Note 1 - Plan Description

The following description of ProMedica Health System, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of ProMedica Health System, Inc. and Subsidiaries (collectively, the "Company"). An employee is eligible to become a participant in the Plan the first full pay period in the month following the date of employment. Subsidiaries currently participating in the Plan include ProMedica Continuing Care Services, Inc.; Flower Hospital; The Toledo Hospital; Bay Park Community Hospital; Fremont Memorial Hospital; Memorial Hospital; Lenawee Health Alliance; Fostoria Community Hospital; Paramount Care, Inc.; Paramount Preferred Options, Inc.; Paramount Benefits Agency, Inc.; Paramount Care of Michigan, Inc.; ProMedica Central Corporation of Michigan; ProMedica Physicians Corporation; ProMedica Central Physicians, LLC; ProMedica East Physicians, LLC; ProMedica West Physicians, LLC; ProMedica South Physicians, LLC; Toledo Children's Hospital, ProMedica System; ProMedica GI Physicians, LLC; ProMedica Orthopedic Physicians, LLC; ProMedica Northwest Ohio Cardiology, Consultants, LLC; ProMedica Cardiothoracic Physicians, LLC; ProMedica ENT, LLC; ProMedica Monroe Cardiology, LLC; ProMedica Hematology, Oncology, LLC; ProMedica Anesthesiology, LLC; Midwest Cardiovascular Consultants, LLC; and ProMedica North Physicians Corp. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary 401(k) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. The Plan provides for employer matching contributions of 100 percent of the participant's contribution, not to exceed 3 percent of the employee's eligible compensation after the employee completes one year of service, as defined by the plan document. The Company may make annual longevity discretionary contributions. Participants who have completed 10 years of service will be eligible to receive an allocation of the longevity contribution. In addition, the Company may make a special discretionary contribution for contract employees not eligible for the matching contribution. Neither of these discretionary contributions were made during the plan year.

The Plan provides for an employer fixed contribution based on participants' years of vesting service for certain participants who are not eligible to participate in the Company's cash balance plan. Contributions are determined as follows: 2 percent of eligible compensation for participants with 0-4 years of vesting service, 2.5 percent for participants with 5-9 years, 3.0 percent for participants with 10-14 years, 3.5 percent for participants with 15-19 years, 4.0 percent for participants with 20-24 years, and 5.0 percent for participants with 25 years or more.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company at 20 percent after one year of service and an additional 20 percent after each year of service until they become fully vested after five years of service.

December 31, 2019 and 2018

Note 1 - Plan Description (Continued)

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or reallocated to participant accounts in accordance with plan documents.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Participant notes receivable are collateralized by the participant's account balance and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the plan administrator.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by T. Rowe Price Trust Company or its affiliates. T. Rowe Price Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value based on quoted market prices.

The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities, which are valued using quoted market prices. See Note 5 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company, as provided in the plan agreement.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

December 31, 2019 and 2018

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 13, 2020, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

T. Rowe Price Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable, other than as noted below, and executes all related transactions. The investment and participant notes receivable balances, other than as noted below, and related income and losses included in the accompanying financial statements are based solely on information certified by the Trustee.

The Plan's investments totaling \$70,418,906 at December 31, 2019 were not certified.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Notes to Financial Statements

December 31, 2019 and 2018

Note 5 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2019	
		Investments (at Fair Value)	Level 1
Mutual funds	\$	43,829,968	\$ 43,829,968
Money market fund		23,786,090	23,786,090
Self-directed brokerage accounts		2,802,848	2,802,848
Total	\$	70,418,906	\$ 70,418,906
		Assets Measured at Fair Value on a Recurring Basis at December 31, 2018	
		Investments (at Fair Value)	Level 1
Mutual funds	\$	667,026,706	\$ 667,026,706
Money market fund		23,242,753	23,242,753
Self-directed brokerage accounts		2,540,386	2,540,386
Total	\$	692,809,845	\$ 692,809,845

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2019 and 2018.

Note 6 - Transfer in Transit
