Note 1 - Description of Plan

The following description of Accommodations Plus International Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 2004 and amended December 1, 2018, is a defined contribution 401(k) profit sharing plan. The Plan covers all eligible employees of Accommodations Plus Inc. (the "Sponsor") who are age 21 or older and have completed 90 consecutive days of eligibility service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The custodian of the plan is Nationwide Financial Services, Inc. (the "Custodian"). Certain individuals employed at the Sponsor serve as Trustees ("Trustee"). The recordkeeper is Associated Pension Consultants, Inc. ("Recordkeeper").

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation on a pre-tax basis, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the "Code") for 2019 of $19,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may elect to change the type of investment allocation at any time during the year.

The Sponsor may also make discretionary matching contributions. The Sponsor will decide each Plan year the amount of the employer matching contribution. For 2019, the Sponsor approved an employer match of 50% of the participants' elective deferrals, not to exceed 6% of eligible compensation. The Sponsor made contributions in the amount of $267,904 for the year ended December 31, 2019.

The Sponsor also may make discretionary profit sharing contributions to the Plan at the option of the Sponsor's board of directors. If made, profit sharing contributions would be allocated based on a pro rata formula to all participants who completed at least 1,000 hours of service during the Plan year and were employed on the last day of the Plan year. Profit sharing contributions are invested as directed by the participant. There were no profit sharing contributions made in 2019.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contribution, employer's contributions, and the allocated earnings of the Plan's investments, including net appreciation or depreciation in the value of the investments. Contributions are invested at the direction of the participant among the investment options available under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollovers, plus actual earnings or losses thereon. Participants shall have a vested percentage in the Sponsor's matching contributions and profit sharing contribution based on years of service as follows:

Years of Service	Percent Vested
Less than one year	0%
One year but less than two years	33%
Two years but less than three years	67%
Three or more years	100%

In addition, participants become 100% vested with respect to the Sponsor's contributions upon death, disability or the attainment of 65 while employed by the Sponsor.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000 and a participant may have up to two loans outstanding. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest of prime plus 2%, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is twenty years. Any outstanding loans must be fully repaid when employment terminates.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in equal installments over a certain period. The Plan also allows certain withdrawals at age 59½.

Note 1 - Description of Plan (cont'd.)

Deemed Distributions

For participant loans in which the participant has a distributable event, such as employment termination, death, or disability, the loan is considered a deemed distribution. The participant loan is removed from the statement of net assets available for benefits and a distribution is recorded. For active participants who have not incurred a distributable event, but have delinquent loans, the participant loan remains outstanding until a distributable event occurs. For the year ended December 31, 2019, the Plan has deemed distributions amounting to $5,695.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $1,196 and $6,455, respectively. These accounts will be used to offset future employer contributions, pay Plan expenses and restore forfeitures. The Sponsor used $6,455 of forfeitures to offset the employer match receivable as of December 31, 2019.

Reclassifications

Certain amounts in the prior period financial statements have been reclassified to conform to current year presentation. These reclassifications had no effect on previously reported net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2019 range from 5.50% to 7.50%.

Excess Contributions Payable

Amounts payable to participants for the contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability, with a corresponding reduction to contributions. The amount due to participants at December 31, 2019 was $16,589, which was paid subsequent to December 31, 2019.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Nationwide Financial Services, Inc., the custodian of the Plan, as of December 31, 2019 and 2018 and for the year ended December 31, 2019. This information has not been audited by the independent auditors.

Pooled separate accounts	$ 7,037,641	$ 5,089,199

Investment income:		
Net appreciation in fair value of investments	$ 1,162,409

	$ 1,169,102	
Interest income on notes receivable from participants	$ 4,545	

Note 4 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to readily available unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements) when market prices are not readily available or reliable. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Note 4 - Fair Value Measurements (cont'd.)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at their "accumulation unit value" ("AUV"). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the net asset value ("NAV") of shares of the underlying fund, the fund's dividends and the contract's separate account charges. Transactions occur daily in and out of the accounts. The fund's net asset values are available from Principal Life Insurance Company. The contract's daily asset charge (separate account charge) is communicated to Plan management in the contract and applicable notice of change is provided.

Group annuity contract: Valued using a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually (see Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 4 - Fair Value Measurements (cont'd.)

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 7,037,641	$ -	$ 7,037,641
Annuity insurance contract		389,518		389,518
Total investments at fair value	$ -	$ 7,427,159	$ -	$ 7,427,159

	Assets at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 5,089,199	$ -	$ 5,089,199
Annuity insurance contract		336,905		336,905
Total investments at fair value	$ -	$ 5,426,104	$ -	$ 5,426,104

Note 5 - Group Annuity Contract

The Plan invests in an annuity insurance contract with Nationwide Financial Services, Inc., which maintains the contributions in a general account. Because certain events limit the ability of the Plan to transact at contract value with the issuer, the Plan has determined that the annuity insurance contract is not fully benefit-responsive, and therefore, it is presented on the face of the statement of net assets available for benefits at fair value.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed annually for resetting.

Note 6 - Related Party Transactions and Party-In-Interest Transactions

All Plan investments are pooled separate accounts managed by the Custodian. Therefore, the transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments. The Plan's Sponsor directly pays any other fees related to the Plan's operations. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax Status

The Plan has adopted the CCH Incorporated dba ftwilliam.com ("CCH") nonstandardized profit sharing plan. Accordingly, the Plan is permitted to rely on CCH's opinion letters. The Internal Revenue Service has determined and informed CCH by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax benefit only if it is more likely than not that the tax position would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Delinquent Participant Contributions

During the year ended December 31, 2019, the Sponsor did not submit employee contributions and employer contributions of $150,857 in a timely manner. This requires the Sponsor to file notice with the Internal Revenue Service and the Department of Labor, which will result in the payment of an excise tax by the Sponsor.

Note 11 - Subsequent Events

Subsequent to December 31, 2019, local, U.S. and world governments have declared a global pandemic due to the coronavirus disease ("COVID-19"). Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Although it cannot be reasonably determined at this time whether this will have a long-term impact, in the short-term, this has caused significant losses in U.S. and global markets and the values of investment securities, which could negatively impact participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 - Subsequent Events (cont'd.)

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain of the CARES Act provisions increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits. The CARES Act does not require formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates within the revised limits.

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2019 through October 14, 2020, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure except as noted above.
