Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019, and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter - 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018 were audited by ACM LLP, whose partners and professional staff joined BDO USA, LLP as of August 1, 2020, and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed ACM LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee of the Plan. Their report, dated October 11, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the 2019 financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations - 2019

The form and content of the information included in the 2019 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Beau Jo's 401(k) Savings Plan, as amended (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 1996 and is for the benefit of employees of Beau Jo's Management Company and other affiliated participating companies (the "Company" or the "Sponsor") and was amended and restated February 1, 2019. The Plan is a defined contribution plan covering all eligible employees of the Company.

The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred income arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Trustee and Administration of the Plan

The trustee of the Plan is Reliance Trust Company ("Trustee") and ADP Retirement Services ("ADP") is the recordkeeper. The Trustee holds all assets of the Plan in accordance with the provisions of the respective trust agreement and service provider contract with the Company. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

An employee is eligible to be an active member of the Plan on the first day of the following month after meeting eligibility requirements. The employee must be 21 years of age and have one year of service (1,000 hours, as defined) to be eligible for the Plan. An individual is eligible for the employer matching contribution if they have met the eligibility requirements above. An individual is eligible for the discretionary profit sharing contribution if they have met the eligibility requirements above and have at least 500 hours of service during the Plan year, and are employed as of the last day of the Plan year. If the participant dies, becomes disabled or reaches normal retirement age (65), the 500 hour requirement and last day rule do not apply.

Contributions

Eligible participants may contribute on a pre-tax or after-tax Roth basis up to 90 percent of their annual compensation, as elected in their salary deferral agreements. Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the Plan administrator and the Plan Document. A participant may cease making elective deferral contributions at any time.

Deferral contributions shall not exceed certain limits as set forth by the IRC. The Internal Revenue Service ("IRS") adjusts this limitation each year for cost-of-living increases. The Plan also allows catch-up contributions for participants age 50 of over subject to certain IRC limitations.

The Company makes an employer matching contribution of 25 percent of the first 6 percent of a participant's eligible compensation. The Company may also make a discretionary profit-sharing contribution for participants who meet the eligibility requirements. For the year ended December 31, 2019 the Company did not make a discretionary profit-sharing contribution.

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts ("IRA") are accepted as permitted by the Plan Document.

Participants' Accounts and Investment Options

Each participant's account is credited (1) the participant's pre-tax, after-tax Roth, catch-up, and rollover contributions; (2) employer matching contributions and discretionary profit-sharing contributions (if any); and (3) an allocation of the Plan earnings or losses. Each participant's account is charged with withdrawals and expenses. Participants are charged an administrative fee for participant requested transactions. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each fund.

Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants may make investment option changes at any time that will be effective at the beginning of the next payroll period. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately 100 percent vested in their own contributions, rollover contributions and the earnings or losses thereon.

A participant's vested interest in the employer matching and discretionary profit-sharing contributions is based upon the participant's years of service, as defined, as follows:

Years of Service	Vesting
Less than 1 Year	0 percent
1 Year	30 percent
2 Years	60 percent
3 Years or more	100 percent

Forfeitures

Forfeitures arising from non-vested employer contributions may be used to offset future employer contributions or pay Plan expenses. The forfeiture account had a balance of $11 as of December 31, 2019 and 2018. During the year ended December 31, 2019, no forfeitures were used to offset employer matching contributions or to pay Plan expenses.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount, leave the account in the Plan, or rollover the vested balance to another

qualified retirement plan or IRA. Participant account balances of less than $1,000 are distributed automatically upon termination. Balances greater than $1,000 and up to $5,000 are paid as a rollover into an IRA on behalf of the participant. These mandatory distributions apply only if the participant has not made an affirmative election for distribution. Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000 reduced by the highest outstanding note balance in their account during the prior twelve month period. Notes are secured by the participant's account and bear an interest rate equal to the rate of interest charged for a comparable fully secured loan charged by the Company's primary bank. The interest rate is fixed for the term of the note. The note is repaid ratably through payroll deductions over a period of five years or less, unless the note is for a primary residence which may be a longer period. These notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. A participant may not have more than three notes outstanding at any time. As of December 31, 2019, the participant notes held by the Plan bore an interest rate between 4.50 percent and 7.50 percent.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, amounts credited to the individual participant's accounts would become 100 percent vested.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as further described in Note 4, *Fair Value Measurements*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by their investment advisor and Trustee.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Distributions of benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid interest was de minimus. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Participant loan, distribution, administrative and investment fees are paid by participants to the Trustee and investment advisor. Certain investment management fees are netted with earnings or losses within the mutual funds.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Net investment income in fair value of investments and interest on notes receivable from participants as reported on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2019.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related investment information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured on a recurring basis as of December 31, 2019 and 2018:

December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 719,347	$ -	$ -	$ 719,347
Total investments in the fair value hierarchy	$ 719,347	$ -	$ -	$ 719,347

December 31, 2018	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 635,596	$ -	$ -	$ 635,596
Total investments in the fair value hierarchy	$ 635,596	$ -	$ -	$ 635,596

For the year ended December 31, 2019, there were no transfers in or out of Level 1 investments.

5. Income Tax Status

The Plan was amended and restated effective January 1, 2017 by adopting a non-standardized prototype plan. The non-standardized prototype plan received an opinion letter from the IRS dated July 8, 2014, stating that the prototype plan is qualified under the applicable sections of the IRC. The Plan has been amended since the applicable date of the letter; however, the Plan administrator believes that the Plan, as amended, is designed and currently being operated in compliance with the applicable provisions of the IRC and the Plan and related trust continue to be tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

6. Related Party and Parties-in-Interest Transactions

Administrative fees, including participant loan fees, distribution fees, and asset-based fees were paid to the Trustee, for the year ended December 31, 2019. Certain participants of the Plan have outstanding loans with the Plan as of December 31, 2019 and 2018, which are secured by the vested balances of the participants' accounts. The transactions above qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Concentrations, Risks and Uncertainties

The Plan provides for various investments in mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the

level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. See Note 8, *Subsequent Events*, for further discussion.

As of December 31, 2019 and 2018, there were two and three investments held, respectively, which individually accounted for more than 10 percent of the net assets available for benefits. See supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for complete listing of investments held as of December 31, 2019.

8. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 15, 2020, which is the date the financial statements were available to be issued. No events or transactions discovered during this evaluation required recognition or disclosures in the financial statements other than the items disclosed below.

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization ("WHO"). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to instability in the financial markets. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be reasonably estimated at this time.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has not adopted any provisions of the CARES act as of the date the financial statements were available to be issued.

The Plan was amended and restated effective January 1, 2020. There were no changes to plan provisions as a result of the restatement.
