SIMCO PROFIT SHARING 401(k) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 - Description of plan

General

Effective January 1, 1981, SIMCO Electronics (the “Company”, “Plan Administrator”, “Plan Sponsor”) adopted a prototype non-standardized profit sharing 401(k) plan (the “Plan”). The Plan is a defined contribution plan covering all eligible employees who are not members of a union subject to a collective bargaining agreement or leased employees or employees who are paid cash in lieu of benefits in accordance with a United States Department of Labor Wage Determination which has been issued as a requirement of the Service Contract Act of 1965, as amended. The Plan was amended to permit notes receivable from participants, effective May 1, 2018.

Effective September 2019, the provisions of the Bipartisan Budget Act relating to distributions were made available to plan participants.

This description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration

The Company has appointed an Administrative Committee (the "Committee") to manage the operations and administration of the Plan. The Plan Administrator has contracted with Automatic Data Processing (“ADP”) as the third-party administrator (TPA). ADP is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Company contracted with Reliance Trust Company (“Reliance Trust”) to act as the Plan trustee and custodian for the years ended December 31, 2019 and 2018.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan Document. Participants who are age 50 and over may make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds and common/collective trust funds. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically entered in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan allows for discretionary employer matching contributions. The Plan also allows for an additional annual employer discretionary profit sharing contribution, in an amount determined by the Company, to participants who are eligible to share in the contributions for the Plan year. The Company’s discretionary matching contribution is calculated at 50% of the first 2% of compensation contributed by the employee. Such discretionary matching contributions amounted to $173,088 and $169,386 for the years ended December 31, 2019 and 2018, respectively, prior to offset by forfeitures. Contributions are subject to certain IRS limitations.

Note 1 - Description of plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of the Company's discretionary profit sharing contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary profit sharing contributions is based on the participant's years of vesting service. Participants who complete 1,000 hours of service for each Plan year receive one year of vesting service. Participants are vested 100% in discretionary profit sharing contributions after completing two years of service. The vesting schedule for the Company's discretionary matching contributions is as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Notes receivable from participants

A participant may have only one loan outstanding at any time. Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants should refer to the Plan Document for detailed loan provisions. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.75% to 6.50%. Loan terms range up to five years or may exceed five years for the purchase of a primary residence. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

Upon reaching the age of 59½ and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the participant's or beneficiary's vested account balance is $5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. Vested balances of $1,000 or less will be distributed as a lump-sum amount without the participant's consent.

Note 1 - Description of plan (continued)

Forfeited accounts

Forfeited non-vested employer discretionary matching contribution amounts may be used to pay Plan expenses or to reduce future employer contributions. Forfeitures in the amount of $18,970 and $29,825 for the years ended December 31, 2019 and 2018, respectively, were used to reduce employer contributions. Total Plan forfeitures remaining in the Plan, including earnings, are insignificant at December 31, 2019 and 2018.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates. Significant estimates used in preparing these financial statements include the fair value of investments in mutual funds and common/collective trust funds, and management's estimate of the allowance for losses on notes receivable from participants.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

The Plan's investment in the Invesco Stable Asset Trust represents an indirect investment in a fully-benefit responsive investment contract, which is reported at fair value without presenting the adjustment to contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of benefits

Benefits are recorded when paid.

Expenses

Fees related to the administration of participant withdrawals are charged directly to the participants' accounts and are included in administrative expenses in the statements of changes in net assets available for benefits. Investment-related expenses are included in net appreciation or depreciation in the fair value of investments earned in participants' accounts.

Note 2 - Summary of accounting policies (continued)

Expenses (continued)

Pursuant to a revenue sharing arrangement with ADP through June 30, 2018, the Plan received asset-based fees calculated at 16 basis points of the invested assets. Effective July 1, 2018, the Plan receives asset-based fees at 10 basis points of the invested assets. Such amounts are used to pay Plan expenses, including professional services fees, and are also included in administrative expenses on the plan financial statements. Any remaining balance is generally reallocated among Plan participants. For the years ended December 31, 2019 and 2018, $83,904 and $42,658, respectively, was received under the revenue sharing arrangement. Plan-related administrative expenses paid out of the Plan during the years ended December 31, 2019 and 2018 amounted to $65,910 and $43,945, respectively.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan Document. No allowance for losses was deemed necessary by the Plan Sponsor based on an assessment of the outstanding notes receivable from participants at December 31, 2019 and 2018.

Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through October 14, 2020, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

All investment information disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year), including investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust, in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Note 4 - Fair value measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were noted at Levels 2 and 3 as of December 31, 2019 and 2018. There were no changes in the valuation methodologies used at December 31, 2019 and 2018.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,761,613	$ -	$ -	$ 10,761,613
Common/collective trust funds measured at net asset value *	-	-	-	8,180,306
Investments at fair value	$ 10,761,613	$ -	$ -	$ 18,941,919

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,785,224	$ -	$ -	$ 9,785,224
Common/collective trust funds measured at net asset value *	-	-	-	6,442,143
Investments at fair value	$ 9,785,224	$ -	$ -	$ 16,227,367

Note 4 - Fair value measurements (continued)

* In accordance with ASC subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019, and 2018:

Investments	Fair Value as of December 31, 2019	Fair Value as of December 31, 2018	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust funds	$ 8,180,306	$ 6,442,143	n/a	Daily	1 Day

The fair value of common collective trust funds are based on the investment's net asset value per unit, considering quoted market prices for similar securities, interest rates, foreign exchange rates, prepayment speeds, credit risk and other inputs. The fair value of the Invesco Stable Asset Trust (the “Trust”), a common collective trust, is based on net asset value, as reported by the manager of the collective trust fund. This fund invests in short-term investment funds (reported at Level 1), Synthetic Guaranteed Investment Contracts (reported at Level 2), and Wrap Contracts at fair value (reported at Level 3). There are no unfunded commitments, the units can be redeemed daily, and there is no redemption notice period limitation at the participant level.

Employer initiated events, if material, may affect the underlying economics of investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer initiated events could limit the Trust’s ability to transact at contract value with plan unitholders.

Examples of events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the plan’s loss of its qualified status, material breaches of responsibilities that are not cured, or material and adverse changes to the provisions of the plan. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments.

Note 5 - Terminated employee accounts

At December 31, 2019 and 2018, 130 and 137 participants, respectively, had terminated employment. Their vested account balances included in net assets available for benefits were $5,762,455 and $5,434,043, respectively, as of those dates. None of the terminated participants remaining in the Plan at December 31, 2019 and 2018, respectively, had requested to withdraw from the Plan as of those dates.

Note 6 - Related party transactions and party-in-interest transactions

The Plan Sponsor has contracted with ADP to process and maintain the records of participant data and monitor compliance with governmental regulatory requirements. The Plan Sponsor also contracted with Reliance Trust to maintain custody of Plan investments during 2019 and 2018, respectively, as well as an independent investment advisor to monitor investment performance. Refer to **Note 2 - Expenses** for expenses of the Plan paid by the Plan participants to these parties-in-interest. All these transactions are considered party-in-interest transactions under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7 - Rollover contributions

During 2019, there were no rollover contributions into the plan. During 2018, a rollover contribution of $48,263 from another plan was from a single participant.

Note 8 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9 - Tax status

The Internal Revenue Service has informed ADP by letter dated July 16, 2014 that the prototype non-standardized Plan adopted by the Company is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan's third-party administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date and through the date of issuance of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, no audits are currently in progress for any tax periods.

Note 10 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 11 - Subsequent events

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted in the risk and uncertainties note, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The impact to the Plan of the COVID-19 pandemic during 2020 may result in significant reductions in values to many investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known and therefore, the extent of the impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.
