Act to allow certain eligible individuals to receive coronavirus-related distributions, increase in loan maximum, and delay loan repayments. In addition, all plan participants can suspend required minimum distributions and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and IRS guidance.
