INDEPENDENT AUDITORS' REPORT

To the Participants of
Metallized Carbon Corporation 401(k) Plan:

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Metallized Carbon Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Trust Company (the "Custodian"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the Custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule
The supplemental schedule as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, as listed in the accompanying table of contents, other than that derived from the information certified by the Custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

METALLIZED CARBON CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

1. GENERAL DESCRIPTION OF PLAN

The following description of the Metallized Carbon Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of Metallized Carbon Corporation (the "Sponsor") who have at least six months of qualified service and are 20½ years old or older. The Plan became effective on October 1, 1982, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC").

Contributions
Each participant may contribute a percentage of their eligible compensation (as defined) to the Plan on a pre-tax or after-tax basis, through a salary reduction program. For any calendar year, elective deferrals may not exceed a specific dollar amount as determined by the Internal Revenue Service ("IRS") on an annual basis. The Plan also allows participant rollover contributions, which represent distributions from other qualified plans.

The Sponsor may make a discretionary profit sharing contribution for each eligible employee. The Sponsor's discretionary contribution is calculated as 2.1% of the compensation paid to each eligible employee during the year plus an extra 2.1% of compensation in excess of $24,000. During the year ended December 31, 2019, the Sponsor approved a discretionary contribution in the amount of $193,360.

Investment options
The Plan's investment assets are held by Principal Trust Company ("Custodian"), the custodian of the Plan's investment assets. Under an arrangement with the Custodian and upon enrollment in the Plan, participants direct their contributions in any whole percentage increments into any of the available investments offered by the Plan. Participants may change their allocation to the various investment options at any time via the internet.

Participant accounts
Each participant's account is credited with (a) the participant's contributions, (b) the Sponsor's contributions on behalf of the participant, and (c) the earnings and losses of the participant's investments, and is charged with any expenses incurred as a result of the transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's discretionary contributions and actual earnings thereon is based on years of qualifying service. A participant is 100% vested after six years of credited service. Participants are also fully vested in employer contributions after attainment of normal retirement age or for reasons due to death or permanent disability.

Forfeited accounts
Forfeited non-vested accounts may be used to reduce Sponsor contributions or to reduce expenses to the Plan in the future. During the year ended December 31, 2019, $31,857 in funds were forfeited and $21,600 was used to reduce Sponsor contributions. At December 31, 2019 and 2018, accumulated forfeitures available to reduce future contributions or to pay administrative expenses were $43,105 and $27,565, respectively.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance, subject to certain limitations as detailed in the Plan document. Participants may have a maximum of two notes outstanding at any given time. Note terms range from one to five years, unless it is for the purchase of a principal residence, in which case the term may be extended to ten years. The notes are secured by the balance in the participant's account and bear interest at a fixed rate as determined by the Custodian. Interest rates ranged from 5.25% to 7.50% for the years end December 31, 2019 and 2018. Principal and interest are paid ratably through periodic payroll deductions.

Payment of benefits
Benefit payments are made to the participant either in a lump sum payment or in equal installment payments over a period of years approximating the participant's remaining life expectancy. Distributions are not permitted before age 59 ½ except in the event of disability, termination of employment, or reasons of proven financial hardship as defined by the Plan. A terminated participant whose vested account balance does not exceed $1,000 will receive a lump sum distribution of the vested account balance as soon as administratively feasible following termination. A terminated participant whose vested account balance exceeds $1,000 but does not exceed $5,000 will have their balance automatically rolled over into an IRA outside of the Plan assets as soon as administratively feasible following termination.

Administrative expenses
Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting
The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Payment of benefits
Benefits are recorded when paid.

Use of estimates in financial statement preparation
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments, except for fully benefit-responsive investment contracts, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes realized and unrealized gains and losses on those investments. See Note 5 for discussion of fair value measurements.

For fully benefit-responsive investment contracts, contract value, is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Expenses
Certain expenses incurred maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation/depreciation in fair value of investments.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are included as distributions based upon the Plan's provisions.

Subsequent events
The Sponsor has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

3. RELATED PARTY TRANSACTIONS

The Sponsor incurred costs on behalf of the Plan for insurance, custodial fees and account costs during the year ended December 31, 2019. The Sponsor also provides recordkeeping and administrative services to the Plan at no cost.

The Plan offers investments managed by the Custodian. Accordingly, transactions in these investments qualify as party-in-interest transactions.

4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedules.

The following information included in the Plan's financial statements and supplemental schedules was prepared and certified as complete and accurate by the Custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019:

	2019	2018
Investments at fair value:		
Mutual funds	$ 982,139	$ 804,285
Collective trusts	-	2,048,990
Pooled separate accounts	3,320,593	653,490
	4,302,732	3,506,765
Investments in fully benefit-responsive investments contracts, at contract value	378,315	374,893
	$ 4,681,047	$ 3,881,658

	2019
Investment income:	
Net appreciation in fair value of investments	$ 712,862
Interest and dividends	13,209
	$ 726,071

5. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the year ended December 31, 2019.

- Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Collective trusts: Valued at the NAV of units of the collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the NAV. Participant transactions (purchases and sells) can normally occur daily at fair value.

- Pooled separate accounts: Valued at the unit value of shares held by the Plan at year-end, as determined by the Custodian based on the net asset value ("NAV") of the underlying mutual funds. The NAV, as reported by the Custodian, is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) can normally occur daily, at fair market value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at fair value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Assets in fair value hierarchy:				
Mutual funds	$ 982,139	$ -	$ -	$ 982,139
Investments measured using NAV as a practical expedient:				
Pooled separate accounts				3,320,593
Total investments at fair value				$ 4,302,732

	Investments at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Assets in fair value hierarchy:				
Mutual funds	$ 804,285	$ -	$ -	$ 804,285
Investments measured using NAV as a practical expedient:				
Collective trusts				2,048,990
Pooled separate accounts				653,490
Total investments at fair value				$ 3,506,765

6. INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan invests in a fully benefit-responsive guaranteed investment contract with the Custodian who maintains the contributions in its general account. The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The methodology for calculating the interest crediting rates is based on the earnings of the underlying assets compared to the minimum interest crediting rates, as stated in the contracts, and prevailing market conditions. The crediting interest rate on the contract is reset semiannually and is guaranteed to equal or exceed 1%.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) plant closings or layoffs executed by the Sponsor, (3) bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan, and (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. The guaranteed investment contract does not permit the Custodian to terminate the agreement prior to the scheduled maturity date. There are no reserves against contract value of the general account for credit risk of the contract issuer or otherwise.

7. TAX STATUS

The Plan uses a prototype plan document sponsored by Principal Life Insurance Co, who was informed by the IRS by a letter dated March 31, 2014, that the prototype plan, as amended, is designed in accordance with applicable sections of the IRC. Though the Plan has not received a determination from the IRS, the Sponsor believes that the Plan, as amended, is designed and is being operated in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress and the Sponsor believes that the Plan is no longer subject to income tax examinations for years prior to 2016.

8. RECONCILIATION OF FORM 5500 TO THE FINANCIAL STATEMENTS

The following is a reconciliation of the Plan's net assets available for benefits and net increase in net assets available for benefits as reported in the accompanying financial statements and those amounts reported on Form 5500 as of December 31, 2019 and 2018, and for the year ended December 31, 2019:

	2019	2018
Net assets available for benefits per financial statements	$ 4,987,411	$ 4,142,266
Sponsor contributions receivable	(193,360)	(153,912)
Net assets available for benefits per Form 5500	$ 4,794,051	$ 3,988,354

	2019
Net increase in net assets available for benefits per financial statements	$ 845,145
Sponsor contributions receivable	(39,448)
Net increase in net assets available for benefits per Form 5500	$ 805,697

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. INVESTMENT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. SUBSEQUENT EVENTS

On February 6, 2020 the Sponsor terminated its custodial agreement with Principle Trust Company and entered into a new agreement with Fidelity Management Trust Company. All assets were transferred on February 6, 2020. In connection with the transfer the Sponsor also adopted Fidelity Management Trust Company volume submitter plan. There were no significant changes to the Plan document with the change to Fidelity Management Trust Company.

During 2020, the Sponsor implemented provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The CARES Act allows participants to take a COVID-19 related distribution up to $100,000 through December 31, 2020. In addition, the CARES Act allows participant loans up to the lessor of $100,000 or 100% of a participant's vested account balance, and deferral of loan repayments through January 1, 2021.
