Greeley and Hansen Profit Sharing and Retirement Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Greeley and Hansen (the Company) Profit Sharing and Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established to provide retirement income to eligible employees and principals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation: An employee or principal is eligible to participate in the Plan on the beginning of the next month after employment and reaching the age of 21. Temporary employees who are paid on an hourly basis are not eligible to participate in the Plan. All eligible participants are automatically enrolled at 5 percent of eligible compensation in the Plan unless they specifically elect a different amount before the default percentage is applied, or opt out.

Contributions: Participants in the Plan may elect to make pre-tax and Roth, post-tax contributions up to 50 percent of their annual compensation subject to the Internal Revenue Code (IRC) limits. The maximum amount was \$19,000 for the year ended December 31, 2019. Individuals who attain the age of 50 by the end of the plan year may make additional catch-up contributions of up to \$6,000 for 2019. Annual compensation includes all compensation paid while a participant is in the Plan.

The employer will match 25 percent of the participant's contribution after one year of service, up to 5.5 percent of the participant's eligible compensation for each plan year.

The Company may also make discretionary profit sharing contributions to the Plan. All eligible participants receive an allocation of the profit sharing contribution based on salary and years of service. The Company made a discretionary contribution of \$52,113 for the year ended December 31, 2019, which is recorded as a contribution receivable to the Plan as of December 31, 2019.

The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Investment options: A participant may direct both employee contributions and Company contributions into any of 24 investment options, including 23 mutual funds and one common/collective trust (CCT) fund.

Participant accounts: Under the Plan, separate accounts are maintained to reflect the interests of each participant. Each participant's account is credited with the participant's contribution, and allocations of the Company's matching contributions and profit sharing contributions, if any, forfeitures and investment earnings. Each participant's account is also charged with an allocation of administrative expenses. Allocations are based on plan account balances, or participant earnings, as defined.

Participants terminated due to retirement, death or disability with undistributed benefits remaining as part of the Plan's assets continue to earn pro rata allocation of investment income and share in expenses.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in the Company's matching contributions upon fulfilling the eligibility requirements. Participants become 100 percent vested in their profit sharing allocations after three years of service per the plan document. Participants who attain retirement age, as defined, or terminate employment due to death or disability are 100 percent vested in their accounts.

Note 1. Plan Description (Continued)

Notes receivable from participants: The Plan allows each participant to borrow a minimum amount of \$1,000 and a maximum amount not to exceed the lesser of one-half of the participant's vested account balance or \$50,000 (reduced by the participant's highest outstanding loan balance in the preceding 12 months). The loan term may not exceed five years unless it is for the purchase of a principal residence, in which case it may not exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable interest rate, initially set at prime rate plus 1 percent. Interest rates for the plan year ended December 31, 2019, ranged from 4.25 to 6.50 percent. Loans are repaid ratably through bi-weekly payroll deductions.

Payment of benefits: Distributions are made at the time of termination or death by a lump-sum payment. A terminated or retired employee with an account balance of at least \$1,000 may elect to leave his existing funds in the Plan.

Administrative costs: Administrative expenses of the Plan are paid by both the Company and the Plan.

Forfeitures: Forfeitures may be allocated to eligible participants per the plan document or used to offset plan expenses. The Plan used \$14,717 to reduce administrative expenses for the year ended December 31, 2019. As of December 31, 2019 and 2018, forfeited non-vested accounts totaled \$16 and \$8,038, respectively.

Note 2. Summary of Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies using information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Loans in default are treated as distributions based upon the terms of the plan document.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of benefits: Benefit payments are recorded when paid.

Note 3. Summary of Investment Information Certified by Charles Schwab Bank, Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	December 31,	
	2019	2018
Shares of registered investment companies	\$ 47,964,688	\$ 40,748,321
Shares of common/collective trust	4,954,631	4,638,788
Notes receivable from participants	509,560	584,696
Net appreciation in fair value of investments	7,145,348	
Interest and dividends	2,315,520	
Interest income on notes receivable from participants	27,484	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodologies include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Shares of common/collective trust: Value based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the per share value of the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019 and 2018:

2019				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Shares of registered investment companies	\$ 47,964,688	\$ -	\$ -	\$ 47,964,688
Total assets in fair value hierarchy	<u>\$ 47,964,688</u>	<u>\$ -</u>	<u>\$ -</u>	47,964,688
Investments measured at net asset value (a):				
Shares of common/collective trust				4,954,631
Investments at fair value				<u>\$ 52,919,319</u>
2018				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Shares of registered investment companies	\$ 40,748,321	\$ -	\$ -	\$ 40,748,321
Total assets in fair value hierarchy	<u>\$ 40,748,321</u>	<u>\$ -</u>	<u>\$ -</u>	40,748,321
Investments measured at net asset value (a):				
Shares of common/collective trust				4,638,788
Investments at fair value				<u>\$ 45,387,109</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on net asset value per share (or its equivalent) as of December 31, 2019 and 2018.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2019	2018			
Shares of common/collective trust	\$ 4,954,631	\$ 4,638,788	\$ -	90 days	12 months

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Note 5. Related-Party Transactions

Certain plan investments are shares of a common/collective trust fund and of mutual funds managed by Charles Schwab Bank, the trustee as defined by the Plan. J.H. Ellwood & Associates, Inc. is the Plan's investment advisor; therefore, transactions with these Plan service providers qualify as party-in-interest. Fees paid by the Plan to Charles Schwab Bank and J.H. Ellwood & Associates, Inc. amounted to \$31,018 and \$14,715 for the year ended December 31, 2019, respectively.

Certain employees of the Company provide administrative services to the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

Note 7. Income Tax Status

Effective January 1, 2016, the Plan adopted a non-standardized form of a prototype plan sponsored by Schwab Retirement Plan Services Inc. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receipt of the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2019 and 2018:

	2019	2018
Net assets available for plan benefits per the financial statements	\$ 53,480,992	\$ 46,203,116
Notes receivable from participants	(509,560)	584,696
Participant loans	509,560	(584,696)
	<u>\$ 53,480,992</u>	<u>\$ 46,203,116</u>

Note 10. Subsequent Events

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern," and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the plan sponsor operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over age 70½ can be omitted for 2020.

Note 10. Subsequent Events (Continued)

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be on the Plan. As a result, the Plan investments may have incurred a significant decline in fair value since December 31, 2019.

The Plan Administrator has evaluated subsequent events for recognition and/or disclosure through October 14, 2020, the date the financial statements were available to be issued.
