SENIOR LIFESTYLE CORPORATION 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1 DESCRIPTION OF PLAN

The following description of the SENIOR LIFESTYLE CORPORATION 401(K) RETIREMENT PLAN (the "Plan") provides only general information. Participants should refer to the Plan Agreement and Amendments for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established January 1, 2016 as a single employer plan covering all eligible employees of Senior Lifestyle Corporation (the "Company").

Effective July 1, 2017, employees covered by the Plan are eligible to participate upon the attainment of age 21 and completion of two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may contribute an amount equal to the amounts allowed per the regulatory statutes. Participants may also make rollover contributions from other qualified plans. Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may also elect to contribute to a Roth 401(k) within the Plan. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

The Company may make a discretionary matching contribution in an amount determined by the Board of Directors. The matching contribution begins after one year of service, will be no more than 6% of each participant's compensation and is capped at $1,500 per year. The Company contributions are invested directly in the above investments as directed by the participant.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of each participant's account is based on years of service. A participant becomes 20 percent vested after two years of service, 40 percent vested after three years of service, 60 percent vested after four years of service, 80 percent vested after five years of service and 100 percent vested after six years of service. However, if an active participant dies or becomes totally disabled, as defined, prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

Notes Receivable from Participants – A participant may borrow up to a maximum of $50,000 or 50% of the vested portion of his or her account balance, whichever is less. The minimum amount for loans is $1,000. Loans are calculated on a fully amortized basis. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans. The interest rates applicable to outstanding loans at December 31, 2019 and 2018, were between 4.25% - 9.25%.

Payment of Benefits – Upon termination of service, a participant will receive a lump-sum amount equal to the value of the vested portion of his or her account. If a participant's vested account balance does not exceed $5,000, the balance will be rolled over to an IRA. Distributions are subject to the applicable provisions of the plan agreement. Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 4 for discussion of fair value measurements.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses – The Plan is responsible for payment of the trustee expenses and fees. However, the Company may pay the Plan's expenses directly. Transaction charges (for loan and benefit payment transactions) are paid by the Plan by reducing the balances of those participants initiating the transactions. Fees paid by the Plan for investment management services for the period ended December 31, 2019 amounted to $212,852.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3 CERTIFIED FINANCIAL INFORMATION

The Plan's assets are invested in products sold by Reliance Trust Company. The investment balances and related investment information included in the financial statements, and accompanying notes are derived from statements that have been certified by Reliance Trust Company as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurement Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
December 31, 2019				
Mutual Funds	$ 27,383,126	$ 27,383,126	$ -	$ -
Total	$ 27,383,126	$ 27,383,126	$ -	$ -
December 31, 2018				
Mutual Funds	$ 20,567,973	$ 20,567,973	$ -	$ -
Total	$ 20,567,973	$ 20,567,973	$ -	$ -

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted market prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 and Level 2 inputs are not available.

Level 1 Fair Value Measurements - The fair value of mutual funds is based upon quoted net asset values of the shares held by the Plan at year-end.

NOTE 5 INVESTMENTS

The Plan's investments were held in trust and administered by the Trustee. All investment information presented in the accompanying financial statements and supplemental schedules, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100 percent vested in their accounts, no more employees could become participants, no more contributions could be made, and all assets will be liquidated and paid to participants.

NOTE 7 TAX STATUS

The Plan is a non-standardized prototype profit sharing plan with CODA sponsored by Pinnacle Financial Services, Inc. that has been adopted by the Company. The non-standardized plan obtained its latest opinion letter on March 31, 2014, by which the Internal Revenue Service has determined and informed the Company that the Plan and related trust, as then designed, were in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

NOTE 8 FORFEITURES

Forfeitures result from non-vested Company contributions remaining in the Plan from terminated employees. Forfeitures are offset against administrative expenses and then against Company matching contributions. During 2019, total forfeitures were $41,862.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 DELINQUENT PARTICIPANT CONTRIBUTIONS

As reported on Schedule H, line 4a, Schedule of Delinquent Participant Contributions for the year ended December 31, 2019, certain participant contributions were not remitted to the trust within the timeframe specified by the Department of Labor's Regulation 29 CFR 2510.53-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2018. Delinquent participant contributions in the amount of $444, relating to plan year 2018, were made at various times during 2018 to the Plan for the periods outstanding. The Company was instructed to remit $2 of lost earnings on the delinquent participant contributions to the trust, which was done on August 23, 2019.

NOTE 11 SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 7, 2020, which is the date the financial statements were available to be issued. Management has determined that there were no subsequent events requiring disclosure.
