Note 1 - Plan Description

The following description of ProMedica Health System, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of ProMedica Health System, Inc. and Subsidiaries (collectively, the "Company"). An employee is eligible to become a participant in the Plan the first full pay period in the month following the date of employment. Subsidiaries currently participating in the Plan include: The Toledo Hospital; Toledo Children's Hospital; Flower Hospital; Bay Park Community Hospital; Mercy Memorial Hospital Corporation; ProMedica Continuing Care Services Corporation; ProMedica Health System; ProMedica Physician Group; Fostoria Community Hospital; Lenawee Health Alliance, Inc. (ProMedica North Region); Visiting Nurse Extra Care; Visiting Nurse Hospice and Healthcare; ProMedica Coldwater Regional Hospital; and all other eligible not-for-profit business units. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2018, ProMedica Coldwater Regional Hospital became an adopting member of the Plan. Accordingly, the affected participants became participants in the Plan. Formerly, the affected participants were participants in a MERS defined contribution plan.

Contributions

The Plan provides for employee salary 403(b) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain participant note receivable repayments in 2013 were not paid within the time frame required by the Department of Labor. The Company has not remitted these participant note receivable repayments and related lost earnings to the Plan.

Vesting

Participants' account balances are generally fully vested at all times and are not subject to forfeiture for any reason. Participants who transferred into the Plan from the Mercy Memorial Hospital System Retirement Savings Plan and the Memorial Hospital Employees Savings Plan 403(b) continue to vest in their prior employer contributions at a rate of 20 percent per year until fully vested after five years of service, including years of service provided within their respective prior plan.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the plan administrator.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

December 31, 2019 and 2018

Note 1 - Plan Description (Continued)

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to pay administrative expenses of the Plan.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities, which are valued using quoted market prices. All other investments are valued based on quoted market prices. See Note 5 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company, as provided in the plan agreement.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

December 31, 2019 and 2018

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 13, 2020, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

T. Rowe Price Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable, other than as noted below, and executes all related transactions. The investment and participant notes receivable balances, other than as noted below, and related income and losses included in the accompanying financial statements are based solely on information certified by the Trustee.

The Plan's investments totaling \$9,776,909 at December 31, 2019 were not certified.

Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Notes to Financial Statements

December 31, 2019 and 2018

Note 5 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2019	
		Investments (at Fair Value)	Level 1
Money market fund	\$	3,592,543	\$ 3,592,543
Mutual funds		5,483,324	5,483,324
Self-directed brokerage account investments		701,042	701,042
Total investments	\$	<u>9,776,909</u>	<u>\$ 9,776,909</u>
		Assets Measured at Fair Value on a Recurring Basis at December 31, 2018	
		Investments (at Fair Value)	Level 1
Money market fund	\$	2,654,788	\$ 2,654,788
Mutual funds		121,898,311	121,898,311
Self-directed brokerage account investments		645,106	645,106
Total investments	\$	<u>125,198,205</u>	<u>\$ 125,198,205</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2019 and 2018.

Note 6 - Transfer in Transit

Effective December 31, 2019, the Plan initiated a change in custodians from T. Rowe Price Trust Company to Fidelity Management Trust Company (Fidelity).
