NOTE A - DESCRIPTION OF PLAN

The following description of Bethany Nursing Home, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Bethany Nursing Home, Inc. (the Company, Plan Administrator, and Plan Sponsor) who have attained the age of 21 and completed a year of service. A year of service, as defined by the Plan document, will be earned if an employee works 1,000 hours during the twelve month period immediately following their date of hire. A year of service can also be earned by working at least 1,000 hours during any Plan year beginning after an employee's date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer up to 100% of their eligible compensation as defined by the Plan on a pre-tax or after-tax basis. The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. The Plan provides for a discretionary employer matching contribution. For the year ended December 31, 2019 there was employer discretionary matching up to 3%. There was no discretionary employer matching contribution during the year ended December 31, 2018. The Plan at times will also provide for a discretionary employer profit sharing contribution for participants employed on the last day of the Plan year and who worked at least 1,000 hours during the Plan year. There was no discretionary employer profit sharing for the year ended December 31, 2019. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, and an allocation of the Company's discretionary employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant account earnings, compensation, or specific participant transactions, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Prior to January 1, 2019, participants were immediately vested in their deferral contributions, rollover contributions, and discretionary employer contributions plus actual earnings thereon. Effective January 1, 2019, participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings thereon is subject to a six-year graded vesting schedule. A participant is 100% vested in the Company's matching and discretionary profit sharing contributions after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to Plan provisions. Notes receivable terms range from 1 - 5 years or longer for the purchase of a primary residence. Notes receivable are secured by the balance in the participants' accounts and bear interest at the prime rate. Interest rates on notes receivable ranged from 4.75% to 5.50% at December 31, 2019. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, the participant may elect to receive a lump-sum distribution in an amount equal to the value of the participant's vested interest in his or her account. Effective January 1, 2018, a participant may elect to receive a distribution of all or a portion of his or her vested account balance upon attainment of age fifty-nine and a half. If the value of the vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will be automatically distributed without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Sponsor.

Active participants may request hardship withdrawals from their vested account balance, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeitures

Forfeitures are used to pay Plan expenses or discretionary employer contributions. Unallocated forfeiture balances as of December 31, 2019 and 2018 were \$2,487 and \$-0-, respectively. No forfeitures were used during the year ended December 31, 2019.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant and employer contributions are recorded and credited to each participant's account as received by the custodian from the Company. Any contributions attributable to the Plan year but not received by the last day of the Plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments on the accompanying statement of changes in net assets available for benefits.

Notes to Financial Statements

December 31, 2019 and 2018 and Year Ended December 31, 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company adopted a volume submitter profit sharing plan with a cash or deferred arrangement which received an opinion letter from the IRS dated March 31, 2014 stating that the Plan was designed in accordance with applicable sections of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE C - CERTIFICATION

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedules including notes receivable from participants and investments held at December 31, 2019 and 2018, and net appreciation in the fair value of investments and interest income for the year ended December 31, 2019 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

BETHANY NURSING HOME, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2019 and 2018 and Year Ended December 31, 2019

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

As of December 31, 2019 and 2018, the fair value of the mutual funds and money market fund valued at Level 1 was \$1,150,971 and \$853,961, respectively.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

The mutual funds and money market fund are valued at the net asset value of shares held by the Plan at year end as reported on the active markets in which the investments are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their total participant account balances.

BETHANY NURSING HOME, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2019 and 2018 and Year Ended December 31, 2019

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the investment in the funds of the custodian, and related interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

The American Funds are managed by Capital Group. Capital Group receives revenue for these services, including the day-to-day operation of the Plan for ongoing administrative services, such as recordkeeping, compliance, and plan document services. This revenue is credited at rate per investment ranging from 0.89% to 1.12% of the funds' balance. These fees reduce the rate of return credited to the Plan for these investments and are netted within net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

NOTE H - DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than fifteen business days following the end of the month in which amounts are withheld from wages. The Plan Sponsor did not remit employee contributions to the custodian, in accordance with ERISA during 2017 of \$2,872. The Plan Sponsor did not remit participant loan repayments to the custodian, in accordance with ERISA during 2018 of \$246. The 2017 delinquent employee contributions and 2018 delinquent participant loan repayments were remitted during 2018, but lost earnings on these contributions and loan repayments have yet to be remitted as of December 31, 2019.

Notes to Financial Statements

December 31, 2019 and 2018 and Year Ended December 31, 2019

NOTE I - SUBSEQUENT EVENTS

The Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), passed in December 2019, and the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), passed in March 2020, contain provisions such as raising the age for required minimum distributions as well as the temporary waiver of required minimum distributions in 2020. The features of the legislation are currently being assessed but have not been implemented to date.

The Plan has evaluated subsequent events through October 15, 2020, the date which the financial statements were available to be issued.
