Note 1 - Description of the Plan

General

The following brief description of the Savings and Investment 401(k) Plan of White & Case LLP (the "Plan" or "SIP") is provided for general information purposes only. Plan members should refer to the Plan document for more complete information.

The Plan is a profit sharing plan and includes a cash or deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code, under which participants may make contributions to the Plan by means of elective salary deferrals. Plan contributions are credited to an individual account in the name of each participant. The ultimate benefit to be received by a participant depends on the aggregate amount contributed by and on behalf of the participant and investment results. The Plan is intended to benefit its participants, including partners and employees of White & Case LLP (the "Firm" or the "Plan administrator"). Great-West Trust Company, LLC is the trustee of the Plan and Empower Retirement is the recordkeeper of the Plan.

Eligibility

Generally, each employee or partner is eligible to participate in the Plan as of the first day of the month coincident with or following their date of hire.

Contributions

The Firm contributes, on behalf of certain general staff employees who have completed one year of service, and on behalf of each eligible partner, contributions in amounts determined by the Firm at its sole discretion. In 2019 and 2018, the Firm's discretionary contribution for the general staff participants hired after December 1, 2003 was equal to 7.5% of each participant's annual compensation, as defined, up to $210,000.

Effective January 1, 2005, White & Case LLP decided not to offer participation in the White & Case LLP Retirement Income Plan (the "RIP") for all employees hired after December 1, 2003. Eligible employees hired prior to December 2, 2003 were required to make a one-time irrevocable election to continue accruing benefits under the RIP or to receive a 7.5% discretionary Firm contribution in this Plan. If the eligible employee elected to continue accruing benefits under the RIP, they received a discretionary Firm contribution equal to 3% of each participant's annual compensation, as defined, up to the Social Security wage base, and an additional 6% of the portion of annual compensation above the Social Security wage base but below $210,000. In 2019 and 2018, the Firm's discretionary contribution for each partner was $37,000 and $36,500, respectively.

All participants are allowed to make elective salary deferrals under the 401(k) feature of the Plan. Eligible employees are automatically enrolled in the Plan at a contribution rate of 3% unless they elected to opt-out. Each participant's deferral percentage will automatically increase to the next whole percentage annually, up to 15% of compensation, unless the participant elects otherwise. Automatic enrollment and automatic increase does not apply to participants outside the United States.

Participants are allowed to make after-tax (Roth 401(k)) contributions to the Plan in addition to, or in lieu of, traditional pre-tax contributions.

Investment Elections
Participants file an election designating the proportion in which elective salary deferrals and contributions on their behalf are to be allocated among a selection of investment options.

To the extent that participants do not provide direction on how to invest the assets in their account, the money is invested in the SIP's qualified default investment alternative ("QDIA"). The QDIA for the SIP is the T. Rowe Price Retirement Trust based on the participant's age.

Vesting
Amounts contributed by or on behalf of a participant are immediately fully vested and are non-forfeitable.

Payment of Benefits
A participant's interest in the Plan's assets is distributable upon termination of service or death. A participant may elect to defer distribution if the participant's account balance exceeds $5,000. If their balance is less than $1,000, it is automatically paid to the participant by check, with the required taxes withheld, in the absence of an election. Pursuant to the terms of the Plan, if the participant's balance is more than $1,000 and less than $5,000, their account will be rolled over to an IRA with Millennium Trust Company in the absence of an election.

For termination for reasons other than death, the entire amount to the credit of a participant's account shall be distributed in one of the following forms, (1) single lump sum payment, (2) one or more partial lump sum payments in designated amounts elected by the participant, or (3) a series of lump sum payments made no more frequently than once per month, as defined.

In-Service Withdrawals
A participant who has attained age 59½ and is employed by the Firm or a Participating Affiliate (regardless of whether the participant is actively at work), or if the participant has qualified for long-term disability benefits under the applicable benefit component of the White & Case LLP Health and Welfare Plan, they may elect to withdraw all or any portion of their account once per month.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Amendment and Termination of the Plan

Effective January 1, 2014, the Plan was amended and restated to (i) permit in-Plan Roth transfers of otherwise non-distributable amounts, (ii) to clarify the definitions of "Temporary Employee" and "Service", (iii) to provide that the Firm Contribution for certain employees who become eligible during a Plan year is based on their actual compensation for the months they are eligible, (iv) to authorize Qualified Non-elective Contributions as necessary to satisfy the Actual Deferral Percentage Test, (v) to provide additional forms in which benefits may be distributed, and (vi) to clarify the provisions governing Plan loans.

The Plan was amended effective January 1, 2016 to allow certain Foreign Partners, in Participating Offices outside the U.S., to elect to participate or to waive participation in the component of the Plan under which Firm contributions are made and to provide that any Partner who resides in a foreign jurisdiction where the Partner would be subject to taxation under the tax laws of such foreign jurisdiction on Firm contribution being made on his or her behalf to the Plan, is not eligible to receive Firm contributions attributable to the period of residency in such foreign jurisdiction. The Plan was amended effective January 1, 2016 to prorate the Firm contribution for a Partner on an authorized leave of absence without pay for the period actually worked and to clarify certain aspects of the Plan.

The Plan was amended effective January 1, 2019 to remove the one-year service requirement for the Firm contribution for eligible partners and to clarify that Partners, who otherwise may be excluded from eligibility for the Firm Contribution feature of the SIP as a result of residing in a foreign jurisdiction where the tax laws of that jurisdiction subject them to current taxation on amounts contributed to and/or accruing under the Plan on their behalf, are nonetheless eligible to participate if they are working at certain Firm offices as specified in the Plan for which the Firm has determined there is a net tax advantage for the Partner to be eligible to participate in the Firm Contribution feature of the SIP.

The Firm reserves the right to amend or terminate the Plan at any time, in accordance with the Firm's established rules of procedure. However, neither through amendment, nor by Plan termination, may any part of the Plan's assets ever be returned to the Firm. All assets of the Plan must be used for the exclusive benefit of participants.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting and Financial Statement Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments in common stocks are valued at fair market value, based on quoted market prices. Investments in mutual funds are valued at the quoted net asset value ("NAV") for each fund on the valuation date. Investments in common collective trusts are valued at the NAV, as provided by the trustee. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Under the terms of the Declaration of the Trust, unit holders may be required to provide 90-days advance written notice to the trustee prior to redemption of trust units. There are no unfunded commitments to the common collective trust investments.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual Fund Fees

Underlying investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of investment earnings activity and thus not separately identifiable as an expense.

Administrative and Investment Expenses

Substantially all expenses relating to the administration of the Plan and fees paid to the trustees and the Firm's investment advisor are currently paid by the Firm.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Note 3 - Fair Value of Financial Instruments

As required by the Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification, fair value is to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in an orderly transaction between market participants. Such is a market-based measurement, not an entity-specific measurement.

This Topic establishes a three-level valuation hierarchy based upon observable and non-observable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable either directly or indirectly; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data, for substantially the full term of the assets or liabilities.

Level 3 – Significant inputs to the valuation model that are unobservable, typically based on a Plan's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The methods of valuation described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Fair Value Measurements

The following table presents the fair value hierarchy for the balances of the assets of the Plan measured at fair value as of December 31, 2019.

Investment Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Investments:				
Self-Directed Brokerage	$ 29,429,603	$ -	$ -	$ 29,429,603
Mutual Funds	211,251,298	-	-	211,251,298
Total	$240,680,901	$ -	$ -	240,680,901
Common Collective Trusts(A)[(a)]	(A)	(A)	(A)	496,063,001
Total Investments at fair value				$736,743,902

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

(a) The primary investment strategy of the Common Collective Trusts is to invest over time a diversified portfolio of underlying trusts that represent various asset classes and sectors. The allocation to equity-based underlying trusts is expected to become increasingly conservative over time, with substantial exposure to equity-based underlying trusts (approximately 55%) remaining at the end of its target year and the most conservative allocation (approximately 30%) projected to occur 30 years after the target date is reached.

The following table presents the fair value hierarchy for the balances of the assets of the Plan measured at fair value as of December 31, 2018.

Investment Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Investments:				
Self-Directed Brokerage	$ 20,861,006	$ -	$ -	$ 20,861,006
Mutual Funds	174,147,168	-	-	174,147,168
Total	$195,008,174	$ -	$ -	195,008,174
Common Collective Trusts(A)[(a)]	(A)	(A)	(A)	387,833,599
Total Investments at fair value				$582,841,773

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

(a) The primary investment strategy of the Common Collective Trusts is to invest over time a diversified portfolio of underlying trusts that represent various asset classes and sectors. The allocation to equity-based underlying trusts is expected to become increasingly conservative over time, with substantial exposure to equity-based underlying trusts (approximately 55%) remaining at the end of its target year and the most conservative allocation (approximately 20%) projected to occur 30 years after the target date is reached.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Note 4 - Investment Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Great-West Trust Company, LLC, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the statement of changes in net assets available for benefits for the year ended December 31, 2019 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019.

Note 5 - Tax Status

The Internal Revenue Service determined and informed the Firm by a letter dated October 1, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the tax determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that may not be sustainable upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

Note 6 - Risks and Uncertainties

The Plan provides for various investments in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the participants' accounts and amounts reported in the statements of net assets available for benefits. Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2019 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Firm as well, given that such public health epidemics, if sustained, could impact Firm employees and partners in affected regions. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may impact demand for the Firm's services. Such impacts could adversely affect Firm profitability, cash flows, financial results, and the ability to make required Plan contributions. At this point, the extent to which the coronavirus may impact the Firm's financial results is uncertain.

Note 7 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits as reported on the financial statements at December 31, 2019 and 2018 to the Form 5500:

Certain deemed distributions of participant loans	(60,225)
Net increase as reported on the Form 5500	$ 154,683,242

Note 8 - Related Party and Party-in-Interest Transactions

Certain investments are managed by Great-West Trust Company, LLC, the trustee of the Plan. Therefore, transactions related to these investments qualify as party-in-interest transactions.

Note 9 - Subsequent Events

The plan was amended effective January 1, 2020 to provide that the job code of staff attorney (qualified lawyers not aligned to the career progression framework) shall no longer be a job code that is excluded from eligibility for the Firm Contribution.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 and provided optional distribution and loan provisions as well as suspension of required minimum distributions ("RMDs") for anyone required to receive an RMD in 2020. The Plan Sponsor did not elect to implement any of the optional provisions.

The Plan has evaluated subsequent events through October 14, 2020 which is the date the financial statements were available to be issued.
