NSG, Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2019 and 2018

Note 1. Description of the Plan

The following description of NSG, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of NSG, Inc. (the Company and Plan Sponsor) who have attained the age of 21 and completed 1,000 hours of service within one year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may voluntarily contribute amounts up to certain limitations as stipulated by applicable IRS Code Sections. Pre-tax elective deferrals and after-tax Roth contributions are available. Participants who have attained age 50 by the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans or accounts. The Company may provide discretionary contribution amounts. The Company made contributions of \$20,000 in 2019 and 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and actual earnings thereon. Each participant's account is charged with his or her withdrawals and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in individual accounts derived from their voluntary contributions. Participants become 100% vested in individual accounts derived from employer discretionary contributions after completing 3 years of service.

Forfeited Accounts

Employer contribution amounts that are forfeited by terminated employees are used to offset administrative expenses or reduce employer contributions. No such forfeitures were used during the year ended December 31, 2019. There were no significant forfeited, non-vested accounts as of December 31, 2019 or 2018.

Payment of Benefits

The Plan provides for payment of normal retirement benefits of accumulated vested amounts upon reaching age 65 and has provisions for early withdrawals of vested benefits in instances of early retirement, disability, death, termination of employment, and financial hardship. A participant may elect to receive either a lump-sum amount or annual installments equal to the value of the participant's vested interest in his or her account.

Notes to the Financial Statements
December 31, 2019 and 2018

Note 1. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at prevailing market rates as set by the Plan. Interest rates on participant loans ranged from 4.25% to 5% at December 31, 2019. The term of such loans is generally not to exceed five years unless the purpose of the loan is for the purchase of a primary residence. Principal and interest are paid ratably through weekly payroll deductions.

Investment Options

Participants may direct the investment of their accounts into various investment options offered under the Plan. Participants may change their investment choices on a daily basis.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Accounting Standards Codification (ASC) as produced by the Financial Accounting Standards Board (FASB) is the sole source of authoritative U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits

Benefits are recorded when paid.

NSG, Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2019 and 2018

Note 2. Summary of Significant Accounting Policies (Continued)

Excess Contributions

Amounts paid to participants for contributions in excess of amounts allowed by the IRS are included in benefits paid to participants. The Plan distributed 2019 excess contributions totaling \$408 to the applicable participants subsequent to December 31, 2019.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Date of Management's Review

Subsequent events were evaluated through October 9, 2020, which is the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investment information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, the Schedule of Assets (Held at End of Year) at December 31, 2019, and the related investment income information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

Note 4. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NSG, Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2019 and 2018

Note 4. Fair Value Measurements (Continued)

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Exchange Traded Funds: The Plan's investments in exchange traded funds are stated at fair value as quoted on nationally recognized securities exchanges on the last business day of the Plan year.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the daily net asset value (NAV) of units held by the Plan at year end provided by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

December 31, 2019 and 2018

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Exchange traded funds	\$ 850,921	\$ -	\$ -	\$ 850,921
Mutual Funds	<u>160,864</u>	<u>-</u>	<u>-</u>	<u>160,864</u>
Total assets in the fair value hierarchy	<u>\$ 1,011,785</u>	<u>\$ -</u>	<u>\$ -</u>	1,011,785
Investments measured at NAV (a)				<u>164,489</u>
Investments at fair value				<u>\$ 1,176,274</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Note 5. Party-in-Interest Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

The Plan's administrative expenses result from services rendered by parties-in-interest.

Certain Plan investments are shares of exchange traded funds managed by Brinker Capital. Brinker Capital is affiliated with the custodian, Mid Atlantic Trust Company and, therefore, these transactions qualify as party-in-interest.

Note 6. Tax Status

The Company has adopted the Dynamic Pension Services Inc. Prototype Non-standardized Profit Sharing Plan with CODA document which has received an opinion letter from the Internal Revenue Service dated March 31, 2014, that states the provider's prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Company's management believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements
December 31, 2019 and 2018

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
