Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in NOTE 5, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (held at end of year) as of December 31, 2019 and 2018, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Emphasis of Matter – Coronavirus

As further discussed in NOTE 11, the Plan is subject to the current economic and health conditions in the United States, including the coronavirus which was designated as a global pandemic by the World Health Organization on March 11, 2020. Management is currently assessing the impact of these conditions and continues to explore various options to minimize the financial impact, however the ultimate outcome is not known as of the date these financial statements were available to be issued. Our opinion is not modified with respect to this matter.

1. DESCRIPTION OF PLAN

The following description of the East Hotel Retirement Plan (the "Plan") provides general information only. The Plan's sponsor is BCC Hospitality Services, LLC (the "Company"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted and became effective on January 1, 2018. The Company established a defined contribution plan covering all full-time employees over 21 years of age who have completed 1,000 hours of service within a 12 consecutive month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("Code").

Plan Administration

The Plan's assets are administered by Automatic Data Processing, Inc. (the "Administrator") and are maintained by Reliance Trust Company (the "Custodian"). The Plan's recordkeeping services and maintenance of participant account records are managed by the Administrator.

Contributions

Contributions under the Plan may be made by both the participants and the Company. Participants may elect to defer their annual salary on a pre-tax or after-tax basis, as defined by the Plan and consistent with the Internal Revenue Service ("IRS") guidelines. The Plan includes an automatic salary deferral provision, equal to 3% of the participant's salary, applied to all participants who on the effective date of the automatic deferral provisions are not deferring any amount. Additionally, participants may rollover or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution). Catch-up contributions are permitted for participants who are 50 or older during the Plan year.

The Company elected to make a Qualified Automatic Contribution Arrangement 401(k) plan ("QACA") enhanced matching contribution for the Plan year. The matching contribution amount is calculated as 100% of the participant's deferral not to exceed 3% of the participant's salary, plus an additional matching contribution of 50% of the participant's deferrals from 3% - 5% of the participant's salary. For the years ended December 31, 2019 and 2018, the Company made matching contributions of $385,439 and $398,611, respectively.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching contribution, if applicable, and the net earnings for the period. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, in accordance with the Plan's vesting schedule.

Participants are immediately fully vested for their voluntary contributions plus actual earnings. When the Company elects to make matching and/or discretionary contributions, that portion of the participant's account balance becomes 100% vested after 2 years of credited service. Participants' vested account balances represent the benefits available to the participants upon retirement, disability, death, or termination from the Company.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the investment fund options including registered investment companies and common/collective trust accounts. Participants may change their investment options at their discretion.

1. DESCRIPTION OF PLAN (CONTINUED)

Benefit Payments and Forfeitures

Distributions of benefits from the Plan may commence upon the participant's death, normal retirement, or termination of employment. Earlier distributions may be made upon the occurrence of certain events specified in the Plan's provisions. Distributions are paid in a lump sum payment or installment payments, depending on the election of the participant. Forfeitures are first used to cover the administrative expenses of the Plan and then to reduce Company contributions. For the years ended December 31, 2019 and 2018, there were forfeitures of $50,069 and $2,406, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

Fair values of financial instruments are estimated using relevant market information and other assumptions, as more fully disclosed in NOTE 4. Fair value estimates involve uncertainties and matters of significant judgment. Changes in assumptions or in market conditions could significantly affect the estimates.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan’s expenses are paid by either the Plan or the Company as provided by the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status

The Plan is exempt from federal income taxes as a qualified plan in accordance with the favorable determination letter issued by the IRS dated July 16, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, accordingly, generally would not incur income taxes or have any unrecognized tax benefits. As a result, the financial statements do not reflect a provision for income taxes. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Since the Plan has only been in effect since January 1, 2018, all periods are subject to income tax examination.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2020, which is the date the financial statements were available to be issued.

3. INVESTMENTS

During the years ended December 31, 2019 and 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $179,035 and ($86,981), respectively.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means; and

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies: Valued at fair value by the Plan at year end at the fund's publicly-quoted price in active markets.

Common/collective trusts: Valued at the fund's net asset value ("NAV") reflecting all investments at fair value, as reported by the fund manager, on the last day of the fund year. The fund's NAV is determined by the bank or entity sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements at Reporting Date Using:		
Description	Fair Value December 31, 2019	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 1,852,375	$ 1,852,375	$ -	$ -
Total assets in the fair value hierarchy	1,852,375	1,852,375	-	-
Investments measured at net asset value (a)	23,503	-	-	-
Total	**$ 1,875,878**	**$ 1,852,375**	**$ -**	**$ -**

		Fair Value Measurements at Reporting Date Using:		
Description	Fair Value December 31, 2018	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 822,663	$ 822,663	$ -	$ -
Total assets in the fair value hierarchy	822,663	822,663	-	-
Investments measured at net asset value (a)	13,655	-	-	-
Total	**$ 836,318**	**$ 822,663**	**$ -**	**$ -**

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5c of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

	December 31, 2019	December 31, 2018
Investments, at fair value:		
Registered investment companies	$ 1,852,375	$ 822,663
Common/collective trust	23,503	13,655
Total investments	**$ 1,875,878**	**$ 836,318**

	Year Ended December 31, 2019	Year Ended December 31, 2018
Investment income (loss):		
Net appreciation (depreciation) of investments	$ 179,035	$ (86,981)
Dividends	72,300	36,463
Total investment income (loss)	**$ 251,335**	**$ (50,518)**

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. PROHIBITED TRANSACTIONS

During the year ended December 31, 2018, participant contributions totaling $96,872 were not remitted timely to the Plan.

The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Company.

Plan management applied the DOL Voluntary Fiduciary Correction Program (the "VFCP") to correct the 2018 delinquent contribution amount of $96,872. The 2018 delinquent contribution amount of $96,872 was corrected in December 2018 under the VFCP. Under this program, the Company has the ability to correct these transactions voluntarily, by restoring the affected participants to the condition they would have been in had the untimely remittances not occurred. These financial statements do not include any adjustments for any potential fines, penalties or interest related to the nonexempt transactions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

	December 31, 2019	December 31, 2018
Net assets available for benefits per the financial statements:	$ 1,875,878	$ 910,200
Less participant contributions receivable	-	23,632
Less employer contributions receivable	-	50,250
Net assets available for benefits per the Form 5500	**$ 1,875,878**	**$ 836,318**

The following is a reconciliation of contributions per the financial statements for the years ended December 31, 2019 and 2018 to the Form 5500:

	Year Ended December 31, 2019	Year Ended December 31, 2018
Total contributions per the financial statements:	$ 1,006,396	$ 990,939
Less participant contributions receivable	-	23,632
Less employer contributions receivable	-	50,250
Add participant contributions	23,632	-
Add employer contributions	50,250	-
Total contributions per the Form 5500	**$ 1,080,278**	**$ 917,057**

10. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company and certain others. Fees paid by the Plan for these services are included in the net appreciation (depreciation) in fair value of investments.

11. SUBSEQUENT EVENTS – COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was enacted on March 27, 2020 in the United States. Due to the recent enactment of this legislation, the Plan has adopted the new rules, which eliminate tax penalties on certain early withdrawals and relax certain rules on loans for those affected by COVID-19. The full impact of the COVID-19 outbreak continues to evolve as of the date of the auditor’s report.
