A. DESCRIPTION OF PLAN:

The following description of the SI Group Retirement and Savings Plan (formerly the SI Group, Inc. Retirement and Savings Plan) (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of SI Group, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

As further discussed in Note H, the Addivant USA, LLC Employee Savings Plan was merged with and into the Plan effective October 1, 2019, and ceased to exist as a separate plan as of that date.

Contributions

Prior to October 1, 2019, upon meeting eligibility requirements participants could contribute up to 100% of their plan compensation on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. Effective October 1, 2019, participants may contribute up to 75% of their compensation. Participants are automatically enrolled at 5% of compensation upon meeting eligibility requirements unless they make another election. Effective October 1, 2019, participants deferral percentages will automatically increase by 1% annually up to a maximum of 10% of compensation. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements.

The Company has elected to contribute a safe harbor matching contribution equal to 100% of contributions on the first 3% of compensation and 50% of the next 2% of compensation, for a maximum match of 4% of compensation. Additionally, prior to September 30, 2019 the Company made an additional employer contribution to participants who were employed after January 1, 2010 and elected to waive participation in the Employees' Retirement Plan of SI Group, Inc. Effective September 30, 2019, benefit accruals under the Employees Retirement Plan of SI Group, Inc. were frozen and participants employed prior to January 1, 2010 who had not elected to waive participation in the Employees Retirement Plan of SI Group, Inc. became eligible for the additional employer contribution at that time. Participants must be employed on the last day of the quarter to be eligible for the additional employer contribution. This contribution ranges from 3-9% of quarterly compensation based on the participant's age.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions, safe harbor matching contributions, and the income earned thereon. Participants become 100% vested in the Company's additional employer contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Prior to October 1, 2019, a participant's interest in the Company's additional employer contributions and earnings thereon vests according to the following schedule:

Completed Years of Service	Percent Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Interest in the Company's additional employer contributions and earnings thereon for participants who are members of the collective bargaining unit represented by United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC, Local Union No. 1-08, and SI Group Global Manufacturing at the Morgantown, WV plant vests according to the following schedule:

Completed Years of Service	Percent Vested
Less than 3	0%
3 or more	100%

Effective October 1, 2019, interest in the Company's additional employer contributions and earnings thereon for non-union participants who are hired on or after October 1, 2019, vests according to the following schedule:

Completed Years of Service	Percent Vested
Less than 1	0%
1	50%
2	75%
3	100%

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture, as defined by the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses, to reduce company contributions or may be allocated to participants as additional non-elective contributions. During 2019, $111,759 of forfeitures were used to reduce company contributions and $21,525 were used to reduce plan expenses. Unallocated forfeitures at December 31, 2019 and 2018 were $239,398 and $109,640, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums, or for reason of retirement, may be made as a life annuity or fixed installment payments.

A participant may also request a withdrawal upon attainment of age $59^1/_2$ or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Notes Receivable from Participants

A participant may request a loan in an amount not less than $1,000. The loan amount is limited to the lesser of one-half of the participant's vested account balance or $50,000. Loans must bear a reasonable rate of interest. All loans are collateralized by the participant's account and must be supported by a promissory note. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and

assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Expenses of the Plan

Substantially all of the administrative expenses incurred by the Plan are paid by the Company. Certain participant transaction fees and recordkeeping fees incurred by the Plan are paid by the Plan.

Payment of Benefits

Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other

inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Common collective trusts – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Pooled separate accounts - Valued at the net asset value of units of a pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Guaranteed Investment Contract – Valued at fair value by management by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Company evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, minimum crediting rate, duration or payout date) while others are substantiated utilizing available market data (for example, discount rate).

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 133,505,966	$ 133,505,966	$ -	$ -
Total investments in the fair value hierarchy	133,505,966	$ 133,505,966	$ -	$ -
Investments measured at net asset value(1):				
Common collective trust	6,568,725			
Investments at fair value	$ 140,074,691			

	2018			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 83,247,309	$ 83,247,309	$ -	$ -
Guaranteed accounts	337,520	-	-	337,520
Total investments in the fair value hierarchy	83,584,829	$ 83,247,309	$ -	$ 337,520
Investments measured at net asset value(1):				
Common collective trust	6,240,297			
Pooled separate accounts	13,590,417			
Investments at fair value	$ 103,415,543			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Redemptions of the common collective trust held by the Plan are allowed daily for participants, however, plan withdrawals may be subject to a 12 month restriction. There are no unfunded commitments.

Redemptions of the pooled separate accounts held by the Plan are allowed daily for participants, however, plan withdrawals may be subject to a 180 day restriction. There are no unfunded commitments.

Redemptions of the investment in the guaranteed accounts are generally allowed daily, however the in the event of a complete redemption of the contract, the Plan will receive the lesser of fair value or contract value.

The table below sets forth a summary of changes in fair value of the Plan's level 3 investment assets for the year ended December 31, 2019:

	Guaranteed accounts
Balance at beginning of year	$ 337,520
Interest	3,470
Transfers out of level 3	(222,392)
Sales	(118,598)
Balance at end of year	$ -

The Plan held no investments in guaranteed accounts as of December 31, 2019. The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges and values for those inputs for the year ended December 31, 2018:

	2018			
Instrument	Fair Value	Principal Valuation Technique	Unobservable Input(s)	Range of Significant Input Values
Guaranteed Accounts	$ 337,520	Discounted Cash Flow	Discount Rate	0.00%
			Duration	1 day
			Payout Date	1/1/19
			Payout Percentage	99%-100%

D. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the trustees are considered party-in-interest transactions.

E. TAX STATUS:

The plan has adopted the volume submitter profit sharing plan of John Hancock Retirement Plan Services LLC. The prototype plan sponsor received a favorable opinion letter dated May 27, 2015 in which the Internal Revenue Service (“IRS”) stated that the prototype plan, was designed in accordance with Section 401(a) of the Internal Revenue Code and the trust is therefore exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since the date of the letter, however, the plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and is qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustees of the Plan until September 16, 2019 and John Hancock Trust Company, LLC, the trustee of the Plan effective September 16, 2019, except for comparing the information to the financial statements and supplemental schedule. The trustees have certified as to the completeness and accuracy of the investments held by the Plan (including notes receivable from participants) as of December 31, 2019 and 2018, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2019, and the information contained in the Schedule of Assets (Held at End of Year).

G. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

H. PLAN MERGER:

On September 1, 2019, the Board of Directors of the Company resolved to merge the Addivant USA, LLC Employee Savings Plan with and into the Plan effective October 1, 2019. On September 13, 2019, the Addivant USA, LLC Employee Savings Plan's assets were transferred from Fidelity Management Trust Company to John Hancock Trust Company, the Plan's trustee, in contemplation of the pending merger. The Plan ceased to exist as a separate plan as of October 1, 2019.

J. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 14, 2020, the date these financial statements were available for issuance.

The 2019 novel coronavirus (or “COVID-19”) has affected, and may continue to affect, the values of investments held by the Plan. The extent of the impact of the COVID-19 outbreak on the Plan’s investments cannot be predicted at this time.
