NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Brown Automotive Group 401(k) Plan (the Plan) is provided for general information purposes only. For more complete information, participants should refer to the most current Plan document.

General
The Plan is a defined contribution retirement plan, which provides for the participation of substantially all employees of Brown Automotive Group and related participating employers (the Company), who have completed 6 months of service and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and is intended to qualify under Section 401(k) of the Internal Revenue Code (IRC). Under the Plan, each participant has an account for his/her salary deferral contributions, employer matching contributions and for a separate annual employer discretionary contribution.

Great-West Life & Annuity Insurance Company (GWL) serves as the Plan's investment custodian and is responsible for executing all investment transactions.

Contributions
Participants may make salary deferral contributions through payroll deductions of not less than 1% up to 100% of their compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, the Company may make a discretionary match contribution once a year which is applied to active participants who made salary deferral contributions to the Plan. The employer discretionary match is subject to change each year at the Company's discretion. Participant and Company contributions are subject to the provisions of the IRC and related regulations.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the employer discretionary contributions, if any, and (b) Plan earnings. Allocations are based on account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Loans to Participants
The Plan allows participants to obtain loans from their vested accounts, which may not exceed the lesser of one half of the participant's vested interest in their account balances or $50,000. The Plan allows two loans outstanding at one time and no loan issued in an amount less than $1,000 will be made. Participant loans are maintained and serviced by the Plan's custodian as assets of the Plan. Participants should refer to the separate loan policy of the Plan for further information. Principal and interest is paid ratably through payroll deductions. Interest rates are based on prime rate plus 1.00%. Interest rates on outstanding participant loans at December 31, 2019 ranged from 4.25% to 6.50%.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Forfeited Accounts
Forfeited balances of terminated participants' non-vested accounts are used as a reduction of the employer discretionary contributions in the year subsequent to the year in which the forfeitures occur. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $950 and $2,353, respectively.

Vesting
Participants are immediately vested in their salary deferral contributions. Participants vest in the annual discretionary match contributions gradually between their 2nd year (25%) and 5th year (100%) of service.

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution, periodic installments or a combination of these two options. If a participant's vested balance is $5,000 or less (excluding amounts rolled over from another qualified plan), the participant will receive a single lump sum distribution of their entire vested account balance. Also, the Plan will provide for automatic rollover distributions of terminated participant's vested accounts between $1,000 and $5,000 to a qualified individual retirement account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Subsequent Events
The Plan Administrator has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses
The Plan sponsor has elected to absorb most of the administrative costs of the Plan. Such amounts paid by the Plan sponsor are not reflected in the Plan's financial statements.

NOTE 3 - INFORMATION CERTIFIED BY INVESTMENT CUSTODIAN

The following is a summary of the asset information as of December 31, 2019 and 2018, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets:

	2019	2018
Investments at Fair Value:		
Mutual funds	$ 5,588,740	4,379,683
Notes receivable from participants	$ 164,689	$ 249,595

The custodians also certified to the completeness and accuracy of $550,081 of net appreciation in fair value of investments, $307,478 of interest and dividends and $11,130 of participant loan interest related to the aforementioned assets for the year ended December 31, 2019.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in their accounts and the Plan assets will be distributed in a manner approved by the Internal Revenue Service.

NOTE 5 - INCOME TAX

The Plan has not received a determination letter on their adoption of the Prototype plan. In accordance with Revenue Procedure 2003-06, the Plan administrator has chosen to rely on the opinion letter, dated March 31, 2014 that has been issued to the Prototype plan. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code (the Code) to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 5 - INCOME TAX (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2016.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2019, the Plan held investments in mutual funds and notes receivable from participants which are managed by GWL. Thus, transactions within these investment funds qualify as party-in-interest transactions as defined by ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
