GUY BROWN, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(1) Description of plan

The following description of the Guy Brown, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on March 1, 2001 to provide retirement benefits for employees of Guy Brown, LLC (the "Plan Sponsor"). The Plan covers substantially all employees who are age twenty-one or older and have completed three months of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also elect to make their contributions on an after tax basis in the form of Roth contributions and may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. In order to participate, employees must make a minimum contribution of 1% of compensation. Participant contributions are permitted up to 90% of compensation subject to certain IRC limitations.

During 2018, the Plan was amended to include both an automatic enrollment and an auto-escalation provision. In September 2018 any employee eligible to contribute, including participants not contributing, was enrolled at an 8% deferral rate. The participant could then elect to either opt-out of the plan or change his or her deferral percentage.

The initial automatic deferral provision increases deferrals by 1% up to a maximum of 25% as soon as administratively feasible beginning on or after the first day of each succeeding plan year after the plan year that a participant's automatic deferrals first were implemented.

Prior to September 2018, the Plan Sponsor matched 100% of all deferrals up to a maximum deferral rate of 2%, inclusive of catch-ups, if applicable. Beginning in September 2018, the match formula changed to match 25% of all deferrals up to a maximum deferral rate of 8%, inclusive of catch-ups, if applicable. Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

The Plan also provides that the Plan Sponsor may make a profit-sharing contribution; however, a contribution by the Plan Sponsor is not required. No profit-sharing contribution was made during 2019 or 2018.

GUY BROWN, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(c) Participant accounts

Each participant's account is credited (charged) with the participant's and Plan Sponsor contributions, and allocations of investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's contribution is based on years of continuous service. Participants vest fully after three years of service as defined in the Plan document.

(e) Participant notes receivable

Each participant may borrow from his or her accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her account balance. The participant notes receivable are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 4.50% to 6.75%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, disability, or retirement, a participant is entitled to receive a lump-sum payment equal to his or her entire account. For termination of service due to other reasons or attainment of age 59½, a participant will be entitled to receive only the vested interest in his or her account. Participants with vested interests equal to or less than \$5,000 at termination will receive a distribution in the form of a lump-sum payment. Participants with vested interests greater than \$5,000 at termination may elect to receive a lump-sum distribution or a direct rollover.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures can be used to reduce the Plan Sponsor's contributions to the Plan or pay Plan expenses. Forfeited non-vested accounts totaled \$27,977 and \$7,750 at December 31, 2019 and 2018, respectively. Plan Sponsor contributions were reduced by \$17,977 from forfeited non-vested accounts during 2019. Forfeitures were not utilized to reduce Plan Sponsor contributions or pay Plan expenses during 2018.

GUY BROWN, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective deferral account balance.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions and administration of participant notes receivable are included in administrative expenses and charged directly to the applicable participants' accounts. Investment related expenses are included in net depreciation in fair value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, Reliance Trust and Minnesota Life Insurance Company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

GUY BROWN, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(c) Participant notes receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2019 and October 14, 2020, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value and contract value of investments and notes receivable from participants held at December 31, 2019 and 2018, and the net appreciation (depreciation) in fair value of investments, dividends and interest on participant notes receivable for the year ended December 31, 2019 and 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company and Minnesota Life Insurance Company.

Notes to the Financial Statements

December 31, 2019 and 2018

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- (i) *Mutual funds*: Valued based on the funds' reported closing net asset values ("NAV") of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed to be actively traded.

GUY BROWN, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual funds totaling \$3,545,662 at December 31, 2018 are classified as level 1 in the fair value hierarchy.

The Plan's investments at December 31, 2019 are measured at NAV as a practical expedient to estimate fair value, and therefore, have not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using the NAV as a practical expedient as of December 31, 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Description</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Frequency (if currently eligible)</u>	<u>Redemption Redemption Notice Period</u>
Pooled Separate Accounts	\$4,142,600	n/a	Daily	N/A

The Plan invests in pooled separate accounts that are not direct filing entities. The pooled separate accounts seek to mirror the investment objectives and strategies of the underlying mutual funds in which the pooled separate accounts are invested.

(5) Investment contracts with insurance company

As of December 31, 2018, the Plan held a traditional benefit-responsive investment contract with Invesco Trust Company. The trust company maintained the Plan's contributions in a general account which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but could not be less than zero percent. The crediting rate was reviewed on a monthly or quarterly basis, based on the underlying contract, for resetting. For the year ended December 31, 2018, the crediting interest was 2.6%. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

GUY BROWN, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

As of December 31, 2019, the Plan holds a traditional benefit-responsive investment contract with Minnesota Life Insurance Company. The Minnesota Life Insurance Company maintains the Plan's contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a monthly or quarterly basis, based on the underlying contract, for resetting. For the year ended December 31, 2019, the crediting interest was 1.53%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract values, as reported to the Plan by Invesco Trust Company and Minnesota Life Insurance Company, represent contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. Plan management believe no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events include Plan Sponsor closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer initiated events could limit the trust's ability to transact at contract value with participants.

GUY BROWN, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(6) Income tax status

The Plan Sponsor adopted a prototype plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on July 16, 2014, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the Plan, as amended is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related party and party-in-interest transactions

Certain Plan investments were shares of mutual funds managed by Reliance Trust Company from January 1, 2018 to December 1, 2019, therefore, these transactions qualified as party-in-interest transactions. In addition, the Plan holds notes receivable from participants which qualify as party-in-interest transactions.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(10) Subsequent event

During 2020, the Plan implemented certain provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions of up to \$100,000 and loans up to \$100,000 or 100% of a participants vested balance, allow loan repayments be deferred up to one year, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
