NOTE 1 – PLAN DESCRIPTION

The following description of the FabFitFun, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined-contribution plan that was established effective January 1, 2018 by FabFitFun, Inc. (the "Company" or "Employer") to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code ("IRC"), and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration
The Company has appointed a Plan administrator to manage the operation and administration of the Plan, as well as the investments selected. The Company has contracted with Ascensus Trust Company (Ascensus) to act as the trustee and maintain the records of participant data.

Eligibility
The Plan covers all full-time employees of the Company who have attained the age of 21, excluding employees whose employment is governed by a collective bargaining agreement, leased employees, and non-resident aliens are eligible to participate in the Plan and receive discretionary employer contributions on the first day of each month after becoming eligible.

Participant Contributions
Participants may defer up to 90% of pretax and after-tax compensation to the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Contributions are subject to certain IRS limitations.

Employer Contributions
The Company may make discretionary matching and profit sharing contributions to eligible employees. Profit sharing contributions are allocated to each participant in pro rata shares. The amounts are determined by the Company at its sole discretion. There were no employer contributions during the year ended December 31, 2019.

Vesting
Participants are immediately 100% vested in their elective deferral, matching, and profit sharing contributions, plus actual earnings thereon.

NOTE 1 – PLAN DESCRIPTION (Continued)

Investment Options
Participants must direct their salary deferral contributions to selected investments, as made available and determined by the Plan administrator. Participants may change their investment options anytime throughout the year, via the internet website, or by using the automated telephone system offered by the trustee.

Participant Accounts
Each participant's account is credited with the participant's contribution, employer's matching and discretionary contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants are permitted to borrow from their accounts a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to the lesser of (1) $50,000 minus the highest outstanding balance of loans in the past 12 months, or (2) 50% of the present value of the participants' current vested account balances. The loans are secured by the participants' account balances and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. The interest rates on outstanding loans range from 5.75% to 6.50% and mature through 2024.

Payment of Benefits
Upon termination of employment, death, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows for an automatic distribution of participants' account balances that do not exceed $5,000.

Financial Hardship Distributions
The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Administrative Expenses
The Company pays for most of the Plan's expenses. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses not paid by the Company will be charged on a pro rata basis to the value of the participants' account balances.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought or sold, as well as held during the year.

Management fees charged to the Plan for investments in registered investment companies are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions, based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019. As of December 31, 2019, there were no deemed distributions related to delinquent notes receivable from participants.

Payment of Benefits
Benefits are recorded when paid.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan adopted a standardized form of a prototype plan sponsored by Ascensus. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the Internal Revenue Code.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances, as well as the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

The Plan has evaluated subsequent events through October 9, 2020, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENT

The fair value measurement standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value.

Interest-bearing cash	Valued at the carrying value, which approximates fair value due to the short-term nature of such instruments.
Registered investment companies (mutual funds)	Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV), and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENT (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 57,541	$ -	$ -	$ 57,541
Registered investment companies	4,631,715	-	-	4,631,715
Total	$ 4,689,256	$ -	$ -	$ 4,689,256

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 18,306	$ -	$ -	$ 18,306
Registered investment companies	1,246,650	-	-	1,246,650
Total	$ 1,264,956	$ -	$ -	$ 1,264,956

NOTE 4 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of Ascensus, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, the trustee of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits, as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Investments and notes receivable from participants reflected on the supplemental Schedule of Assets (Held at End of Year), as of December 31, 2019.

NOTE 6 – UNCERTAIN TAX POSITIONS

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan, and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

NOTE 7 – PLAN TERMINATION OR MODIFICATION

Although it has not expressed any intent to do so, the Company, by action of its Plan administration, has the right, under the Plan, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease, and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.
