Report of Independent Auditors

To the Administrator of the Tribune Company Cash Balance Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Tribune Company Cash Balance Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 13, which was certified by The Northern Trust Company, the trustee of the Plan, and State Street Bank and Trust Company, custodian of the Vanguard Federal Money Market fund, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee and custodian as of December 31, 2019 and 2018 and for the years then ended, that the information provided to the plan administrator by the trustee and custodian are complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Tribune Company Cash Balance Pension Plan

Notes to Financial Statements

December 31, 2019 and 2018

1. Formation and Description of the Plan

The following brief description of the Tribune Company Cash Balance Pension Plan (the “Plan”) is provided for general information purposes. Participants should refer to the Plan document and related amendments for more complete information. On July 16, 2014, Tribune Company amended and restated its certificate of incorporation and changed its name to Tribune Media Company (the “Company”).

General

The Plan is a defined benefit pension plan originally established effective September 1, 1938 to provide retirement benefits to employees of The Times Mirror Company (the “Legacy Times Mirror Plan”). Effective December 23, 2002, the Tribune Company Employees’ Pension Plan (the “Legacy Tribune Plan”) was merged into the Plan, and the Plan was renamed the Tribune Company Pension Plan. Effective June 30, 2007, the Baltimore Sun Pension Plan for Guild Employees was merged into the Plan (the “Guild Plan”). Effective January 1, 2008, the Plan was amended and restated to provide “cash balance” benefits to eligible employees and renamed the Tribune Company Cash Balance Pension Plan. Effective December 31, 2009, the Plan was amended to freeze participation and benefits earned under the cash balance portion of the Plan.

On December 9, 2013, Tribune Company filed a registration statement on Form 10 with the U.S. Securities and Exchange Commission for the purpose of effecting the separation of its principal publishing operations (the “Publishing Spin-Off”) into an independent company, Tribune Publishing Company (“Tribune Publishing”) (formerly tronc, Inc.). The Publishing Spin-Off was consummated on August 4, 2014 and the Company retained sponsorship of the Plan. Under the terms of the Plan, on August 4, 2014, all Tribune Publishing employees who were participants in the Plan, were considered as having separated from service and became fully vested in their accrued benefits under the Plan. As such, although the Plan is frozen, Tribune Publishing participants are eligible to take a distribution, subject to the terms and conditions of the Plan.

Effective March 15, 2016, the Company entered into an agreement with Transamerica Retirement Solutions, LLC (“TRS”) to provide administrative, retiree payment and custody services for the Plan. On March 24, 2016, the Company entered into a custody agreement with State Street Bank and Trust Company (“State Street”) and TRS. This agreement allows State Street to act as custodian for certain plan assets which are invested in the Vanguard Federal Money Market fund, so that TRS can make benefit payments for the Plan.

On November 30, 2018, the Company entered into an Agreement and Plan of Merger (the “Nexstar Merger Agreement”) with Nexstar Media Group, Inc. (“Nexstar”) and Titan Merger Sub, Inc. (the “Nexstar Merger Sub”) providing for the acquisition by Nexstar of all of the outstanding shares of the Company’s Class A common stock and Class B common stock by means of a merger of Nexstar Merger Sub with and into the Company, with the Company surviving the merger as a wholly owned subsidiary of Nexstar (the “Nexstar Merger”). The Nexstar Merger was consummated on September 19, 2019.

The Plan is sponsored by the Company and currently has four components:

1. The Legacy Times Mirror Plan component, which was frozen effective December 31, 2005 for all participants other than participants employed by Newsday, Inc. (“Newsday”), and was frozen effective March 31, 2006 for participants employed by Newsday, except for Newsday union employees who were members of the Communications Workers of America (“CWA”) union for whom benefits were frozen on December 31, 2006.

Notes to Financial Statements

December 31, 2019 and 2018

2. The Legacy Tribune Plan component, which was frozen December 31, 1998.
3. The Guild Plan component, which provides benefits to eligible employees at The Baltimore Sun who were members of the Washington-Baltimore Newspaper Guild, was closed to new participants effective June 24, 2003 and was frozen with respect to future benefit accruals effective August 31, 2003.
4. The Tribune Company Cash Balance Pension Plan component, which provided cash balance benefits in the form of an annual allocation equal to 3% of eligible compensation on and after January 1, 2008 to eligible employees of Tribune Company and its participating subsidiaries and was frozen effective December 31, 2009. Participants in the cash balance portion of the Plan have their benefits determined as the sum of (a) their benefit, if any, as of December 31, 2007 under the other components of the Plan as then in effect, plus (b) their benefit, if any, determined under the cash balance component of the Plan for service from January 1, 2008 through December 31, 2009.

The Plan is subject to the provisions of ERISA and was administered by the Tribune Media Company Employee Benefits Committee (the "Tribune Committee") consisting of Company employees who were appointed by the Board of Directors or by the Chairman of the Tribune Committee. Upon the consummation of the Nexstar Merger, the Tribune Committee was dissolved and, effective September 19, 2019, a committee selected by Nexstar assumed responsibilities for governance of the Plan.

Prior to the freezing of the cash balance portion of the Plan, eligible employees of the Company and its participating subsidiaries were generally eligible for benefits under that portion of the Plan after reaching age 21 and completing one year of service, which is 1,000 hours or more of service within the relevant 12-month period.

Participants are fully vested in their cash balance benefits if they have three years of service or attain age 65 while employed. Participants who previously earned benefits under the Legacy Times Mirror Plan component of the Plan are fully vested if they were employed by The Times Mirror Company ("Times Mirror") or an affiliate on June 12, 2000 and, if not so employed, generally if they have five years of service or attain age 65 while employed. Participants who previously earned benefits under the Legacy Tribune Plan component of the Plan are fully vested if they were employed by the Company or an affiliate on December 31, 1998 or, if not so employed, generally if they have five years of service or attain age 65 (or, if later, participate in the Legacy Tribune Plan component of the Plan for five years) while employed; or attain age 55 and have at least 10 years of service while employed. Participants who previously earned benefits under the Guild Plan component of the Plan are fully vested generally if they have five years of service, attain age 65 while employed, or attain age 55 and have 15 years of service while employed.

Benefits under the cash balance component of the Plan are payable upon termination of employment in a 50% joint and survivor annuity for married participants or a single life annuity for unmarried participants, unless the participant (with spousal consent if married) elects an available optional form of payment, including a lump sum benefit.

Participants who accrued benefits under the Legacy Times Mirror Plan component of the Plan, the Legacy Tribune Plan component of the Plan, or Guild Plan component of the Plan, continue to be eligible to receive those benefits in accordance with the terms of those components.

Chapter 11 Reorganization

On December 8, 2008, Tribune Company and 110 of its direct and indirect wholly owned subsidiaries (collectively, the “Debtors”), filed voluntary petitions for relief under chapter 11 (“Chapter 11”) of title 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware (the “Bankruptcy Court”). On December 31, 2012, a plan of reorganization for the Debtors became effective and the Debtors emerged from Chapter 11. Pursuant to the Debtors plan of reorganization, the Plan has been assumed by the applicable reorganized Debtor.

Pension Benefits Coordinated With Times Mirror ESOP Benefits

Certain participants who were formerly employees of The Times Mirror Company, the Los Angeles Times, Matthew Bender & Company, Inc., Achieve Global, Inc., The Morning Call, Inc., Newsday and Times Mirror Magazines, Inc. have accounts in the Tribune Company 401(k) Savings Plan or the Tribune Company Defined Contribution Retirement Plan that hold investments attributable to The Times Mirror Employee Stock Ownership Plan (the “Times Mirror ESOP”).

Benefits under the Times Mirror ESOP are coordinated with the applicable Plan benefits. Under this arrangement, a participant receives a pension benefit equal to the greater of his applicable benefit amount or the annuity equivalent of the participant’s Times Mirror ESOP account. The participant can receive the total benefit amount by transferring his Times Mirror ESOP account balance to the Plan or the participant can elect to receive the Times Mirror ESOP benefit as a lump-sum distribution and receive his or her applicable pension benefit reduced by the annuity equivalent of the distributed Times Mirror ESOP account. If a participant does not affirmatively elect to receive his or her Times Mirror ESOP account balance as a lump sum distribution, his Times Mirror ESOP account balance will automatically be transferred to the Plan in accordance with procedures established by the administrator of the Times Mirror ESOP. Amounts transferred in 2019 and 2018 are reported in Transfers from Tribune Company defined contribution plans on the Statements of Changes in Net Assets Available for Benefits.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation

Investments of the Plan, which include the corporate and government securities separate account, are stated at fair value which is based on quoted prices of the securities on the last business day of the Plan year as reported by the respective custodians. Real estate separate account investments are stated at fair value, based on future principal or rental receipts and interest payments, or residual values discounted at an appropriate interest rate. Unallocated insurance contracts are stated at contract value, which includes amounts invested (net of withdrawals) plus reinvested earnings and approximates fair value.

Tribune Company Cash Balance Pension Plan

Notes to Financial Statements

December 31, 2019 and 2018

The Plan's investment in the registered investment company is stated at fair value, which is based on quoted prices of the securities on the last business day of the Plan year.

The Plan's investments in the Tribune Company Master Trust for Pension Plans (the "Master Trust"), which was established for the investment of assets of the Plan and other Company-sponsored pension plans, are stated at fair value.

The Plan's interest in the Master Trust is determined by The Northern Trust Company (the "Trustee") on a monthly basis based on the beginning market value of the Plan's interest plus contributions minus benefit payments which equals the adjusted balance. The Plan's adjusted balance is divided by the total adjusted balance of the Master Trust to determine the Plan's percentage interest in the Master Trust.

The fair values of the underlying investments in the Master Trust, shown in Note 8, are based upon published market quotations or fair value as determined by the Trustee. Fair values of investments in the Master Trust not having an established market are developed by reference to quoted market values and other financial data pertaining to investments of a similar nature, quality, and yield, as determined by the Trustee. Refer to Note 9 for fair value measurements.

Income Recognition

The Plan presents the net appreciation or depreciation in fair value of investments, which includes the realized gains or losses, and the unrealized appreciation or depreciation on those investments, in the Statements of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those future periodic payments, including lump-sum distributions that are attributable, under the Plan provisions, to the service that employees have rendered as of the benefit information date. Accumulated benefit obligations include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) present employees or their beneficiaries and (c) beneficiaries of employees who have died.

The present value of accumulated plan benefits under the Plan was calculated by the Plan's actuary as of January 1, 2019 and 2018, and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Had the valuations been performed as of December 31, there would be no material difference.

The significant actuarial assumptions used in these valuations were:

- Discount rate – 4.20% and 3.55% per annum at December 31, 2018 and 2017, respectively.
- Mortality - Based on the Pri-2012 Mortality Table with Generational Projections using scale MP 2019 and the RP 2014 Mortality Table with Generational Projections using scale MP 2018 published by the Society of Actuaries' Retirement Plans Experience Committee for December 31, 2018 and 2017, respectively.
- Retirement age - Varying between ages 55 and 70.

Tribune Company Cash Balance Pension Plan

Notes to Financial Statements

December 31, 2019 and 2018

These actuarial assumptions are based on the assumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits.

Benefit Payments

Benefit payments are recorded when paid. Benefit claims that had been processed and approved for payment prior to December 31, but not yet distributed as of that date are shown as a liability on the Form 5500. At December 31, 2019 and 2018, there were no benefit claims that were processed and approved for payment that had not been distributed.

Administrative Expenses

Administrative fees are paid by the Plan. Administrative expenses relating to the Master Trust are allocated to the individual plans based upon average balances invested by each plan.

Derivative Instruments

On behalf of the Plan, certain investment managers are authorized to use derivative financial instruments in accordance with established guidelines of the investment funds. These investment managers may enter into asset, credit default, cross-currency, interest rate, total return, variance and other forms of swap and/or option agreements to manage the exposures of the Plan to credit, currency, interest rate, commodity, equity and inflation risks. Changes in the fair value of derivative financial instruments are recorded in the Statements of Changes in Net Assets Available for Benefits; therefore, no gains or losses are deferred. At December 31, 2019 and 2018, the fair value of derivative financial instruments held by the Plan was not material. See Note 10 for additional information.

New Accounting Standards

In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), Employee Benefit Plan Master Trust Reporting ("ASU 2017-06")*. ASU 2017-06 relates primarily to the reporting by an employee benefit plan (a plan) for its interest in a master trust. A master trust is a trust for which a regulated financial institution (bank, trust company, or similar financial institution that is regulated, supervised, and subject to periodic examination by a state or federal agency) serves as a trustee or custodian and in which assets of more than one plan sponsored by a single employer or by a group of employers under common control are held. For each master trust in which a plan holds an interest, the amendments in ASU 2017-06 require a plan's interest in that master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. ASU 2017-06 also requires disclosure of the master trust other assets and liabilities on a gross basis and the dollar amount of the plan's interest in each balance. The amendments in ASU 2017-06 are effective for fiscal years beginning after December 15, 2018, with early adoption permitted. Application of these amendments require retrospective application for all periods presented. The Plan adopted ASU 2017-06 as of the year ended December 31, 2019 and it did not have a material impact on the Plan's Statements of Net Assets Available for Benefits or the Plan's Statement of Changes in Net Assets Available for Benefits. The Plan presented more detailed disclosures of its interest in the Master Trust within Note 8 of the financial statements as a result of the adoption.

3. Funding Policy

Company contributions are actuarially determined to provide the necessary assets to pay benefits to Plan participants. Such contributions meet the minimum funding requirements of ERISA. The Company may, at its discretion, contribute amounts to the Plan in excess of the minimum funding requirements. The Company has complied with the minimum funding requirements of ERISA in 2019 and 2018.

4. Plan Termination

In the event the Plan terminates, the funds of the Plan shall be used for the benefit of participants or their contingent annuitants under the Plan as of the date of such termination, except that any funds not required to satisfy all liabilities of the Plan shall be returned to the Company. Each participant, contingent annuitant receiving a retirement allowance, or spouse receiving a spousal allowance, shall be entitled to a share in the assets of the Plan available to provide benefits in the manner and to the extent then provided in Section 4044 of ERISA.

Should a termination occur, to the extent unfunded vested benefits exist and the Company is unable to fund these liabilities, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation (the "PBGC") to participants up to specified limitations, as described in ERISA. Whether a participant's accumulated plan benefit will be paid depends on both the priority of those benefits and the level of the benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

5. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits at December 31, 2018 are as follows:

Vested benefits	
Participants currently receiving payments	\$ 1,086,732,033
Other participants	669,869,309
Total vested benefits	1,756,601,342
Nonvested benefits	439,687
Total actuarial present value of accumulated plan benefits	<u>\$ 1,757,041,029</u>

The changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2018 are as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 1,922,270,190
Increase (decrease) during the year attributable to	
Benefits accumulated and other changes	10,762,026
Interest due to the change in discount period	66,431,430
Benefits paid	(102,821,316)
Actuarial assumption changes ⁽¹⁾	(139,601,301)
Net decrease	(165,229,161)
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 1,757,041,029</u>

(1) Actuarial assumption changes include an increase in the discount rate and an update to the mortality table, see Note 2.

6. Insurance Company General and Pooled Separate Accounts

The Plan has insurance contracts with The Prudential Insurance Company of America ("Prudential") and Aetna Life Insurance Company under which plan assets are administered through general and pooled accounts. At the direction of the plan administrator, a portion of the funds can be used to purchase units in the insurance companies' pooled separate accounts. The separate accounts' portfolios may include positions in money market instruments, common stocks, government and corporate bonds and notes and real estate. Certain restrictions exist such that penalties may result from early withdrawal of assets from the insurance company accounts or termination of the contracts. Certain benefit payments to participants or their beneficiaries are made directly by the insurance companies from the funds accumulated under the contracts.

7. Allocated Insurance Contracts

The former News & Sun-Sentinel Company Pension Plan merged with the Plan effective January 1, 1985. The former News & Sun-Sentinel Company Pension Plan had entered into a paid-up group annuity endowment policy with Prudential that was established under a predecessor pension plan. Employees who met eligibility requirements before September 1, 1967 receive, upon retirement, benefits under this policy. Benefit payments to pensioners or their beneficiaries arising from this policy are fully guaranteed by Prudential, and, accordingly, Plan assets do not include the value of this paid-up group policy. The actuarial present value of accumulated Plan benefits does not include benefits payable under this contract. No income was earned under this policy during 2019 or 2018.

The former Sentinel Communications Company Pension Plan (the "former Sentinel Plan") merged with the Plan, effective January 1, 1985. The former Sentinel Plan had entered into a participating group annuity contract with the Massachusetts Mutual Insurance Company ("Massachusetts Mutual"), the cost of which was determined on an actuarial basis, for those former Sentinel Plan participants who were receiving benefits as of March 1, 1978. Benefit payments to pensioners or their beneficiaries arising from this policy are fully guaranteed by Massachusetts Mutual and, accordingly, Plan assets do not include the value of this paid-up group policy. The actuarial present value of accumulated Plan benefits does not include benefits payable under this contract. No income was earned during 2019 or 2018.

The Plan entered into a group annuity contract with Equitable Life Assurance Society of the United States ("Equitable") where funds have been accumulated in an allocated fund. Annuity payments relating to the allocated fund are guaranteed by Equitable and, accordingly, Plan assets do not include the value of this group annuity contract. The actuarial present value of accumulated Plan benefits does not include benefits payable under the contract. No income was earned under this policy during 2019 or 2018.

To facilitate the distribution of benefit payments to pensioners or their beneficiaries, Prudential, Massachusetts Mutual, and Equitable forward their benefit payments to the Trustee who combines such payments with any benefit payments due directly from the Master Trust. The combined benefit payments to pensioners or their beneficiaries, if applicable, are then paid by the Trustee.

8. Interest in Tribune Company Master Trust for Pension Plans (Prepared from Information Certified by the Trustee)

The Master Trust was established for the investment of assets of the Plan and several other Company-sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held principally by the Trustee. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average balances invested by each plan.

The following is a summary of the fair values of nonspecifically identified investments held by the Master Trust at December 31, 2019 and 2018:

9. Fair Value Measurements

Accounting Standards Council ("ASC") Topic 820 "Fair Value Measurements and Disclosures" ("ASC Topic 820") establishes a framework for measuring fair value and expands disclosures about fair value measurements. ASC Topic 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Registered Investment Companies

Registered investment companies consist of investments in mutual funds. Mutual funds are valued based on exchange listed prices, for exchange traded registered investment companies, or the Net Asset Value ("NAV") for open-ended and continuously offered closed-end registered investment companies.

Common/Collective Commingled Trusts

Investments in common/collective trusts are valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common/collective trusts. The underlying assets are valued based on the NAV as provided by the investment account manager or based on pricing from observable market information in a nonactive market. This also includes the US small cap collective trust which holds investments in registered investment companies that are valued based on the quoted sale price of the day. Securities for which no market quotations are readily available (including restricted securities), or for which market quotations have become unreliable, are valued using other significant observable inputs. Fair value of this investment is based on the NAV as a practical expedient.

International Equity Limited Liability Company

The International Equity Limited Liability Company seeks to provide long-term capital growth primarily by investing, under normal circumstances, in equity securities of issuers tied to emerging market countries that have the potential to provide long-term capital growth. Securities are valued based on exchange listed prices. The values of investments for which quotations are not readily available are valued using estimated fair values as determined under policies adopted by the investment fund manager. This investment is classified in Level 2 of the fair value hierarchy.

Fixed Income

Corporate bonds, commercial mortgage-backed and asset-backed securities are generally valued using evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences and are classified in Level 2 of the fair value hierarchy. Government securities consist of investments in treasury securities, municipal bonds, debt securities issued by the government, index-linked government bonds and government mortgage-backed securities. Government bonds not traded on an active market are valued at a price which is based on a compilation of primarily observable market information or a broker quote in a nonactive market, and are classified in Level 2 of the fair value hierarchy.

Real Estate Investment Funds

The fair value of our real estate investment funds is based on the NAV of our ownership interest in the funds. NAV information is received from the investment managers and is primarily determined by using the methods most appropriate for the type of investment, including, but not limited to, the following: forecasts of net cash flows based on analyses of revenue and expenses and anticipated net proceeds from the liquidation of the underlying investments, discounted at prevailing risk-adjusted market rates of interest; comparisons of key performance indicators of relevant industry indices; recent negotiations of comparable investments; and/or independent appraisals by lenders or other third parties, when available. Real estate includes investments in three different real estate funds. Fair value of this investment is based on the NAV as a practical expedient.

Venture Capital and Private Equity Limited Partnerships

Venture capital and private equity limited partnerships are valued by the investment managers on a periodic basis using models that use market, income, and cost valuation methods. The valuation inputs are not highly observable, and these interests are not actively traded on an open market. Private equity and venture capital investments include eight different partnership funds. These investments cannot be redeemed during the contractual life of the funds. Instead, distributions are received through the liquidation of the underlying assets of the funds. Fair value of these investments are based on the NAV as a practical expedient.

(2) Certain common/collective commingled trusts, the international equity limited liability company, real estate, private equity and venture capital limited partnerships that are measured at fair value using the NAV per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts in the table above are intended to permit reconciliation of the fair value hierarchy to the total value of plan assets.

(3) A real estate separate account that is measured at fair value using the NAV per share practical expedient has not been categorized in the fair value hierarchy. The fair value amount in the table above is intended to permit reconciliation of the fair value hierarchy to the total value of plan assets.

(4) Excludes insurance contract of \$25,572,723 measured at contract value.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to net assets available for benefits. There were no transfers between levels during 2019. In 2018, the Plan transferred \$100,299,319 of assets from Level 1 to Master Trust assets measured at NAV as a practical expedient, as assets were transferred from a registered investment company into a commingled investment trust.

10. Derivative Instruments

For investment management purposes, the Plan may hold investments in financial instruments with off-balance sheet risk involving contractual or optional commitments for future settlement. These instruments increase or decrease exposure to market volatility and partially offset exposure to changes in exchange rates and interest rates related to certain of its fixed income investments.

Swap Agreements

Certain investment managers may invest in swap agreements on behalf of the Plan. Swap agreements are bilaterally negotiated agreements between the Plan and a counterparty to exchange or swap investment cash flows, assets, foreign currencies or market-linked returns at specified, future intervals. Swap agreements are privately negotiated in the over the counter market ("OTC swaps") or may be executed in a multilateral or other trade facility platform, such as a registered exchange ("centrally cleared swaps"). On behalf of the Plan, certain investment managers may enter into asset, credit default, cross-currency, interest rate, total return, variance and other forms of swap agreements to manage its exposure to credit, currency, interest rate, commodity, equity and inflation risk. Swaps are marked to market daily based upon values from third-party vendors, which may include a registered exchange, or quotations from market makers to the extent available. Changes in market value, if any, are reflected as a component of Investment Income from Plan Interest in Tribune Company Master Trust for Pension Plans on the Statements of Changes in Net Assets Available for Benefits. Net periodic payments received or paid by the Plan are included as part of Investment Income from Plan Interest in Tribune Company Master Trust for Pension Plans on the Statements of Changes in Net Assets Available for Benefits. Entering into these agreements involves, to varying degrees, elements of interest, credit market and documentation risk. Such risks involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreements may default on its obligation to perform or disagree as to the meaning of contractual terms in the agreements and that there may be unfavorable changes to interest rates.

Interest Rate Swap Agreements

The Plan is subject to interest rate risk exposure in the normal course of pursuing its investment objectives. Because the Plan holds fixed rate bonds, the value of these bonds may decrease if interest rates rise. To help hedge against this risk and to maintain its ability to generate income at prevailing market rates, the investment managers may enter into interest rate swap agreements on behalf of the Plan. Interest rate swap agreements involve the exchange by the Plan with another party for their respective commitment to pay or receive interest on the notional amount of principal.

Option Contracts

Option contracts include options on equities, bonds, currencies, swaps (swaptions), and futures. Options give the owner the right, but not the obligation, to buy or sell an asset at a specified price (strike price) on or until a future date. Investment managers may purchase or write (sell) call and put options. Premiums received from writing options that expire worthless are treated as realized gains. An option writer (seller) bears the market risk of an unfavorable change in the price of the underlying instrument. Purchasing call options increases the Plan's exposure to the underlying instrument, while purchasing put options decreases the Plan's exposure to the underlying instrument. Premiums paid for purchased options that expire worthless are realized losses. The risk associated with purchasing options is limited to the premium paid. The options may be traded on an exchange or over the counter.

The Plan is subject to various netting arrangements with select counterparties ("Master Agreements"). Master Agreements govern the terms of certain transactions, and reduce the counterparty risk associated with relevant transactions by specifying credit protection mechanisms and providing standardization that improves legal certainty. Since different types of transactions have different mechanics and are sometimes traded out of different legal entities of a particular counterparty organization, each type of transaction may be covered by a different Master Agreement, resulting in the need for multiple agreements with a single counterparty. As the Master Agreements are specific to unique operations of different asset types, they allow the Plan to close out and net its total exposure to a counterparty in the event of a default with respect to all the transactions governed under a single agreement with a counterparty. Master Agreements can also help limit counterparty risk by specifying collateral posting arrangements at pre-arranged exposure levels. Under the Master Agreements, collateral is routinely transferred if the total net exposure to certain transactions (net of existing collateral already in place) governed under the relevant Master Agreement with a counterparty in a given account exceeds a specified threshold, which typically ranges from zero to \$250,000 depending on the counterparty and the type of Master Agreement. United States Treasury Bills and U.S. dollar cash are generally the preferred forms of collateral, although other forms of AAA rated paper or sovereign securities may be used.

International Swaps and Derivatives Association, Inc. Master Agreements and Credit Support Annexes ("ISDA Master Agreements") govern OTC financial derivative transactions entered into by the Plan and select counterparties. ISDA Master Agreements maintain provisions for general obligations, representations, agreement, collateral and events of default or termination. Events of termination include conditions that may entitle counterparties to elect to terminate early and cause settlement of all outstanding transactions under the applicable ISDA Master Agreement. Any election to terminate early could be material to the financial statements. In limited circumstances, the ISDA Master Agreement may contain additional provisions that add counterparty protection beyond coverage of existing daily exposure if the counterparty has a decline in credit quality below a predefined level.

11. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 27, 2016, which considered amendments executed through December 23, 2015, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan's ERISA counsel believes that the Plan is designed to comply with, and the Company believes the Plan is currently being operated in material compliance with, the applicable requirements of the IRC and is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's tax exempt status.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

12. Risks and Uncertainties

Plan contributions and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions will occur in the near term and that the effect of such changes would be material to the financial statements and the actuarial present value of accumulated plan benefits.

The Plan holds investment securities and instruments in the Master Trust. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks will occur in the near term and that the effect of such changes would materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

The Master Trust invests in securities with contractual cash flows such as asset-backed securities and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities is sensitive to changes in economic conditions, including real estate value, delinquencies and/or defaults and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

13. Information Certified by the Trustee/Custodian

As of December 31, 2019 and 2018 and for the years then ended, the Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Trustee has certified that the following data included in the financial statements and notes to the financial statements is complete and accurate:

- Plan interest in Tribune Company Master Trust for Pension Plans, Investments in pooled separate accounts, at fair value, and Unallocated insurance contracts, at contract value as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Investment income (loss) from Plan interest in Tribune Company Master Trust for Pension Plans, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2019 and 2018;
- Net appreciation in other investments, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2019 and 2018.

State Street Bank and Trust Company (the "Custodian") has certified that the following data included in the financial statements and notes to the financial statements is complete and accurate:

- Vanguard Federal Money Market fund, presented as Registered investment company in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.

Tribune Company Cash Balance Pension Plan

Notes to Financial Statements

December 31, 2019 and 2018

The Trustee and the Custodian have certified that the investments detailed on Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as of December 31, 2019 is complete and accurate. The investment and related investment activity information included in Notes 8 and 10 have been derived from information certified by the Trustee. The investment and related investment activity information in Note 9 has been derived from information certified by the Trustee and the Custodian. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

14. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds or common stock or units of insurance contracts managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and custodial services amounted to approximately \$184,790 and \$191,053 for the years ended December 31, 2019 and 2018, respectively.

TRS is considered a party-in-interest to the Plan. Fees paid by the Plan for recordkeeping services amounted to \$1,309,704 and \$1,347,693 for the years ended December 31, 2019 and 2018, respectively.

15. Subsequent Events

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States and the world and has caused business disruptions and adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. There is significant uncertainty around the duration and the overall impact on economic and market conditions. The business disruption and declines in financial markets has had and may continue to have a material adverse effect on the Plan's net assets available for benefits and results for 2020. However, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

Due to COVID-19, the Coronavirus Aid Relief, and Economic Security Act ("CARES" Act) was enacted in 2020. Portions of the CARES Act make changes to existing law including relating to the amount and circumstances permitting penalty-free distributions. The administrator of the Plan is currently evaluating the CARES Act to determine if changes to the Plan are necessary as a result.

In September 2020, the Company offered certain terminated vested participants a voluntary, limited time offer to receive their pension benefit in a single lump sum payment or to start a monthly payment, payable as of December 1, 2020. To be eligible for this offer, one must have terminated employment prior to July 1, 2020, remain terminated through December 1, 2020 and have a lump sum value of \$50,000 or less. If one commences benefits, dies or is rehired prior to December 1, 2020, the offer will no longer be valid. The participants eligible to take this limited time offer can submit their elections on or before October 31, 2020. As of October 14, 2020, the date these financial statements were available for issuance, the Plan is unable to reasonably estimate the number of participants who will elect to receive the offer, if any, and the payment option any such participant will take.

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Certification of the AFTAP for the Tribune Company Cash
Balance Pension Plan for the 2019 Plan Year

To: Plan Administrator of Tribune Company Cash Balance Pension Plan (Tribune Company Cash Balance Pension Plan)

Date: September 30, 2019

The Adjusted Funding Target Attainment Percentage (AFTAP) for the Tribune Company Cash Balance Pension Plan for the 2019 plan year is 94.11%.

This certification prospectively supersedes any prior certification(s) for the plan year, effective immediately.

Limitations on accelerated benefit distributions or on benefit accruals could start or stop as a result of this certification. In addition, if an unpredictable contingent event (UCE) occurs or a plan amendment takes effect on or after the date of this certification, the above certified AFTAP should be adjusted to determine whether benefit limitations apply to the UCE benefits or amendment.

In determining the 2019 AFTAP, we have relied on information for **the Tribune Company Cash Balance Pension Plan (as of January 1, 2019, except as otherwise noted). The basis for this information, including the Funding Target, Value of Plan Assets, personnel and plan design information, and actuarial assumptions and methods, will be documented in the forthcoming 2019 valuation report, except as otherwise noted herein:**

- **A Funding Target of \$1,570,639,496. The Funding Target has been determined pursuant to Internal Revenue Code (IRC) §430 without regard to the at-risk rules under IRC §430(i).** The Funding Target has been determined using the 2019 static mortality table for annuitants and non-annuitants per §1-430(h)(3)-1(e);
- A Market Value of Assets, determined in accordance with §1.436-1(h)(4)(i)(B). Thus, the Market Value of Assets includes the present value of any accrued contributions for the prior plan year made by the date of this certification, but excludes any potential future contributions. The resulting Market Value of Assets is \$1,413,765,045 (as supplied by Tribune Media Company) excluding accrued contributions to date for the 2018 plan year, plus \$4,351,616 for the present value of accrued contributions, for a total of \$1,418,116,661;
- A Value of Plan Assets of \$1,493,534,501. The Value of Plan Assets has been determined using the process shown in the forthcoming 2019 valuation report, pursuant to IRC §430.
- A Funding Standard Carryover Balance of \$0 and Prefunding Balance of \$15,335,781. Tribune Media Company has not made an election under IRC §430(f) to reduce the Funding Balances as of January 1, 2019.

While we cannot verify all of this information, the supplied information was reviewed for consistency and reasonability. As a result of this review, we do not doubt the substantial accuracy or completeness of the information, and we believe that it has produced appropriate results. This information, along with any adjustments or modifications, will be summarized in the above referenced actuarial report.

This certification has been prepared in accordance with generally accepted actuarial principles and practices, including the applicable Actuarial Standards of Practice as issued by the Actuarial Standards Board.

This certification reflects the provisions of IRC §430, the Pension Protection Act of 2006, the Worker, Retiree, and Employer Recovery Act of 2008, the Moving Ahead for Progress in the 21st Century Act, the Highway and Transportation Funding Act of 2014, the Bipartisan Budget Act of 2015, and any regulatory guidance provided prior to the issuance of this certification. The certification may need to be modified in the event of subsequent regulatory guidance or law changes.

The interest rate and mortality assumptions used to measure the Funding Target are prescribed by Tribune Media Company, based on the options permitted under the Internal Revenue Code. Aon provided guidance with respect to the alternative interest rate and mortality options, and we believe that the options prescribed by Tribune Media Company are appropriate for funding purposes. While the method used to value plan assets is prescribed by Tribune Media Company, Aon provided guidance with respect to the use of this method, and we believe that the method is appropriate for funding purposes.

We believe that all other actuarial assumptions used for this certification represent reasonable expectations of anticipated plan experience. The basis for the significant assumptions (other than the prescribed interest rates and mortality assumptions) will be documented in the forthcoming 2019 valuation report.

Results for purposes other than determining the 2019 AFTAP may be significantly different from the results reported herein. Thus, the use of this report for purposes other than those expressed here may not be appropriate. For example, the funded status measurements shown in this report are generally not appropriate for assessing the sufficiency of plan assets to cover the estimated cost of settling the plan's benefit obligations, the need for or the amount of future contributions, or anticipated accounting results for plan or corporate reporting.

The undersigned is familiar with the near-term and long-term aspects of pension valuations and meets the Qualification Standards of the American Academy of Actuaries necessary to render the actuarial opinions contained herein. All sections of this letter are considered integral parts of the actuarial opinions.

Calculation of the AFTAP for the Tribune Company Cash Balance
Pension Plan for the 2019 Plan Year as of January 1, 2019

2019 AFTAP =

Value of Plan Assets¹ – Funding Balances²

Funding Target³

- 1. Value of Plan Assets:** The Value of Plan Assets is \$1,493,534,501.
- 2. Funding Balances:** The applicable Funding Balances are \$0 if the Value of Plan Assets is at least 100% of the Funding Target as of January 1, 2019. Otherwise, the applicable Funding Balances are the Funding Standard Carryover Balance of \$0 and the Prefunding Balance of \$15,335,781 as of January 1, 2019, both reflecting all elections made to the date by the plan sponsor. The resulting Funding Balances for purposes of the AFTAP calculation is \$15,335,781.
- 3. Funding Target:** The Funding Target for this certification is \$1,570,639,496.

The 2019 AFTAP for the Tribune Company Cash Balance Pension Plan is 94.11% calculated as follows:

Schedule SB, Part V—Summary of Plan Provisions

Cash Balance Pension Plan

Eligibility	The first anniversary of employment following the completion of one year of service with 1,000 hours and age 21. No new participants after December 31, 2009.
Normal Retirement Eligibility	Age 65.
Benefit	<p>Service accruals were frozen as of January 1, 2010. Interest accruals will continue for participants with positive account balances as of December 31, 2009.</p> <p>An amount equal to the actuarial equivalent of the participant's cash balance account payable in the form of a life annuity.</p>
Pay Credits	<p>The annual pay credit is added to the cash balance account after interest is credited for the year. A participant is eligible for a pay credit if he or she has worked 1,000 hours during the year, is retirement eligible, or disabled. The annual pay credit is 3% of annual pension earnings.</p> <p>A 2% opening account balance was provided as of December 31, 2007 to eligible participants.</p> <p>Effective February 15, 2008, the plan was amended to provide additional cash balance account credits to eligible employees in the Involuntary Separation Plan or the Employee Voluntary Separation Plan. Benefits equal a cash balance allocation equal to 103% times weekly rate of base pay times the participant's number of consecutive periods of six months of completed service (minimum of six months and maximum of 52 months).</p>
Interest Credits	Interest is credited to the account quarterly using compound interest. The annual interest rate is the 10-year Treasury rate for November of the year prior to the year in which interest is credited.
Early Retirement Eligibility	Age 55 and 10 years of vesting service.
Benefit	An amount equal to the actuarial equivalent of the participant's cash balance account payable in the form of a life annuity.

(c) 0.80% of average compensation times benefit service in excess of 35 years.

Past Service Improvement (PSI)

For participants employed at L.A. Times and Newsday on March 29, 1985, the PSI equals 2% of 1984 pension earnings times benefit service as of January 1, 1985. The PSI is credited with interest at 7.50% from January 1, 1985 to date of termination. PSI was not frozen December 31, 2005 and continues to accrue interest.

ESOP Offset

For participants at L.A. Times, Morning Call and Newsday who have an ESOP balance, the deferred to age 65 annuity equivalent of the ESOP balance at termination is offset from the normal retirement benefit plus PSI. If the ESOP benefit is larger than the company-provided portion of normal retirement benefit plus PSI, the employee will receive the larger ESOP benefit. The employee can elect to receive the ESOP as a lump sum, with spousal consent, and receive a reduced annuity. ESOP was not frozen December 31, 2005 and continues to accrue interest.

Grandfathered Benefits

For the following grandfathered formulas, the participant will receive the greater of the normal retirement benefit and the grandfathered formula. Benefits were frozen December 31, 2005.

L.A. Times

A career average formula plus 2.5% of average compensation times benefit service (maximum 30 years).

Morning Call

Accrued benefit as of January 1, 1979 plus 1.0% of average compensation times benefit service after January 1, 1979.

Early Retirement
Eligibility

Age 55 and five years of vesting service.

Benefit

An amount equal to the normal retirement benefit, based on benefit service, average compensation, and the primary Social Security as of the date of actual termination. Benefits commencing prior to age 65 will be reduced by 6⅔% for each of the first five years and 3⅓% for each additional year that the commencement date precedes age 65.

Schedule SB Attachment (Form 5500)—2019 Plan Year
Tribune Company Cash Balance Pension Plan
EIN: 36-1880355 PN: 007

For participants at Hartford Courant, benefits are reduced by 4.8% for each year that the commencement date precedes age 65.

Disability Retirement

Eligibility

Immediate vesting.

Benefit

Normal or early retirement when otherwise eligible.

Vested Termination Benefits

Eligibility

Five years of vesting service.

Benefit

An amount equal to the normal retirement benefit, based on benefit service, average compensation, and the average Social Security wage base as of the date of termination. The participant may elect to begin receiving benefits at age 55. This benefit will be reduced for early retirement.

Preretirement Survivor Benefit

Eligibility

Five years of vesting service.

Benefit

If a participant is not eligible for early retirement at the time of death, the surviving beneficiary is entitled to an annuity equal to one-half of the annuity the participant would have received if the participant had incurred a break in service on the day before death, survived to earliest retirement date, and elected a pension payable in the form of a qualified 50% joint and survivor annuity.

If a participant is eligible for early retirement at the time of death, the surviving beneficiary is entitled to an immediate life annuity equal to the amount which would have been paid to the spouse if the participant had retired the day preceding death and had elected a pension payable in the form of a qualified 50% joint and survivor annuity.

Participants employed at Hartford Courant receive a 100% joint and survivor benefit instead of a 50% joint and survivor benefit.

Form of Benefit

Normal Form of Benefit

Life annuity, payable on a reduced basis as a 50% (100% for Hartford Courant) qualified joint and survivor annuity to married participants unless otherwise elected.

Source of Contributions	The plan is fully employer-paid since January 1, 1976.
Employee Contributions	Eliminated January 1, 1976, employee contributions are refunded at any time upon request, with spousal consent after termination but before benefit commencement. As a result of any refund, the benefit will be reduced by an annuity equivalent.
Definitions	
Vesting Service	One year of vesting service is credited for each plan year an employee completes 1,000 or more hours of service. No credit is granted for years in which the employee completes less than 1,000 hours.
Benefit Service	<p>Benefit service was frozen December 31, 2005 for Non-Newsday participants. A one-time service enhancement of one year for every 10 years of service, with a maximum of two years, was added to the frozen service amount. One year of benefit service is earned for each plan year an employee completes 1,800 or more hours of service. A partial year is earned if completes at least 1,000 hours. Service for an employee's first year of participation is based on all hours of service earned during the year. Partial service is credited for the first year of employment and during the last year of employment.</p> <p>The following caps apply to benefit service:</p> <p>L.A. Eligibility for Participation	<p>All employees who were participants in the plan as of December 31, 1988, or who were accruing benefits under a prior plan on December 31, 1988, continue to participate after that date. All other employees become a participant at the later of:</p> <ul style="list-style-type: none">(a) Attainment of age 21, completion of one year of service; or(b) Date of becoming an eligible employee. <p>No new participants are permitted after December 31, 1998.</p>
Normal Retirement Eligibility	Age 65.
Benefit	<p>Tribune Company, Tribune Properties, Chicago Tribune, WGN-TV, WGN-AM</p> <p>An annual amount equal to the sum of (a) and (b) below:</p> <ul style="list-style-type: none">(a) 0.8% of final average compensation up to covered compensation plus 1.2% of final average compensation in excess of covered compensation, times benefit service prior to January 1, 1989.(b) 1.2% of final average compensation up to covered compensation plus 1.6% of final average compensation in excess of covered compensation, times benefit service after December 31, 1988.

Schedule SB Attachment (Form 5500)—2019 Plan Year
Tribune Company Cash Balance Pension Plan
EIN: 36-1880355 PN: 007

A maximum of 35 years of benefit service is recognized, with service after December 31, 1988, counted first toward the maximum.

Remaining Groups

An annual amount equal to 1.2% of final average compensation up to covered compensation plus 1.6% of final average compensation in excess of covered compensation, times benefit service (maximum 35 years).

All Participants

The accrued benefit as of December 31, 1988, under the provisions of the plan applicable to the individual at that date, is a minimum to the benefit determined under the formulas described above.

See the "Special Provisions" section for further details pertaining to specific benefit schedules.

Early Retirement
Eligibility

Age 55 and completion of 10 years of service.

Benefit

The accrued retirement benefit, based on benefit service, final average compensation and covered compensation at date of early retirement, reduced by 0.3333% for each of the first 24 months by which benefit commencement precedes age 62, and 0.4166% for each of the next 60 months by which benefit commencement precedes age 62.

Disability Retirement

The plan has no specific disability benefit provision.

Vested Termination Benefits
Eligibility

Five years of vesting service.

All active participants as of December 31, 1998 were immediately fully vested.

Benefit

The accrued benefit, based on benefit service, final average compensation and covered compensation at date of termination, payable at normal retirement date. For a deferred vested participant with 10 or more years of service, benefits may commence any time subsequent to attainment of age 55, reduced 0.4166% for each month by which benefit commencement precedes normal retirement date.

EIN: 36-1880355 PN: 007

Late Retirement
Eligibility

Continuation of employment after normal retirement date.

Benefit

The late retirement benefit is equal to the normal retirement benefit using final average compensation, covered compensation, and benefit service as of the participant's late retirement date.

Preretirement Survivor Benefit
Eligibility

A vested participant who has an eligible spouse and who

- Completed one hour of service on or after August 23, 1984; or
- Completed one hour of service on or after January 1, 1976, and had five or more years of service; or
- Completed one hour of service on or after September 2, 1974, and who was age 55 with 10 years of service at termination and whose benefit payments had not begun on August 23, 1984, is eligible for a preretirement death benefit.

Benefit

The preretirement death benefit is equal to the amount the spouse would have received had the participant terminated his employment the day of his death, survived to his earliest retirement age (if not yet eligible to retire at date of death), and elected to retire immediately and receive a benefit in the form of a 50% joint and survivor annuity.

Benefits for Transferred Employees
(Transfers Between Plans)

Benefits for transferred employees are determined based on final average compensation and covered compensation in effect at termination of employment from the company or any related companies. The resulting benefit is then multiplied by a fraction (not greater than 1.0), the numerator of which is 35 and the denominator of which is the total benefit service under all qualified defined benefit pension plans maintained by the company or any related company.

Schedule SB Attachment (Form 5500)—2019 Plan Year
Tribune Company Cash Balance Pension Plan
EIN: 36-1880355 PN: 007

Benefits for Transferred Employees
(Transfers Within Plan)

Benefits for a participant covered by more than one benefit schedule within the plan throughout his career is determined as follows:

- Benefits are determined under each benefit schedule separately, based on final average compensation as of the date of termination and on the benefit service earned while under that benefit schedule;
- If the participant's aggregate benefit service exceeds 35 years, the benefit is determined by counting those years of benefit service first which produce the greatest benefit, with a maximum of 35 years of benefit service recognized.

Form of Benefit
Normal Form of Benefit

For a participant who is not married as of his annuity commencement date, life annuity is the normal form. If a participant has an eligible spouse as of his annuity commencement date, a reduced monthly retirement benefit shall automatically be paid in the form of a 50% joint and survivor annuity unless he elects an alternative form in writing and his spouse consents.

Optional Payment Forms

Life annuity; joint and survivor annuity with either 50% or 100% continued to the beneficiary; 5-year or 10-year continuous and certain annuity. The company may distribute the benefit in lump sum form if the present value is less than \$3,500. Certain other payment forms are preserved for the portion of the accrued benefit earned under prior plans.

Vested Termination Benefits

Eligibility

Five years of vesting service.

Benefit

An amount equal to the normal retirement benefit, based on benefit service and average compensation as of the date of termination. The participant may elect to begin receiving benefits at age 55 if the participant had 15 years of vesting service when terminated. This benefit will be reduced for early retirement.

10-Year Benefit

Eligibility

Age 45 and 10 years of vesting service.

Benefit

50% of the participant's unreduced accrued benefit payable for 10 years to the surviving spouse. If there is not a spouse or the spouse dies before the 10-year period ends, payments continue to be made to any child under the age of 18 until the earlier of the end of the 10-year period or the date the child attains age 18.

Preretirement Survivor Benefit

Eligibility

Five years of vesting service.

Benefit

If a participant is not eligible for early retirement at the time of death, the surviving beneficiary is entitled to an annuity equal to one-half of the annuity the participant would have received if the participant had incurred a break in service on the day before death, survived to earliest retirement date, and elected a pension payable in the form of a qualified 50% joint and survivor annuity.

If a participant is eligible for early retirement at the time of death, the surviving beneficiary is entitled to an immediate life annuity equal to the amount which would have been paid to the spouse if the participant had retired the day preceding death and had elected a pension payable in the form of a qualified 50% joint and survivor annuity.

The preretirement surviving spouse benefit is payable to the spouse once the 10-year benefit has been paid out.

Form of Benefit

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption change:

- A change in the 2019 unlimited expected rate of return on plan assets from 7.00% to 6.80% to better reflect future expectations.

This assumption change did not reduce the funding shortfall more than the thresholds stated in Internal Revenue Code Section 430(h)(5), so approval of the Commissioner is not required.
