Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Whittaker Corporation Employees' Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4i—schedule of assets (held at end of year) and Schedule H, Line 4j—schedule of reportable transactions as of or for the year ended December 31, 2019, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WHITTAKER CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Whittaker Corporation (the Company) Employees' Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan established to provide for pension, disability, termination, and death benefits to eligible employees. The Plan was amended and restated throughout the years to comply with tax legislation and most recently amended effective April 1, 2018.

During August 1994, the Company's Board of Directors approved an amendment to the Plan to freeze the accrual of benefits under the Plan as of October 31, 1994, by ceasing to count as Plan compensation and final average earnings any remuneration paid after December 31, 1994, and as benefit service any period of employment after October 31, 1994. Plan funding will continue until such time that the Plan is terminated and all benefit obligations are satisfied.

The Plan is administered by the Company's Benefits Committee (Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Vesting

Participants with at least one year of service after 1988 are 100% vested upon completion of five years of service. Participants are fully vested upon attainment of normal retirement age.

Pension Benefits

The Plan generally provides for normal retirement at age 65. The Plan allows for early retirement with various defined reductions in a participant's accrued benefit depending on the participant's age and years of continuous service upon retirement (as defined in the Plan). Participants vest entirely after five years of continuous service.

The Plan provides for payments of retirement, disability, and death benefits to participants or their beneficiaries under various payment options.

Death and Disability Benefits

If an active employee dies at age 55 or older, a death benefit equal to the value of the employee's accumulated pension benefits is paid to the employee's beneficiary. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual Employee Retirement Income Security Act of 1974 (ERISA) minimum funding requirement. There were no Company contribution made during 2019. During 2018, the Company made contributions of \$1,059,975. The Company's contributions for 2019 and 2018 exceeded the minimum funding requirements of ERISA.

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth in ERISA.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid out of Plan assets.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a) retired or terminated employees or their beneficiaries,
- b) beneficiaries of employees who have died, and
- c) present employees or their beneficiaries.

Benefits under the Plan are accumulated based on the employees' highest five consecutive complete credited years of compensation out of the last 10 latest years prior to the normal retirement date. The accumulated plan benefits for active employees are based on their highest five consecutive complete credited years of compensation ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances – retirement, death, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided through annuity contracts are excluded from Plan assets and are also excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2018 were:

- a) Life expectancy of Participants (RP-2014 total tables (adjusted back to the 2006 date of experience)).
- b) Retirement Age Assumptions (Normal retirement age of 65 years; other active participants will elect early retirement from ages 55 to 64).
- c) Investment Return (7.0%).

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The following is a summary of actuarial present value of accumulated plan benefits as of December 31:

	<u>2018</u>
Actuarial Present Value of Accumulated Plan Benefits:	
Vested Benefits:

Total Vested Benefits	82,388,041
Nonvested Benefits	<u>-</u>
Total Actuarial Present Value of Accumulated Plan Benefits	<u><u>\$ 82,388,041</u></u>

The changes in the actuarial present value of accumulated plan benefits are summarized as follows for the periods December 31:

	<u>2018</u>
Actuarial Present Value of Accumulated Plan Benefits - Beginning of Year	\$ 87,021,352
Increase (Decrease) During the Year Attributable to:	
Change in Actuarial Assumptions	-
Plan Amendments	-
Benefits Accumulated	(673,045)
Change in Discount Period	6,091,495
Benefits Paid	<u>(10,051,761)</u>
Actuarial Present Value of Accumulated Plan Benefits - End of Year	<u><u>\$ 82,388,041</u></u>

The computations of the actuarial present value of accumulated plan benefits were made as of January 1. Had the valuations been performed as of December 31, there would be no material differences.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Northern Trust Company, the trustee of the Plan.

WHITTAKER CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Interest-Bearing Cash: Valued using amortized cost which approximates fair value.

U.S. Government Securities: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Common/Collective Trusts: Valued at the NAV of units of the common/collective trust. NAV is a readily determinable fair value and is the basis for current transactions. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

WHITTAKER CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Derivatives (Option Contracts): The Plan uses derivative financial instruments in the normal course of business to hedge against adverse changes in financial markets. The time period related to these hedges is dependent upon the types of securities being hedged, but in the current structure, typically matures after 3 years.

The Plan manages market risk by limiting the use of derivatives to hedging activities or by limiting potential exposure to amounts that are not considered to be material to the statement of changes in net assets available for Plan benefits.

An option contract provides an option to purchase (known as a call option) or sell (known as a put option) the underlying asset at a fixed price for a specified period of time. The Plan has no obligation to buy or sell an underlying asset. Accordingly, the Plan does not anticipate losses for nonperformance.

The gross assets and liability derivative values of option contracts are as follows at December 31:

	Fair Values of Derivative Instruments			
	Asset Derivatives		Liability Derivatives	
	2019	2018	2019	2018
Derivatives				
Not Designated				
as Hedging				
Instruments Under				
Subtopic 815-20	Fair Value	Fair Value	Fair Value	Fair Value
Options Contracts	\$ 1,813,752	\$ 2,082,035	\$ 995,885	\$ 901,181

Changes in fair value are accounted for as net appreciation (depreciation) in fair value of investments. The Plan has invested cash of \$754,684 and the obligation to return the invested cash collateral of \$750,423 at December 31, 2019. The Plan has no invested cash or obligation to return the invested cash collateral at December 31, 2018.

Real Estate: Investments in the real estate are valued at estimated fair value of net equity investments in real estate assets, which includes working capital of the underlying investments, as determined by the trustee at each valuation date. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Investments Measured at Net Asset Value (a)				<u>3,260,491</u>
Total Investments at Fair Value				<u>\$ 95,082,039</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset per share practical expedient as of December 31, 2018. There were no real estate holding as of December 31, 2019.

2018				
Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trusts:

- (a) This class seeks to provide a high level of current income combined with moderate appreciation (depreciation) through the investment of real estate investments which are owned directly or through partnership interests, as well as mortgage loans on income-producing real estate.

The fair value of investments in all of these categories noted above has been estimated using the net asset value per share of underlying investments.

WHITTAKER CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of Levels 1, 2, or 3.

NOTE 6 PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. Governmental agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2019 and 2018, the statutory ceiling was approximately \$5,600 and \$5,400 per month, respectively.

The ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings will be actuarially adjusted downward.

WHITTAKER CORPORATION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 6 PLAN TERMINATION (CONTINUED)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

NOTE 7 PLAN TAX STATUS

The Plan obtained its latest determination letter on November 19, 2015, in which the Internal Revenue Service (IRS) states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by The Northern Trust Company, the trustee, as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions.

NOTE 10 SUBSEQUENT EVENTS

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Management believes the Company is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated at this time.

As a result for the COVID-19 pandemic, the Plan Sponsor announced a 20% reduction in their global workforce. The reduction will have no impact on the 2020 funding requirements for the Plan.

The Plan has evaluated subsequent events through October 12, 2020, the date the financial statements were available to be issued.

Certain assumptions are prescribed as described below. The other assumptions are estimates derived from historical and recent experience as well as market observations, combined with professional judgment about future expectations.

Interest:

The interest rates used for the 2019 plan year are the 24-month average corporate bond segment rates for September 2018 (a 4-month lookback) subject to funding stabilization. Under stabilization, the interest rates used for funding purposes are calculated in the usual manner (24-month average corporate bond rates) but are then constrained to be within a corridor around a 25-year average of those same bond rates. For 2019, the stabilization corridor is 10%. Under current law, it is scheduled to remain at 10% through 2020, then increase by 5% per year until it reaches 30% for 2024.

The rates are as follows:

	Payments in the First 5 Years	Payments in Years 6 – 20	Payments Thereafter	Effective Interest Rate
Current Year, reflecting stabilization	3.74%	5.35%	6.11%	5.24%
Current Year, without stabilization	2.28%	3.81%	4.46%	3.75%
Prior Year, reflecting stabilization	3.92%	5.52%	6.29%	5.41%
Prior Year, without stabilization	1.75%	3.76%	4.66%	3.68%

The interest rates used to determine the PBGC variable-rate premium are:

	Payments in the First 5 Years	Payments in Years 6 – 20	Payments Thereafter
Current Year	3.38%	4.32%	4.69%
Prior Year	2.33%	3.55%	4.11%

These interest rates are based on the plan sponsor's election for the 2014 plan year (an election that can currently be changed) and are subject to the constraints established by law.

Mortality Rates RP-2006 separate employee and annuitant healthy mortality tables, projected generationally to 2019 using scale MP-2017.
(Previously, RP-2000 separate employee and annuitant healthy mortality table with static projection using scale AA and no collar-adjustment.)
This assumption is one of the choices allowed by the regulations.

Benefit Election 100% of participants are assumed to elect payment in the form of a single life annuity.
This assumption is based on historical and current data, adjusted to reflect estimated future experience and professional judgment.

Description of Weighted Average Retirement Age	Age 62, determined as follows: The overall weighted-average retirement age is the average of the individual weighted-average retirement ages based on all the active participants included in the actuarial valuation.	
Retirement From Inactive Status	Age 65	
Percent Married	100%	
Age Difference	Male spouses are assumed to be three years older than female spouses.	
Administrative Expenses	An expense assumption is required under the funding rules. Plan-related expenses of \$970,000 are expected to be paid by the plan during the year (based on current year PBGC premium plus the average amount of other administrative expenses over the prior 3 years). This assumption is based on recent historical data, adjusted to reflect estimated future experience and professional judgment.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods
Whittaker Corporation Employees' Pension Plan
EIN 95-4033076 PN 001

Asset Method	As selected by the plan sponsor, assets are determined by averaging the market value as of the valuation date and the adjusted market values as of the preceding two years. The resulting value is limited to between 90% to 110% of market value of assets. The adjusted market values reflect cash flow and expected earnings to the valuation date. The expected earnings are based on an assumed rate of return of 7.00%, not to exceed the applicable third segment rate of 6.48% in 2017 and 6.29% in 2018.
Funding Method	<p>Funding method is unit credit actuarial cost method, as prescribed by law. The liability is measured on an accrual-to-date basis using mandated mortality tables and interest rates with no salary projection past the end of the year.</p> <p>If all assumptions are met (including the investment earnings implicitly assumed by the interest rate), funding the plan at the minimum required contribution level is generally designed to achieve a 100% funded status within seven years. Once that is achieved, or for overfunded plans, the required contribution will generally equal the target normal cost reduced by any overfunding.</p>
Funding Relief	As allowed under the Pension Relief Act, the plan sponsor has elected to use a "15-year" amortization for the shortfall bases applicable to the 2010 and 2011 plan years. This funding relief may be subject to installment acceleration if certain excess compensation or excess shareholders distributions apply.

Schedule SB, Line 24 – Change in Actuarial Assumptions
Whittaker Corporation Employees' Pension Plan
EIN 95-4033076 PN 001

Non-Prescribed Assumption Changes since Prior Valuation

Assumption Type	Description
Administrative Expenses	<p>An expense assumption is required under the funding rules. Plan-related expenses of \$970,000 are expected to be paid by the plan during the year (based on current year PBGC premium plus the average amount of other administrative expenses over the prior 3 years). Previously, \$733,000 had been assumed.</p> <p>This assumption is based on recent historical data, adjusted to reflect estimated future experience and professional judgment.</p>
