Notes to Financial Statements in Liquidation

December 31, 2018 and 2017

Note 1 - Plan Description

The following description of Hospice of Central Ohio Employee Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was terminated effective December 31, 2017. Accordingly, the descriptions below are provisions of the Plan prior to termination. See Note 7 for additional information.

General

The Plan is a defined contribution plan covering all eligible employees of Hospice of Central Ohio and Affiliate (the "Organization"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute a percentage of their compensation into the Plan on a pretax or post-tax basis. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service. The post-tax contributions by participants are Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for a safe harbor employer matching contribution of 100 percent on the first 5 percent of compensation deferred. Additionally, the Organization has the ability to make discretionary profit-sharing contributions, as determined by the Organization's finance committee.

As a result of the plan termination, all contributions ceased effective December 31, 2017 (see Note 7).

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Organization's discretionary contributions and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Through December 31, 2013, participants vested in employer contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	- %
2	20.00 %
3	40.00 %
4	60.00 %
5	80.00 %
6	100.00 %

Beginning January 1, 2014, participants are fully vested on matching contributions made under the safe harbor provisions of the Plan.

As a result of the plan termination, all participants became fully vested in all contributions effective December 31, 2017.

Notes to Financial Statements in Liquidation

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Benefit Payments

Upon death, disability, retirement, or other termination of employment, the participant becomes eligible for benefit distributions in the form of an annuity, lump-sum payment, or rollover. Participants are entitled to a retirement benefit equal to the value of the vested amount of the participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Repayment of the loan must be made over a period not to exceed five years. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 1 percent. Principal and interest are paid through payroll deductions.

Participant notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to offset future employer contributions or pay administrative expenses of the Plan. Total forfeitures retained in the Plan as of December 31, 2018 and 2017 were \$0 and \$16,118, respectively.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Variable Annuity Life Insurance Company (VALIC) and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) (collectively, the "Custodians"), or their affiliates. VALIC and Principal are the Custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

Upon termination of the Plan, participants became 100 percent vested in their account balances. See Note 7 for additional information.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

As discussed in 7 to the financial statements in liquidation, the plan sponsor terminated the Plan effective December 31, 2017. As a result, the Plan changed its basis of accounting for periods subsequent to December 31, 2016 from the going-concern basis to the liquidation basis.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process, and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Notes to Financial Statements in Liquidation

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation

The Plan's investments are stated at fair value, except as noted below:

The fully benefit-responsive investment contracts are valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The pooled separate accounts are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

All other investments are valued based on quoted market prices reported in active markets.

See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative costs are paid by the Organization.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 8, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

The Custodians hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year in liquidation are based solely on information certified by the Custodians.

Notes to Financial Statements in Liquidation

December 31, 2018 and 2017

Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Investments measured at NAV - Pooled separate accounts	190,194			
Total investments at fair value	<u>\$ 5,160,987</u>			

Note 6 - Investment Contracts

The Plan has two benefit-responsive investment contracts with VALIC and one benefit-responsive investment contract with Principal. VALIC and Principal maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a quarterly basis for resetting, but may not be less than 4.50 percent and 1.00 for the VALIC and Principal contracts, respectively. When establishing interest crediting rates for this product, VALIC and Principal consider many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. With the exception of the Plan's termination, the Organization believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value was not affected. Additionally, when the assets were distributed, this was performed at contract value. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Note 7 - Plan Termination

Effective December 31, 2017, the plan sponsor elected to terminate the Plan. The Plan adopted the liquidation basis of accounting in fiscal year 2017, as described in Note 2.

Liquidation of assets through distributions to participants with active balances with Principal occurred on March 29, 2018. Full liquidation of plan assets held with VALIC will occur as soon as possible and is expected to be completed during 2019.
