Report of Independent Auditor

To the Plan Administrator
Vector Solutions 401(k) Plan
Tampa, Florida

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Vector Solutions 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the "Trustee" for the years ended December 31, 2019 and 2018, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 10 to the financial statements, in March 2020 the World Health Organization declared an outbreak of a novel coronavirus ("COVID-19") a global pandemic. As a result of the spread of COVID-19, economic uncertainties have arisen, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has seen significant volatility subsequent to December 31, 2019. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2019, is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report of Independent Auditor

To the Plan Administrator
Vector Solutions 401(k) Plan
Tampa, Florida

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Vector Solutions 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the "Trustee" for the years ended December 31, 2019 and 2018, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 10 to the financial statements, in March 2020 the World Health Organization declared an outbreak of a novel coronavirus ("COVID-19") a global pandemic. As a result of the spread of COVID-19, economic uncertainties have arisen, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has seen significant volatility subsequent to December 31, 2019. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2019, is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Plan description

The following is a description of the Vector Solutions 401(k) Plan (the "Plan") and provides only general information of the major Plan provisions. Participants should refer to the Plan document for more complete information.

General – The Plan was established by RedVector.com, LLC (the "Plan Sponsor") as a defined contribution plan effective January 1, 2003. The Plan was amended and restated effective January 1, 2018 to comply with Internal Revenue Service ("IRS") regulations for periodic plan restatements. There were no changes to major Plan provisions due to this restatement; however, effective January 1, 2018, the Plan was further amended to eliminate the age requirement for eligibility and all participant balances became 100% vested on January 1, 2018. The Plan is a single-employer plan and permits the employees of the Plan Sponsor to participate in the Plan. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – Employees of the Plan Sponsor are eligible to participate in the Plan upon hire and the Plan provides for entry dates as of the first day of each month. The Plan excludes non-resident aliens and employees covered by a collective bargaining agreement. Participants who have completed 1,000 hours of service within the Plan year are eligible for safe harbor employer matching contributions.

Contributions – The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code ("IRC"). Eligible participants are permitted to elect to have up to 75% of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan Sponsor makes safe harbor matching contributions, at its discretion, to the Plan. For the year ended December 31, 2019, the Plan Sponsor safe harbor matching contribution was 50% of the first 6% of eligible compensation that a participant contributes to the Plan.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant's account is credited and/or reduced with the participant's contributions and withdrawals, the Plan Sponsor's matching and profit-sharing contributions, and allocations of Plan earnings or losses. Allocations are based on participant earnings, account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting – Participants are immediately vested in their contributions, safe harbor employer matching contributions, and rollovers, plus or minus any earnings or losses thereon. Vesting of employer matching and profit-sharing contributions, plus or minus any earnings or losses thereon, varies by participant. Participants employed by the Plan Sponsor on January 1, 2018 were 100% vested effective on that date. Participants not employed by the Plan Sponsor on January 1, 2018 were not affected.

If a participant's services are terminated due to retirement, disability, or death, the employer matching and profit-sharing contributions are deemed to be fully vested.

Note 1—Plan description (continued)

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan was used to acquire a principal residence, in which case the repayment period may exceed five years. Notes are secured by the balance in participant's accounts. The interest rate on loans outstanding as of December 31, 2019 ranged between 4.25% to 6.50%.

Benefit Payments – Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. Benefits are recorded when processed and paid by the Plan. Payments under the Plan's hardship provision result in a suspension of contributions to the Plan for a period of six months.

Forfeitures – Any nonvested portion of employer matching or profit-sharing contributions credited to the accounts of participants who withdraw form the Plan are forfeited and used either for payment of eligible administrative expenses or to reduce employer matching contributions. The Plan had forfeiture balances of approximately $31,000 and $1,000 as of December 31, 2019 and 2018, respectively. The Plan did not use forfeitures to pay administrative expenses during the years ended December 31, 2019 or 2018.

Note 2—Summary of significant accounting policies (continued)

Basis of Presentation – The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments, Investment Valuation, and Income Recognition – The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations are made based upon a fair value hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other-than-quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

Benefit Paid to Participants – Benefits are recorded when processed and paid by the Plan.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Accounting Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – Management has evaluated subsequent events through October 13, 2020 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

Note 3—Information provided and certified by the Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified by Wells Fargo Bank, N.A. (the "Trustee") as complete and accurate:

	December 31,	
	2019	2018
Investments at fair value	$ 13,029,551	$ 8,665,979
Fully benefit-responsive investment contract at contract value	$ 447,790	$ 371,164

	Year Ended December 31, 2019
Net appreciation in fair value of investments	$ 2,095,698
Interest and dividends	$ 206,224
Interest income on notes receivable from participants	$ 6,325

Note 4—Investments at fair value

The following summarizes the Plan's investments as of December 31, 2019 based upon the fair value hierarchy levels described in Note 2:

As of December 31, 2019	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 2)	Total
Mutual funds [(1)]	$ 13,029,551	$ -	$ -	$ 13,029,551
Investments at fair value				$ 13,029,551
As of December 31, 2018				
Mutual funds [(1)]	$ 8,665,979	$ -	$ -	$ 8,665,979
Investments at fair value				$ 8,665,979

[(1)] Amounts are unaudited - see Note 3

Note 5—Fully benefit-responsive investment contract

The Plan invested in an investment contract as of December 31, 2019 and 2018 which includes a guaranteed interest rate and was determined to be a traditional fully benefit-responsive guaranteed investment contract (the "Investment Contract"). As a result of the contract being fully-benefit responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Investment Contract. Contract value, as reported to the Plan by the Trustee, represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value. The contract value is approximately $448,000 and $371,000 as of December 31, 2019 and 2018, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the Investment Contract. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7—Income tax status

The Plan operates under the prototype provision established by the USI Consulting Group ("USI") Prototype Non-standardized Profit Sharing Plan ("Prototype Plan"). USI obtained its latest determination letter dated March 31, 2014, in which the IRS stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8—Party-in-interest transactions

Certain investments were guaranteed interest contracts managed by the Trustee. Fees paid during the Plan year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. While these transactions qualify as party-in-interest activity, they are exempt from the prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note 9—Risks and uncertainties

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10—Subsequent events

COVID-19 – As a result of the spread of a novel strain of coronavirus ("COVID-19"), economic uncertainties have arisen, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred a significant volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 pandemic continues to evolve as of the date of this report.

Employer Matching Contributions – Effective June 1, 2020, in light of the COVID-19 pandemic and in an effort to preserve operating cash flow, the employer contribution for the Plan was temporarily suspended and reinstated effective September 28, 2020.

Plan Restatement and Change in Recordkeeper and Trustee – Effective September 1, 2020, participant recordkeeping and investment management services of the Plan were assumed by Lincoln Financial Group and trustee services of the Plan were assumed by Lincoln Financial Group Trust Company. As a result, the Plan was restated effective as of this date.
