NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2018

NOTE A - DESCRIPTION OF THE PLAN

The following description of the JYG Innovations 401(K) Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing retirement plan sponsored by JYG Innovations LLC (the Company) and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Under the terms of the Plan, there is one eligibility provision for all contribution types:

- Covered employees are eligible to become participants and participate in salary deferrals when they have attained age 18. An eligible employee is able to become a participant on the first day of employment after meeting the eligibility requirement.

Contributions

- (a) *Participant's voluntary salary reductions.* Participants may elect to contribute up to 100% of their compensation. Each participant's contribution may not exceed the federal maximum amount pursuant to section 402(g)(5) of the Internal Revenue Code. The Plan provides for catch-up contributions for participants over the age of fifty (50).
- (b) *A discretionary employer-matching contribution.* The matching contribution, if any, will be determined each year by the Company at its sole discretion. The matching contribution is equal to a uniform percentage of each tier of the employees salary deferrals; the percentage is determined by the Company each year. Matching contributions of \$132,316 and \$107,309 were contributed to the Plan by the Company for the years ended December 31, 2019 and 2018, respectively.
- (c) *A discretionary non-elective profit sharing contribution.* The non-elective profit sharing contribution, if any, will be determined each year by the Company at its sole discretion. This amount will be allocated based on compensation of all participants eligible to share in the discretionary amount. For the years ended December 31, 2019 and 2018, the Company made no non-elective profit sharing contributions.

Participant Accounts

Each participant's account is credited or charged with the above contributions, rollover contributions, Plan earnings, forfeitures, and Plan expenses.

DECEMBER 31, 2019 and 2018

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of twenty-nine pooled separate accounts, collective investment trusts, or a group variable annuity guaranteed income option.

Vesting

Participant vesting is based on service years. Participants are 100% vested in the voluntary salary deferrals and rollover contributions. All other employer contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited Accounts

Forfeitures of non-vested contributions will be used to first pay administrative expenses. The remaining forfeitures will be used to reduce future employer contributions payable under the Plan. In 2019 and 2018, forfeitures of \$5,278 and \$5,029, respectively, were used to pay administrative expenses, and \$5,301 and \$10,126 were applied against employer contributions, respectively. Unallocated forfeitures for the years ended December 31, 2019 and 2018, were \$15,273 and \$4,638, respectively.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant may elect to receive a lump sum distribution equal to the value of their account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Administrative Fees

Trustee fees and administrative expenses are primarily paid by the Plan Sponsor.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2018

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Global Trust Company and Principal Life Insurance Company, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and the supplemental schedule is complete and accurate with respect to investments: investments at fair value, net appreciation in fair value of investments, and schedule of assets (held at end of year).

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodologies include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2018

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Pooled Separate Accounts - Investments represented by a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using net asset value (NAV) per share. The NAV is based upon the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAVs of the underlying investments are quoted in an active market.

Collective Investment Trusts - Valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of year-end.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ 0	\$ 0	\$ 0	\$ 470,422

Investments measured at contract value				<u>3,293</u>
Total Investments	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 1,090,130</u>

*Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed investment contract with Principal Financial Group, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal Financial Group as of December 31, 2019 and 2018, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is reset monthly by the issuer but may not be less than 0.00%.

JYG INNOVATIONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2018

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs or a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants.

The average yields for the fund as of December 31, 2019 and 2018, are as follows: (1) average yield based on actual earnings is 2.52% and 2.35%, respectively; (2) average yield based on interest rate credited to participants is 2.52% and 2.35%, respectively.

NOTE F - INCOME TAX STATUS

Effective March 31, 2014, the Plan Sponsor adopted The Retirement Advantage, Inc., prototype plan dated March 31, 2014. The Retirement Advantage, Inc., obtained an Advisory Letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no income taxes have been provided for in the financial statements

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Certain investments offered by the Plan are managed by Principal Financial Group. Principal Financial Group is the Plan custodian; therefore, these transactions qualify as party-in-interest transactions.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become one hundred percent (100%) vested in their accounts.

JYG INNOVATIONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2018

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization (the WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred significant fluctuation since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has implemented certain requirements by the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which are laws that change the Plan to, among others, suspend required minimum distributions and delay the commencement date for required minimum distributions. The optional features within this act are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Subsequent events were evaluated through October 12, 2020, which is the date the financial statements were available to be issued.
