THE PERSTORP 401(K) RETIREMENT PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of ***The Perstorp 401(k) Retirement Plan*** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of ***Perstorp Polyols, Inc.*** and affiliates (the "Company") who are age 21 or older, and have completed 1 month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In February 2019 the Company sold its wholly owned subidisary Perstorp Capa. As a result of the sale, on June 28, 2019, the accounts of all Perstorp Capa employees were transferred out of the Plan to Ingevity Corporation Retirement Savings Plan (an existing plan controlled by the acquiring company).

On January 16, 2019, Plan management initiated a redemption of all investments of the Plan in order to provide for a transfer of Plan assets from Wells Fargo Bank, N.A., the Plan's trustee through December 31, 2018, to Fidelity Management Trust Company, the sucessor trustee.

Risks and Economic Uncertainties

The Plan invests in various mutual funds and common/collective trusts with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan's investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and on March 13, 2020, the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and are expected to continue to have material adverse financial and other impacts on world economies.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets. During this time, because of the uncertainty in financial and other markets associated with the pandemic, it is difficult to fully assess or predict the impact brought by, and the duration of, the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants' account balances, and the investment amounts reported in the Plan's statements of net assets available for benefits and changes in net assets available for benefits.

Notes to Financial Statements

Contributions

Each year participants may contribute up to 50% of eligible annual compensation on a pre-tax basis, as Roth 401(k) contributions on an after-tax basis, or a combination thereof, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans (rollover). Commencing February 23, 2019, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of pre-tax compensation and their contributions invested in a Fidelity Freedom Fund, based on their normal retirement date, until changed by the participant. Participants' deferral percentages are automatically increased 1% annually up to 8% of pre-tax compensation, unless they affirmatively elect out of this automatic increase. The Company matches 50% of participants' contributions, up to a maximum of 6% of each participant's eligible compensation, for a maximum matching contribution of 3% of compensation. The Company, at its discretion, may make an additional matching contribution to the Plan each year for its employees who are employed on the last day of the plan year. No discretionary matching contributions were made in 2019 or 2018. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and common/collective trusts as investment options for participants. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and Plan earnings, and charged with an allocation of administrative expenses, if any. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions, plus actual earnings thereon. Vesting in the Company matching contributions is based on years of continuous service. A participant becomes fully vested after one year of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have a maximum of two loans outstanding at any time. The loan term will not exceed five years unless the loan proceeds are applied toward the purchase of a principal residence, in which case the loan term can be for up to fifteen years. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the inception of each loan, with interest rates ranging from 4.25% to 8.25% at December 31, 2019. Principal and interest is collected ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. If the participant's vested account balance is less than $1,000, payment will be made in a lump-sum without the participant's consent. If the vested account balance is greater than $1,000 but less than $5,000, payment will be made as a direct rollover to an individual retirement account at the trustee, or such other provider as the Plan Administrator designates in accordance with Department of Labor ("DOL") guidelines, unless the participant elects otherwise.

In-service withdrawals of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' vested balances only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future employer cash contributions with any remaining amounts allocated to Plan expenses. Forfeited account balances and amounts used were not significant as of and for the years ended December 31, 2019 and 2018.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes therein and, when applicable, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Notes to Financial Statements

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and common/collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a deemed distribution is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become the obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The standard is effective for fiscal years beginning after December 15, 2019. The amendments modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification 820. Management continues to evaluate the impact of the adoption of ASU 2018-13 and its potential effect on the Plan's financial statement disclosures.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2019, the most recent statement of net assets available for benefits presented herein, through October 14, 2020, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified other than the risks and economic uncertainties disclosed above and the matter described in Note 8.

Notes to Financial Statements

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), and Wells Fargo Bank, N.A. ("Wells Fargo"), as trustees, have certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, (2) the December 31, 2019, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2019 and 2018. Fidelity and Wells Fargo have also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2019 and 2018.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Notes to Financial Statements

Common/collective trusts: These investments are valued at the NAV of units owned by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and, as a result, are not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2019	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	$ 12,511,745	$ -	$ -	$ -	$ 12,511,745
Common/collective trusts	-	-	-	2,348,784	2,348,784
Total investments at fair value	**$ 12,511,745**	**$ -**	**$ -**	**$ 2,348,784**	**$ 14,860,529**

2018	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	$ 9,208,155	$ -	$ -	$ -	$ 9,208,155
Common/collective trusts	-	-	-	5,032,274	5,032,274
Total investments at fair value	**$ 9,208,155**	**$ -**	**$ -**	**$ 5,032,274**	**$ 14,240,429**

(1) Certain investments are measured at NAV per share (or its equivalent) on a market that is not active and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels during 2019 and 2018.

Notes to Financial Statements

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	Fair Value 2019	Fair Value 2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trusts	$ 2,348,784	$ 5,032,274	$ -	Daily	Daily

The following is a description of the investment strategy for investments in certain entities that calculate net asset value per share (or its equivalent) at December 31, 2019 and 2018:

Common/collective trusts: The collective trusts invest in stocks included in the S&P 500 and in a diversified portfolio of bonds issued by the U.S. government and its agencies. Investments may also be made in Ameriprise Trust Company government fixed income collective funds in an attempt to maintain principal value.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Wells Fargo was the trustee of the Plan prior to January 16, 2019. Fidelity became the trustee effective January 16, 2019, and is a related party to Fidelity Investments Institutional Operations Company, Inc. ("Fidelity Investments"). Certain Plan investments are managed by Fidelity Investments; therefore, transactions with Fidelity, Fidelity Investments and Wells Fargo qualify as party-in-interest. Fees paid by the Plan for investment management services are generally included in net appreciation (depreciation) in the fair value of investments as they are paid through revenue sharing rather than a direct payment. Expenses paid to Fidelity and Wells Fargo are reflected as administrative and other expenses on the accompanying statements of changes in net assets available for benefits and amounted to $4,013 in 2019 and $1,040 in 2018.

5. INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated February 28, 2018, that the Plan and related trust are designed in accordance with Section 401(a) of the Internal Revenue Code ("IRC"). The Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the income tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

Notes to Financial Statements

7. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2019 and 2018, the Company was untimely in remitting certain participant contributions in the amount of $144,575 and $22,869, respectively. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. 8. SUBSEQUENT EVENTS

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Effective April 10, 2020, the Plan adopted the distribution provision of the CARES Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
