General

Foxrock Ranch Holding Company, LLC (the "Company") established the Plan effective January 1, 2019. There was no activity in the Plan prior to the transfer of assets from the Preferred Companies 401(k) Retirement Plan in June 2019.

The Plan covers all employees of the Company and its participating employers except employees covered by a collective bargaining agreement, nonresident aliens, leased employees, interns, temporary and seasonable employees, and employees of any affiliated employer that has not adopted this Plan. Eligible employees who have attained the age of 18 and have completed one month of continuous service may enter the Plan on the first day of the plan year quarter coinciding with or next following meeting the eligibility requirements. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Beginning June 14, 2019, participants could elect to make salary deferral contributions and/or Roth contributions to the Plan up to 100% of eligible compensation subject to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for participants in a former employer's qualified plan to contribute direct rollovers to the Plan. The Company automatically enrolls employees who meet the eligibility requirements in the Plan, unless the employee opts out or elects a different percentage. Participants who are automatically enrolled will have an initial salary deferral contribution of 3% with annual increases of 1% on January 1st of each subsequent plan year up to a maximum deferral contribution of 10% unless changed by the participant.

The Company makes a qualified safe harbor basic matching contribution on a plan year basis in an amount equal to 100% of each participant's elective contribution up to 1% of the participant's eligible compensation and 50% of each participant's elective contribution, of the next 5% of the participant's eligible compensation.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

The Company may also make a discretionary employer matching or profit sharing contribution on behalf of each eligible participant. Participants must be actively employed on the last day of the plan year and complete a year of service (1,000 hours) during the plan year to receive the discretionary employer profit sharing contribution. The Company made no such discretionary contributions during 2019.

The Plan is participant directed and participants may change their contribution rate on the first day of any payroll period or revoke their salary deferral election at any time. Participants may change investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as allocations of earnings, including realized and unrealized gains and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their elective deferral accounts and the appreciation or depreciation thereon. Vesting in the qualified safe harbor basic matching contribution and the discretionary employer contributions are based on years of continuous service. Participants are fully vested in their qualified safe harbor basic matching contribution after two years of service. Participants vest 20% per year after one year of service in their discretionary employer contributions and are 100% vested after five years of service. A participant shall be immediately vested upon death, retirement, termination of employment due to total and permanent disability, or termination of the Plan.

Notes Receivable from Participants

Plan participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance in the Plan. Notes are paid in level installments through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. The notes bear interest at the prime rate plus 1% as determined at the date of the note and are secured by the participant's vested account to the extent of the principal amount of the note plus accrued interest. Participants may only have one loan outstanding at any time, unless a participant had multiple loans transferred in from the Preferred Companies 401(k) Retirement Plan.

Payment of Benefits

Normal retirement age under the Plan is 65. Upon death, retirement, disability, or termination of employment, the vested funds in the participant's account may be distributed in a lump-sum payment unless the participant elects an alternate payment method allowed by the Plan. The Plan also allows hardship and in-service withdrawals, subject to the provisions of the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Forfeitures of nonvested employer contributions shall be used to reduce the employer's contribution or pay administrative expenses of the Plan. The forfeiture balance at December 31, 2019 was $107,758. No forfeitures were used to reduce employer contributions or pay administrative expenses during the year ended December 31, 2019.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts and receive benefits based on their account balance accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2019, no allowance for credit losses was considered necessary by management.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain administrative expenses are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value (NAV) of shares held by the Plan. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Money Market Deposit Account: Valued at carrying cost, which approximates fair value.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	2019			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$3,210,262			$3,210,262
Money Market Deposit Account	117,274			117,274
Total investments at fair value	$3,327,536			$3,327,536

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statement of net assets available for benefits as of December 31, 2019, and the supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2019, and the related investment activity reflected in the statement of changes in net assets available for benefits for the period from April 30, 2019 through December 31, 2019. There was no investment activity in the Plan prior to April 30, 2019.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in a mutual fund and money market account related to Charles Schwab Bank, the trustee of the Plan, and therefore, qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 6 - INCOME TAX STATUS

The Plan has adopted a volume submitter prototype profit sharing plan, which obtained an opinion letter dated March 31, 2014 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

NOTE 6 - INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

Effective May 1, 2020, the Company amended and restated the Plan to remove the qualified safe harbor basic matching contribution. Additionally, the Plan removed the automatic enrollment provision and the automatic annual increase of the deferral percentage for participants enrolled in the Plan.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act. The CARES Act took immediate effect and contains several provisions that temporarily impact 401(k) plans, including withdrawal and loan options. The Company incorporated these provisions into the Plan effective May 1, 2020.

Management has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued.
