LIONHEART INDUSTRIAL GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

(1) Description of Plan

The following description of the Lionheart Industrial Group, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Lionheart Industrial Group, LLC and affiliated subsidiaries (collectively, the Company) who have completed one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Trustees are responsible for oversight of the Plan. The Trustees also determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Effective October 1, 2015, the Plan was amended to include the employees of Selas Heat Technology Company LLC (Selas), A-1 Machining Company (A-1), M.P. Pumps, Inc. (M.P.), Airman Products LLC (Airman) and HEAT Combustion Solutions, LLC (HEAT).

On December 12, 2018, the Company sold all of its interests in M.P. to an unrelated party and the Plan was amended to cease M.P.'s participation in the Plan effective December 12, 2018. On December 31, 2018, HEAT ceased operations and the Plan was amended to cease HEAT's participation in the Plan effective December 31, 2018.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to the maximum allowable under Internal Revenue Code (IRC) guidelines. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also allows participants to make Roth elective contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

(1) Description of Plan, Continued

Contributions, Continued

Effective January 1, 2019, the Plan was amended to replace the automatic enrollment arrangement with a qualified automatic contribution arrangement (QACA) whereby all newly and existing eligible employees are automatically enrolled and will automatically contribute 6% of their eligible compensation to their pre-tax elective deferral account unless they already have an alternate deferral rate greater than 6%, affirmatively elect not to participate in the Plan, or elect a lower rate. In addition, the Plan's auto-escalation provision was amended, whereby all participants will have their deferral percentage increased by 1% each plan year up to a maximum of 10%, unless they affirmatively elect their deferral percentage at the beginning of each plan year. The Plan has been amended to be referred to as a safe harbor 401(k) plan.

The Company may make a discretionary matching employer contribution each plan year. In order to maintain QACA safe harbor status, the Company will make a safe harbor contribution equal to 100% of salary deferrals that do not exceed 1% of compensation plus 50% of salary deferrals between 1% and 6% of compensation. In 2019, the Company made a safe harbor contribution as defined by the plan document.

The Company may elect to make a discretionary employer profit sharing contribution each plan year. This discretionary profit sharing contribution will be a percentage of the annual eligible compensation for participants who complete 1,000 hours of service during the plan year and are employed as of the last day of the plan year. For 2019, discretionary profit sharing contributions were made as follows:

Company	Percentage of Eligible Wages
A-1	1%
Selas	2%
Webster	2%
Lionheart Industrial Group, LLC	5%

Participant Accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as the Company's discretionary profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts is based on years of service according to the following schedule:

Years of Company Service	Percent Vested
Less than 1	0%
1 years but less than 2	25%
2 years but less than 3	50%
3 years but less than 4	75%
4 or more	100%

Vesting in the Company's safe harbor contribution portion of the participant's accounts is based on years of service according to the follow schedule:

Years of Company Service	Percent Vested
Less than 1	0%
1 years but less than 2	50%
2 or more	100%

Participants' accounts are fully vested upon death or disability.

Effective December 12, 2018, the Company sold all of its interests in M.P. to an unrelated party which resulted in a partial plan termination. All participants affected by the partial plan termination became fully vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum loan term is five years, unless the loan is acquired for the purchase of the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate plus 1% at the time the loan is made and range from 4.50% to 6.50% at December 31, 2019, which is commensurate with the local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(1) Description of Plan, Continued

Payment of Benefits

Upon separation of service, retirement, death, disability, or attainment of age 59 ½ as an active employee, a participant may elect to receive either a lump sum or installment amount equal to the value of the participant's vested interest in their account. The plan administrator may authorize lump sum distributions for terminated participants with balances of less than \$1,000 or \$5,000 if the participant does not request distribution within a set time frame, as defined in the plan document.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts total \$49,766 and \$6,219, respectively. In 2019, forfeited nonvested accounts were used to reduce employer contributions and pay plan administrative expenses in the amounts of \$2,259 and \$1,359, respectively.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

LIONHEART INDUSTRIAL GROUP, LLC 401(k) PLAN

Notes to Financial Statements December 31, 2019 and 2018

(2) Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2020, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company (Reliance), the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule. (4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,111,025	\$ -	\$ -	\$ 12,111,025

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,582,632	\$ -	\$ -	\$ 12,582,632

There were no significant transfers among measurement levels during the years ended December 31, 2019 and 2018.

(5) Related Party Transactions and Party-In-Interest Transactions

Massachusetts Mutual Life Insurance Company (Mass Mutual) performs recordkeeping and administrative services for the Plan. In addition, Mass Mutual designates a custodian to hold Plan assets.

(5) Related Party Transactions and Party-In-Interest Transactions, Continued

Certain plan investments are mutual funds managed by Mass Mutual and therefore, these transactions qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. Fees paid by the Plan for transaction and investment management fees amounted to \$102,871 for the year ended December 31, 2019. The plan sponsor pays directly any other fees related to the Plan's operations.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) Tax Status

The Plan uses a volume submitter plan document sponsored by Sunguard Business Systems LLC (Sunguard). The Internal Revenue Service (IRS) has determined and informed Sunguard by a letter dated March 31, 2014, that the prototype document is designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Prohibited Transactions

During 2019 and 2018, the Company failed to remit to the Plan's custodian certain employee contributions and loan repayments aggregating \$65,576 and \$34,560 within the period prescribed by the Department of Labor regulations, respectively. Delays in remitting contributions and loan repayments to the custodian were due to administrative errors, and the Company intends to make contributions to the affected participants' accounts to compensate those participants for missed contributions and potential lost income due to the delays. As of December 31, 2019, the Company had \$97,656 of uncorrected contributions.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

(10) Subsequent Event

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and the amount of losses, if any, that will be recognized in subsequent periods cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
