Participants may also contribute amounts representing distributions from other qualified plans. The Plan has an automatic enrollment requirement for pretax contributions of 1% of eligible compensation unless the participant makes another election. The Company may also make a discretionary profit sharing contribution to the Plan. No discretionary profit sharing contributions were made during 2019.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Plan Description (continued)

Investment Options

A participant may direct Company and participant contributions in any of the various investment options offered by the Plan. Participants may change their investment options at any time. The Plan currently offers several mutual funds and one general insurance account as investment options.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser 50% of the participant's vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire the participant's principal residence.

Payment of Benefits

A participant may receive the value of his or her vested account upon retirement, disability or termination. Upon death of a participant, the beneficiary shall be entitled to the full value of the account. Distributions are made in either a lump-sum or equal installments not to exceed the life expectancy of the participant. Hardship withdrawals, as defined in the Plan, are also available to participants.

Forfeited Accounts

There were no forfeitures in the plan as of December 31, 2019 or 2018. These accounts will be used to reduce employer profit sharing contributions or pay administrative expenses of the plan. No forfeitures were used during 2019.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan agreement.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework — Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 removes various disclosure requirements regarding the fair value of level 3 investments, including the valuation process for level 3 investments and the changes in unrealized gains and losses for recurring level 3 investments for nonpublic entities. Also, in lieu of a rollforward for level 3 fair value measurements, a nonpublic company is required to disclose transfers into and out of level 3 of the fair value hierarchy and purchases and issues of level 3 assets and liabilities. This ASU is effective for fiscal years beginning after December 15, 2019. The Plan is in the process of determining the effect of these changes on its accounting and disclosure of fair value measurements and investment activity.

Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Matrix Trust Company, the custodian of the plan.

	2019
Mutual funds	\$ 2,066,787
General insurance account	67,968
Total	\$ 2,134,755

The custodian also certified to the completeness and accuracy of \$327,846 of net appreciation in fair value of investments for the year ended December 31, 2019 and \$62,906 of interest and dividend income related to the aforementioned investments for the year ended December 31, 2019.

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair Value Measurements (continued)

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2019 and 2018.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

General Insurance Account: Valued at fair value, which approximates contract value, plus interest credited thereon. Interest rates for new contributions are based on conditions at the time the new funds are received. Interest earned on existing funds is based on average returns from CUNA Mutual Group general account investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,066,787	\$ -	\$ -	\$ 2,066,787
Investments measured at net asset value *	-	-	67,968	67,968

Fair Value Measurements (continued)

Assets at Fair Value as of December 31, 2018:

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,624,937	\$ -	\$ -	\$ 1,624,937
Investments measured at net asset value *	-	-	111,954	111,954
Total assets at fair value	\$ 1,624,937	\$ -	\$ 111,954	\$ 1,736,891

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents a reconciliation of Plan investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the year ended December 31, 2019, including the reporting classifications for the applicable gain and losses included in the statements of changes in net assets available for benefits:

	2019
Balance, beginning of year	\$ 111,954
Interest income	1,830
Purchases	162,566
Sales	(208,382)
Balance, end of year	\$ 67,968

Plan Termination

The Company has the right to discontinue its contributions at any time. Although it has not expressed any intent to do so, the Company also has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants' accounts will become fully vested.

Tax Status

The Plan has adopted a volume submitter profit sharing plan with cash or deferred arrangements (CODA), which obtained its latest prototype opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Company is relying on the prototype plan's IRS opinion letter. The Plan has been amended since adopting the prototype plan document. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. During 2019, the Plan paid administrative fees to CMFG Life Insurance Company for services rendered which amounted to \$8,978.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2019 statement of net assets available for benefits.

Subsequent Events

On March 11, 2020, the World Health Organization declared COVID-19 to be a pandemic. The outbreak of the COVID-19 pandemic has severely impacted global economic activity and caused significant volatility and negative pressure in financial markets. Because of the uncertainty impacting the financial markets during this time, management is unable to estimate the impact of the pandemic on assets of the Plan.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act includes relief provisions available to tax-qualified retirement plans and their participants. This relief includes the following for qualified participants: a temporary waiver of required minimum distributions, a temporary waiver of early withdrawal penalties for COVID-19 related distributions and a temporary increase in the maximum amount for retirement plan loans. Plan management has implemented these relief clauses in April 2020.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
