Other Matter

We draw attention to Note 2 to the financial statement, which describes the basis of accounting. BRANNAN SAND AND GRAVEL COMPANY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Brannan Sand and Gravel Company Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution 401(k) plan covering all eligible employees of Brannan Sand and Gravel Company (the "Plan Sponsor" or "Employer"), Brannan Construction Company, and Brannan Management Company, and Ready Mixed Concrete Company, LLC (effective July 1, 2018), (collectively the "Company," "Companies" or "Employers"), as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Act of 1974, as amended ("ERISA").

ELIGIBILITY

Employees (excluding union employees, non-resident aliens and leased employees) who have attained the age of 21 and completed at least 3 months of service are eligible to become members of the Plan. Oversight of the Plan is held by the plan administrator. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Sponsor's management.

PARTICIPANT CONTRIBUTIONS

Participants may contribute up to 100 % of compensation, as defined by the Plan, as pre-tax contributions up to the maximum allowed by the Internal Revenue Code ("IRC"). The Plan was amended effective March 1, 2018, to allow employees to make Roth elective deferrals and allow Roth accounts to be used as a source for hardship distributions. For participants 50 years of age or older by the end of the Plan year are eligible to make catch-up contributions in accordance with the IRC. Participants may also contribute amounts representing distributions from other qualified plans ("Rollovers").

EMPLOYER MATCHING CONTRIBUTIONS

The Plan provides Employers the ability to make discretionary matching contributions up to 6% of its' employees' eligible compensation. During the year ended December 31, 2019, the Employers' elected to match 50% of the first 6% of eligible compensation that an employee contributes to the Plan. The Plan also allows Employers to make additional annual discretionary matching contributions ("AMC") to the Plan. The Employers elected to make AMCs in the amount of $200,000 for the year ended December 31, 2019. These AMCs are allocated to the individual participants based on the individual's Plan contributions as a percentage of the total employee contributions to the Plan. Employer contributions are limited only to those employees of the Employers contributing to the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, rollovers into the Plan, allocation of the Company's discretionary matching and AMC contributions, if any, and Plan earnings or losses. Each participant's account is reduced by any withdrawals or distributions and administrative fees paid by the Plan. Allocations are based on participant earnings (losses) or accounts balances, as defined by the Plan document. The benefit to which a participant is entitled at termination or retirement is the benefit that can be provided from the participant's vested portion of the account balance.

Participants may direct the investment of employee and employer contributions into various investment options offered by the Plan. The Plan offers a variety of pooled separate accounts and an insurance guaranteed interest contract as investment options for participants. The plan administrator, through its investment advisor, monitors the Plan's investments and the risks associated therewith on a regular basis, which the plan administrator believes minimizes these risks.

VESTING

Participants are immediately vested in their salary deferral contributions (including rollovers) and actual earnings thereon. Vesting in the Company's discretionary matching contributions and AMCs are based on years of continuous service. A plan year during which a participant works at least 1,000 hours is counted as one year of service. A participant is 100% vested after six years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Upon termination of employment, a participant's non-vested amounts are forfeited in accordance with the Plan document. Upon death, total disability or retirement, participants become 100% vested in their Company's discretionary matching and AMC contributions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) 50% of the participant's account balance or (ii) $50,000 (reduced by any loan repayments during the prior year). Loan terms shall not exceed five years unless the loan proceeds are used to acquire a principal residence, for which the term cannot exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at a rate of 3.25% to 6.50%, which is commensurate with local, prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

DISTRIBUTIONS

Upon retirement, disability, death or other termination of employment, the participant shall become entitled to the total value of his or her vested account. Distribution will be paid in a lump sum or in installments over a number of years based upon election of the participant or the Plan, as defined by the Plan. If a participant terminates employment for any reason and his or her vested account balance does not exceed $5,000, the plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

The Plan also provides for in-service withdrawals with certain limitations set by the Plan, for participants who have attained age of 59 1/2. The Plan also allows for early retirement for participants who have attained age 50 and completed 5 years of service, as defined. Any participant who has participant contributions may withdraw all or a portion of pre-tax elective contributions in the event of extreme financial hardship, as defined by the Plan, and approved by the Plan Administrator.

FORFEITURES

Forfeitures of non-vested account balances may be used to pay the Plan's administrative expenses or to offset the Plan Sponsor's discretionary matching contributions. At December 31, 2019 and 2018, there was approximately $41,000 and $10,000 respectively, of available forfeitures. In 2019, employer contributions were reduced by approximately $37,000 using forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the modified cash basis of accounting. That basis differs from generally accepted accounting principles primarily because the Plan has not recognized receivables from participants or the Company and amounts payable to participants or administrators and their related effects on earnings. Interest income on participant loans is recognized when received. Accordingly, the financial statements are not intended to present the net assets available for benefits and the changes in net assets available for benefits of the Plan in conformity with the accounting principles generally accepted in the United States of America.

USE OF ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ significantly from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the Plan's fully benefit responsive investment contract which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Standard Insurance Company (the "Custodian"). See Note 5 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income and dividends are recorded as received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the modified cash basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

ADMINISTRATIVE EXPENSES

The Company pays certain professional fees related to the Plan. All other expenses incurred in the administration of the Plan are charged and paid by the Plan. Fees related to the administration of notes receivables from participants are charged directly to the participant accounts and are included in administrative expenses. Fees paid by the Plan for investment management services are included in net appreciation of fair value of investments.

RECLASSIFICATION

The Plan's investments in mutual funds in the 2018 financial statements have been reclassified to pooled separate accounts to conform to the 2019 financial statement presentation.

SUBSEQUENT EVENTS

In preparing its financial statements, the Plan has evaluated events through October 14, 2020, which is the date the financial statements were available to be issued. Other than those below, no subsequent events were identified requiring recognition or disclosure in the financial statements.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States and the World, triggering volatility in financial markets and a significant negative impact on the global economy. As of the date the financial statements were available to be issued, there was considerable uncertainty around the expected duration of this pandemic and the eventual financial impact to the Plan, participants, and Plan Sponsor cannot be reasonably estimated at this time.

NOTE 3 - INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform auditing procedures with respect to the information certified by Standard Insurance Company ("Standard"). Accordingly, Standard, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits - Modified Cash Basis as of December 31, 2019 and 2018, the related investment activity reflected in the accompanying Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis for the year ended December 31, 2019, and the information reflected in the accompanying supplemental Schedule H Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits - Modified Cash Basis, and the accompanying Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018, and no transfers.

POOLED SEPARATE ACCOUNTS (PSA)

Valued at its net asset value (NAV) based on the market value of its underlying investments, but the PSA NAV is not a publicly quoted price in an active market. NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probably that the pooled separate account will sell the investment for an amount different from the NAV. Each plan's share of a pooled separate account is determined on a participation-unit. The plan's equity account provides a cumulative record of the number of participation units credited to the account and the number of units allocated or withdrawn from the account. The balance of participation units credited to the account multiplied by the current participation-unit value equals the amount of equity account assets held on behalf of the policyholder at any given time. The participation-unit value is adjusted periodically, usually each business day, to reflect investment results under the separate account. As of December 31, 2019, there were no unfunded commitments related to the pooled separate accounts. The pooled separate accounts may be redeemed on a daily basis with no redemption restrictions.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

In accordance with Topic 820, the pooled separate accounts that were measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. The net asset value of these pooled separate accounts are $19,668,364 and $15,077,199 at December 31, 2019 and 2018, respectively.

NOTE 6 - GUARANTEED INTEREST CONTRACT

The Plan has a fully benefit-responsive guaranteed interest contract ("GIC"), Standard Insurance Company Guaranteed Interest Fund, with Standard that is also administered by Standard. The custodian maintains the contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. The GIC is presented on the face of the accompanying Statements of Net Assets Available for Benefits - Modified Cash Basis at contract value. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses. The fair value at contract value for the GIC was $2,942,284 and $2,807,347 for the years ended December 31, 2019 and 2018, respectively.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The contract offers a minimum guaranteed rate of at least 3% annually.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe that any of such events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The GIC does not permit the issuing company to terminate the agreement prior to the scheduled maturity date.

NOTE 7 - TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan with cash or deferred arrangements ("CODA") which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which stated that the Plan and related trust, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress. Any penalties and interest would be recorded as a component of income tax expense to the Plan.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan should terminate, the plan administrator will facilitate the distribution of account balances under the provisions of the Plan document until all assets have been distributed by the custodian. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 9 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian, the trustees and the administrator of the Plan. These investments and transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for the investment management services were $77,440. Loans to Plan participants by the Plan also qualify as party-in-interest transactions. Notes receivable from participants totaled $892,408 and $645,621 as of December 31, 2019 and 2018, respectively. Interest income on notes receivable from participants was $42,524 for the year ended December 31, 2019.
