1. DESCRIPTION OF PLAN

The following description of the Wright & Co. Construction, Inc. Retirement Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all employees of Wright & Co. Construction, Inc. ("Employer") who have completed twelve months of service and have attained eighteen years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

B. Contributions

Each year, participants may contribute up to 100% of pretax or after tax annual compensation, as defined in the Plan, limited to the annual elective deferral limitation as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes a ROTH contribution feature. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may, in its sole discretion, make a profit sharing contribution to the Plan on the participant's behalf if the participant has completed at least 1,000 hours of service during the Plan year and is employed by the Employer on the last day of the Plan year. If the participant is not employed on the last day of the Plan year due to death, disability or separation due to attainment of normal retirement age, the participant will be eligible to receive a profit sharing contribution.

Profit sharing contributions will be allocated to the participant accounts after the end of the Plan year. Such contributions will be allocated in accordance with the Plan document.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Employer's contribution and Plan earnings and charged with an allocation of applicable administrative expenses. Each participant self directs their contribution into their choice of various pooled separate account fund investments available under the Plan, and their account is credited with the earnings attributable to their individual portfolio.

D. Vesting

Participants are vested immediately in participant contributions plus actual earnings thereon.

Participants are vested in employer profit sharing contributions as follows:

Years of Services	Vesting Percentage
1 year	0%
2 years	25%
3 years	50%
4 years	75%
5 or more years	100%

E. Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full vested benefits under the Plan. Forfeitures may be used to pay administrative fees and record-keeping expenses. If forfeitures are not sufficient to pay these fees and expenses for the year, the remaining amounts will be paid by the Employer. In any year when forfeitures exceed expenses, the excess may be used to reduce future employer contributions. Forfeitures amounted to $64,508 and $13,727 for the years ended December 31, 2019 and 2018, respectively. As of December 31, 2019, there were $14,365 unallocated forfeitures. As of December 31, 2018, there were no unallocated forfeiture balances.

F. Notes Receivable from Participants

Participants may borrow from their account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.50% to 6.50%.

G. Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or may delay receipt of benefits if the vested account balance is greater than $5,000.

2. SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019. Principal and interest are paid through bi-weekly payroll deductions. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

D. Administrative and Other Plan Expenses

Certain administrative and other Plan expenses incurred are generally paid by the Employer.

E. Benefit Payments

Benefits are recorded when paid.

3. INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

i. Cash Account – The cash account is interest-bearing, and represents unallocated contribution payments that have not been credited to participant accounts as of December 31, 2019. Unallocated contribution payments are credited to the Plan's interest-bearing cash account until the specified transaction can take place. At December 31, 2019, the cash account balance included unallocated forfeitures, as well as forfeitures allocated towards reducing employer contributions to be paid in 2020.

ii. John Hancock Life Insurance Co. - Pooled Separate Account: The value of a pooled separate account is its market value less operating expenses accrued but not deducted, if any. If there is no readily available market, its value is the fair value of the underlying investments held in such separate account as determined by John Hancock Life Insurance Co. using generally accepted accounting practices and applicable law, which is quoted prices. Each pooled separate account may invest in mutual funds,

collective investment trusts, and/or exchange traded funds. The fair value of the mutual fund is a publicly quoted pricing input used in determining the net asset value (NAV) of the pooled separate account, which is not publicly quoted.

The following table summarizes investments as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments: the redemption notice period is applicable only to the Plan.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Cash Account	$ 69,977	$ -	$ -	$ 69,977
John Hancock Life Insurance Co. Pooled Separate Accounts	-	16,041,105	-	16,041,105
Total Assets at Fair Value	$ 69,977	$ 16,041,105	$ -	$ 16,111,082

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
John Hancock Life Insurance Co. Pooled Separate Accounts	$ -	$ 13,331,912	$ -	$ 13,331,912
Total Assets at Fair Value	$ -	$ 13,331,912	$ -	$ 13,331,912

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in funds managed by John Hancock Life Insurance Co. (John Hancock). John Hancock is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. ASSETS AND ACTIVITY UNDER CERTIFICATION

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Co.

	2019	2018
Investments:		
Cash account - interest bearing	$ 69,977	$ -
John Hancock Life Insurance Co.		
Pooled separate accounts - at net asset value	16,041,105	13,331,912
	$ 16,111,082	$ 13,331,912
Investment income:		
Net appreciation in fair value of investments	$ 2,798,834	

9. SUBSEQUENT EVENT

The Plan has evaluated subsequent events through October 13, 2020, which is the date the financial statements were available to be issued. No significant events were identified that would require adjustment of or disclosure in the financial statements, except for the following:

In early 2020, an outbreak of the novel strain of coronavirus (COVID-19) emerged globally. As a result, there have been mandates from federal, state and local authorities resulting in an overall decline in economic activity. While it is reasonably possible that COVID-19 could have a negative effect on the fair value of the Plan's investments, the specific impact is not readily determinable as of the date of the financial statements. The financial statements do not include any adjustment that might result from the outcome of this uncertainty.
