HEA Clinic, P.A. 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of the HEA Clinic, P.A. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of HEA Clinic, P.A. 401(k) Plan, operating as Houston Eye Associates (Employer and Plan Sponsor) who have completed six months of service and have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan consists of various investments under contract with Bank of America, N.A. (the Trustee) who serves as the trustee of the Plan and has provided certification statements as to the completeness and accuracy of the information provided to the Plan's sponsor. Accordingly, the Plan has elected to instruct the auditors not to perform any auditing procedures with respect to the information prepared and certified by the Trustee, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. This limited scope exemption applies only to the Plan's investment assets, participant loans, income thereon and related transactions, and supplemental schedule of assets. All investments in the Plan are participant-directed.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also designate some of their contributions as after tax contributions to a Roth 401(k) option. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Effective January 1, 2012, the Plan was revised to include an automatic deferral provision of 1% of the participant's compensation unless the participant makes a contrary election. Effective January 1, 2014, the automatic deferral provision was increased to 2%. Effective April 1, 2015, the automatic deferral provision was increased to 3%.

Employer contributions are determined annually by the board of directors of the Employer and shall not exceed the maximum amount deductible by the Employer for federal income tax purposes. The Employer contribution can take the form of a discretionary match of a percentage of the employee's contribution, or can be a discretionary contribution amount allocated to the account of each active participant who is employed as of the last day of the Plan year, including any such participants who did not make any salary deferral contributions for the Plan year, or both. Employer contributions vest ratably over a six year period, beginning at year two.

Salary deferrals up to 6 percent of the participant's compensation will be matched as a discretionary matching contribution equal to a uniform percentage of each participant's deferred compensation, the exact percentage, if any, to be determined each year by the Employer. For the years ended December 31, 2019 and 2018, the Employer made matching contributions to the Plan of $741,671 and $745,233 and a discretionary profit sharing contribution to the Plan of $1,794,507 and $1,829,018, after applied forfeitures/overfunding of $197,542 and $186,516. The employer contribution receivable of $2,536,178 and $2,574,251 was funded to the Plan subsequent to December 31, 2019 and 2018, respectively.

Participant Accounts

A Plan participant's account is credited with the employee's contribution and an allocation of (a) the Employer's contribution, if any, and (b) Plan earnings and expenses. Allocations are based on participant compensation, account balance, as defined, or actual contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A Plan participant whose employment is terminated for any reason is entitled to the full value of his or her vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant vests ratably beginning at year two of service and is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum amount of one-half the participant's vested account balance or $50,000 reduced by the excess, if any, of the highest outstanding loan balance in the account during the one-year period ending on the day before the date of the new loan over the current outstanding balance of loans as of the date of the new loan. The loans are secured by the balance of the participant's account and bear a reasonable interest rate as determined by the Plan administrator based on the prevailing interest rates charged for similar types of loans by other lenders. The interest rate shall remain fixed throughout the duration of the loan.

Participant loans must be payable within a period not exceeding five years from the date the participant received the loan, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be payable within a reasonable period of time that may exceed five years from the date of the loan. Loan repayments, including principal and interest, must be made through payroll deductions on at least a quarterly basis.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant, or beneficiary in case of death, may elect to receive payment either as a lump sum or in installments in the amount equal to the value of the participant's vested interest in his or her account, if the vested balance exceeds $5,000. If the vested balance is less than $5,000, the benefit will be paid in a single lump-sum. The Plan provides for an automatic rollover into an individual retirement account of amounts greater than $1,000 but less than $5,000 if the participant does not elect to have such distributions paid directly into another eligible retirement plan or account, or to receive the distribution directly.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce current and future Employer contributions. At December 31, 2019 and 2018, forfeited non-vested accounts carried forward totaled approximately $101,351 and $95,000, respectively.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when paid. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise elected to be paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued.

Note 3. Certified Investments

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, investment income, and interest income on notes receivable from participants for the years ended December 31, 2019 and 2018, was obtained or derived from information provided to Plan management and certified as complete and accurate by Bank of America, N.A., the trustee of the Plan.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued using the NAV of the fund shares.

Stable value funds: Valued at the NAV of the shares held by the Plan at year end, which is based on the fair value underlying investments using information reported by the investment advisor at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019	2018
Level 1		
Mutual funds	$ 48,449,350	$ 38,840,250
Total assets in the fair value hierarchy	48,449,350	38,840,250
Investments Measured at Net Asset Value		
Stable value funds	4,911,034	3,938,523
Investments at fair value	$ 53,360,384	$ 42,778,773

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively.

	2019	2018
Stable value funds (a)		
Fair value	$ 4,911,034	$ 3,938,523
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None

(a) The Federated Capital Preservation Funds invest primarily in stable value products such as Guaranteed Investment Contracts (GICs), synthetic GICs, separate account GICs, which provide steady return in the form of interest payments. The Federated Capital Preservation Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The underlying investments guarantee varying minimum rates of return and provide full benefit responsiveness. The fair value of traditional GICs are calculated by discounting expected future cash flows using current market interest rates. The fair value of separate account and synthetic GICs are determined based on the fair value of the underlying securities, combined with the fair value of the underlying wrap contract.

Note 5. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are units of a money market account managed by the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

Note 7. Tax Status

The Employer has retroactively adopted and followed the terms of a prototype plan, as submitted to the Internal Revenue Service (IRS). The Employer has relied on the favorable opinion letter issued by the IRS on March 31, 2014 regarding the acceptability of the Plan under section 401(a) of the IRC as not subject to tax under present income tax laws. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9. Subsequent Events

COVID-19

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The extent of the operational and financial impact the COVID-19 pandemic may have on the Plan Sponsor has yet to be determined and is dependent on its duration and spread, any related operational restrictions and the overall economy. The Plan Sponsor is unable to accurately predict how COVID-19 will affect the results of its operations or the Plan because the virus's severity and the duration of the pandemic are uncertain. Potential impacts include, but are not limited to, additional costs for responding to COVID-19, potential shortages of personnel, delays, loss of, or reduction to revenue and overall market decline. Management believes the Plan Sponsor is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available for issuance.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted into law. The CARES Act includes provisions that provide for changes to retirement plans. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.
