Report on the Financial Statements

We were engaged to audit the accompanying financial statements of EP Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 1 to the financial statements, effective December 31, 2019, the Investment Committee and management of EP Management Company, the Plan's Sponsor, merged the Plan into a plan sponsored by U.S. Silica Holdings, Inc (parent company of EP Management Company), the U.S. Silica Retirement Savings Plan. All plan assets were transferred into the U.S. Silica Retirement Savings Plan. Our disclaimer of opinion has not been modified with respect to this matter.

Other Matter

The supplemental schedule H, line 4(a) - schedule of delinquent participant contributions for the year ended December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EP RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1—Description of the plan

The following description of the EP Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan and was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all hourly employees of EP Management Corporation (fka EaglePicher Corporation), the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union AFL-CIO (United Steel Union), and its subsidiaries (the Company or Plan Sponsor), were eligible to participate in the Plan upon hire.

Effective May 1, 2018, the Plan Sponsor was acquired by U.S. Silica Holdings, Inc. As a result, the Plan was subsequently merged into the U.S. Silica Retirement Savings Plan (Successor Plan). Plan assets in the amount of \$10,431,323 were transferred into the Successor Plan on December 31, 2019. Effective January 1, 2020, participants of the Plan will become participants of the Successor Plan.

Contributions

Participants elected to contribute up to 100% of their base compensation, or the maximum dollar amount allowed by law, as a pre-tax deferral or post-tax deferral. The Company made a matching contribution equal to 50% of a participant's contributions up to 6% of their compensation for all participants except the participants in the United Steel Union. The Company made a matching contribution equal to 100% of a participant's contributions up to 6% of their compensation, plus a Company contribution equal to 2% of a participant's compensation, for the participants in the United Steel Union.

The Company made a special profit-sharing contribution, determined by the collective bargaining agreements, to the Plan for each contribution period and participant who is employed by EP Minerals and who is covered by a collective bargaining agreement between EP Minerals, LLC and Teamsters Chauffeurs, Warehousemen and Helpers and Professional, Clerical, Public and Miscellaneous Employees, Local Union No. 533 of Donner and the Tahoe Basin, Reno and Northern Nevada, Affiliated with the International Brotherhood of Teamsters, AFL-CIO and United Steel Union, that provides for such contribution. Any special profit-sharing contribution made was allocated to the account of each participant whose straight time hours were utilized to calculate the contribution and were based ratably on the number of straight time hours performed by each participant.

Rollover contributions

Participants were able to contribute funds previously held for their account in another qualified employee benefit plan to the Plan. A participant was fully vested at all times in such amounts transferred into the Plan. Rollover contributions shared in income and earnings under the terms of the Plan, but no employer contributions were made with respect to any rollover contributions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2019 and 2018

Note 1—Description of the plan—continued

Vesting

Participants were immediately vested in their deferral, rollover contributions, and profit-sharing contributions plus actual earnings (losses) thereon. Participants became vested in the Company's contributions plus actual earnings (losses) thereon upon being credited with three years of vested service. Participants in the United Steel Union were immediately vested in the Company's match and were vested in the Company's contributions upon being credited with three years of vested service.

Participant accounts

Individual accounts were maintained for each Plan participant. Each participant's account was credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) Company discretionary contributions, and (c) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants could borrow against their vested account balances a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Only one outstanding note receivable was permitted at any time. Notes were secured by the vested balance in the participant's account and bore interest at rates of prime plus 2 percentage points. The term of any note could not exceed five years, except in the case of a note used to acquire any dwelling to be used as a primary residence, which could have a term up to ten years.

Payment of benefits

On termination of service due to death, permanent disability, financial hardship, retirement or upon attainment of age 59 ½, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a specified period not to exceed the life or life expectancy of the participant. If the vested amount of the participant's account was \$1,000 or less, it was paid out automatically in one lump-sum payment. Distributions must commence by March 31 of the calendar year following the calendar year the participant reached age 70½ and has separated from service.

Forfeitures

When certain terminations of participation in the Plan occurred, the nonvested portion of the participant's account, as defined by the Plan, represented a forfeiture. Forfeitures were used to reduce the Company's matching contributions or pay Plan expenses for the year. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$0 and \$135,415, respectively.

Administrative expenses

Record keeping fees were paid by participants and the Company paid all remaining administrative expenses of the Plan, unless the expenses related to specific investment directions of the participant. Administrative expenses that were paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments were charged directly to the participant's account and are included in administrative expenses.

Note 2—Significant accounting policies

Basis of accounting

The Plan maintained its records on the accrual basis, whereby income was recognized when earned and expenses were recognized when the obligations were incurred. Benefit payments were recorded when distributed by the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based on the terms of the plan document.

Investment valuation and income recognition

As described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic, Plan Accounting – Defined Contribution Pension Plans, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invested in a fully benefit-responsive guaranteed interest account (GIA) called the Mass Mutual Fixed Interest Fund as of December 31, 2019. The statements of net assets available for benefits present the contract value of the fully benefit-responsive investment contracts. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses. As discussed in Note 1, the contract value at December 31, 2019 is \$0 as the transfer of assets to the successor plan was completed on December 31, 2019.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividend income was recorded on the ex-dividend date. Net appreciation (depreciation) included gains and losses on investments bought and sold as well as held during the year.

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable at December 31, 2019 and 2018, net appreciation of investments, interest, dividends, investment expenses, and interest income on notes receivable from participants for 2019, were obtained or derived from information supplied to the Plan Administrator and certified by Reliance Trust Company, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4–Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2019.

Mutual Funds – valued at quoted market prices.

Self-Directed Brokerage Accounts – Included within the self-directed brokerage accounts are cash and cash equivalents, common stocks, mutual funds, and unit investment trusts. Common stocks, mutual funds, and unit investment trusts are valued at the closing price reported on the active market on which the individual investments are traded.

EP RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2019 and 2018

Note 4–Fair value measurements–continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As discussed in Note 1, the plan assets were transferred into the successor plan on December 31, 2019. Therefore, the fair value of plan assets at December 31, 2019 was \$0.

The following table presents the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

<u>Description</u>	<u>Total</u>	<u>Fair Value Measurements at December 31, 2018 Using</u>		
		<u>Level (1)</u>	<u>Level (2)</u>	<u>Level (3)</u>
Mutual funds	\$ 6,478,581	\$ 6,478,581	\$ 0	\$ 0
Self-directed brokerage accounts	45,164		45,164	
Total investments in the fair value hierarchy	<u>\$ 6,523,745</u>	<u>\$ 6,478,581</u>	<u>\$ 45,164</u>	<u>\$ 0</u>

Under the terms of a trust agreement between the trustee and the Company, the trustee invested all contributions to the Plan in various fund options as directed by the individual participants.

Note 5–Fully benefit-responsive investment contracts

The Plan included an account called the Mass Mutual Fixed Interest Fund, which is a GIA, as an investment option available to participants. The account was credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses.

Investments of the Mass Mutual Fixed Interest Fund may periodically include guaranteed interest certificates (GIC), typically issued by insurance companies and which provide for guarantees of interest and repayment of principal. An issuer of a GIC is contractually obligated to repay the principal and a specified interest rate or interest rate index that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed and may be reset on a monthly basis.

EP RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2019 and 2018

Note 5—Fully benefit-responsive investment contracts—continued

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

GICs do not permit the insurance company to terminate the agreement prior to the scheduled maturity date. If an event of default occurs and is not cured, the nondefaulting party may terminate the contract. The following may cause the Plan to be in default:

- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the plan agreement

The issuer may be in default if it breaches a material obligation under the investment contract, makes a material misrepresentation, or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan was unable to obtain a replacement investment contract, withdrawing participants may experience losses if the value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's exposure to such risk, but there is no assurance the Plan may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value.

The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default, the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. Contract termination also may occur by the Trust upon election and notice. In certain limited circumstances, contract termination by the issuer may also occur but with the Trust retaining the right to require that the contract will remain in force under original terms over a period of time as underlying assets mature and are repaid.

Note 6–Plan termination

As discussed in Note 1, the Plan merged into the Successor Plan effective January 1, 2020. Although it has not expressed any intent to do so, U.S. Silica Holdings, Inc., the plan sponsor of the Successor Plan has the right, in certain circumstances, to discontinue its contributions at any time and to terminate the Successor Plan subject to the provisions set forth in ERISA. In the event that the Successor Plan is terminated, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as U.S. Silica Holdings, Inc. may determine.

Note 7–Related party transactions and party in interest transactions

Certain Plan investments are managed by the trustee, therefore, these transactions qualify as party in interest transactions. The Plan made direct payments to Mass Mutual in the amount of \$31,443 during 2019. Notes receivable from participants also qualify as party in interest transactions. There have been no known prohibited transactions with a party in interest.

Note 8–Risks and uncertainties

The Plan utilized various investment instruments, including mutual funds, self-directed brokerage accounts, and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Note 9–Income tax status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014 that the Plan and related trust were designed in accordance with applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Company and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10–Prohibited transactions

During the year ended December 31, 2018, the Plan Sponsor remitted delinquent contributions to the Plan totaling \$6,100. Correction includes crediting affected participant accounts with lost earnings and payment of an excise tax by the Plan Sponsor based on those earnings. These delinquent contributions remain uncorrected as of October 14, 2020, the date the financial statements were available to be issued. These contributions constitute prohibited transactions between the Plan and the Plan Sponsor and have been reported in supplemental schedule h, line 4(a) – schedule of delinquent participant contributions as required in the Plan’s 2019 Form 5500.

Note 11–Subsequent events

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued, and has determined there are no subsequent events that require recognition or disclosure except for the following.

As a result of the spread of the COVID-19 coronavirus during 2020, economic uncertainties have arisen as of the date of the financial statements. The extent of the impact of COVID-19 on the Successor Plan’s operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, and the impact on the Plan Sponsor, participants and investments, all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the Successor Plan’s financial condition or results of operations is uncertain.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
