One10 LLC Employee Savings and Investment Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of One10 LLC Employee Savings and Investment Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees, except union employees, nonresident aliens, leased employees, and part-time/seasonal employees, of One10 LLC. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant contributions: Eligible employees are automatically enrolled in the Plan using a contribution percentage equal to 6% of the employees' compensation. Eligible employees have the ability to elect an alternative deferral amount or elect not to defer. The Plan includes an automatic increase provision whereby eligible employees that were automatically enrolled in the Plan at 3% deferral contributions will automatically have their deferral percentage increased by 1% at the beginning of each plan year until their deferral percentage reaches a maximum deferral of 6% of compensation.

Eligible employees are permitted to elect to have a percentage, limited to 75%, of their compensation contributed as pre-tax 401(k) contributions to the Plan. The Plan also allows for Roth contributions.

Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and certain IRAs.

Employer contributions: The Employer has an option to make a discretionary matching contribution as determined by the Employer. For the years ended December 31, 2019 and 2018, the Employer matched 40% of the first 6% of a participant's contribution to the Plan. A participant must complete 30 days of employment to be eligible to receive an Employer matching contribution. The Employer may elect to make a discretionary profit sharing contribution. In order to be eligible for the Employer discretionary profit sharing contribution, a participant must be employed on the last day of the year, unless termination is due to retirement, death, or total and permanent disability. For the years ended December 31, 2019 and 2018, the Employer did not authorize a discretionary profit sharing contribution.

Participant accounts: Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and profit sharing contribution portions of their account, plus actual earnings thereon, is based on years of credited service. A participant vests at a rate of 25% after two years of service and is 100% vested after the completion of five years of credited service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms do not exceed five years, except if the funds are for certain home related loans. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1% over the prime rate. Interest rates on outstanding loans ranged from 4.25% to 9.00% as of December 31, 2019 and 2018. Principal and interest is paid ratably through regular payroll deductions.

One10 LLC Employee Savings and Investment Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of employment, death, disability or retirement (age 65), participants may receive the value of the vested interest in their account in the form of a lump sum payment, installment payments, or partial withdrawals. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan Administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service withdrawals upon attainment of age 59½ and hardship withdrawals, subject to Plan provisions.

Forfeited nonvested accounts: Forfeited, nonvested accounts as of December 31, 2019 and 2018 totaled \$2,665 and \$899, respectively. Forfeitures will be used to reduce future employer matching contributions. Forfeitures of \$24,705 were used to reduce employer contributions during the year ended December 31, 2019.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America as more explicitly described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes receivable are recorded as distributions on the basis of the terms of the plan document.

Contributions: Participant contributions are recognized when earned. Employer matching contributions are recognized concurrently with participant contributions. Employer discretionary profit sharing contributions are recognized annually, if applicable.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: A significant portion of the Plan's administrative expenses are paid by the employer.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

One10 LLC Employee Savings and Investment Plan

Notes to Financial Statements

Note 3. Information Prepared and Certified by Trustee

The information related to investments that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2019 and 2018 and for the year ended December 31, 2019 was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to these investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and the supplemental schedule related to the Plan's investments.

Wells Fargo, N.A. also certified the completeness and accuracy of \$11,735,589 of net appreciation in fair value of investments, \$1,192,352 of interest and dividends related to investments, and \$39,395 of interest on notes receivable from participants for the year ended December 31, 2019.

Note 4. Fair Value of Investments

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data or correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

One10 LLC Employee Savings and Investment Plan

Notes to Financial Statements

Note 4. Fair Value of Investments (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price reported on the active market on which individual securities are traded.

Common/collective trust fund: Valued based on the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2019 and 2018, segregated by the level of the valuation inputs with the fair value hierarchy utilized to measure fair value.

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 62,866,357	\$ -	\$ -	\$ 62,866,357
Investments measured at NAV, as a practical expedient ^(a)				6,558,700
Total investments, at fair value				<u>\$ 69,425,057</u>

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 48,827,089	\$ -	\$ -	\$ 48,827,089
Investments measured at NAV, as a practical expedient ^(a)				6,142,365
Total investments, at fair value				<u>\$ 54,969,454</u>

^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the net assets available for benefits.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per share as of December 31, 2019 and 2018.

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Restrictions	Redemption Notice Period
	2019	2018	2019	2018			
Common/collective trust fund	\$ 6,558,700	\$ 6,142,365	\$ -	\$ -	Same Day	Same Day	Same Day

One10 LLC Employee Savings and Investment Plan

Notes to Financial Statements

Note 5. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed such an intention, the Employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the assets of the Plan will be distributed to participating employees or their beneficiaries. The Employer shall have no right, title or interest in the contributions made by them under the Plan.

Note 7. Income Tax Status

The Plan Sponsor has adopted a volume submitter plan, which obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before fiscal 2016.

Note 8. Party-In-Interest

Certain plan investments are managed by Wells Fargo Bank, N.A.. Wells Fargo Bank, N.A. is the trustee as defined by the Plan; therefore, these investment transactions qualify as party-in-interest transactions. Fees paid by the Plan for trustee services amounted to \$106,667 for the year ended December 31, 2019.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2019	2018
Net assets available for benefits per the financial statements	\$ 70,354,778	\$ 55,571,467
Less: deemed loan activity	(1,876)	(33,220)
Net assets available for benefits per Form 5500	<u>\$ 70,352,902</u>	<u>\$ 55,538,247</u>

The following is a reconciliation of the net increase (decrease) per the financial statements to the Form 5500 for the year ended December 31, 2019:

Net increase per the financial statements	\$ 14,783,311
Change in deemed loan activity	31,344
Net increase per Form 5500	<u>\$ 14,814,655</u>

Note 10. Subsequent Events

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. The full impact of the coronavirus outbreak continues to evolve as of the date of this report; therefore, the extent of any adverse impact to the Plan’s participants cannot be predicted at this time. The Plan Sponsor has suspended employer contributions to the Plan effective April 7, 2020.

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be opted by qualified retirement plans, including increased levels of participant loans for affected individuals for a limited time and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 ½ can be omitted for 2020.

The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2020, the date the financial statements were available to be issued.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and profit sharing contribution portions of their account, plus actual earnings thereon, is based on years of credited service. A participant vests at a rate of 25% after two years of service and is 100% vested after the completion of five years of credited service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms do not exceed five years, except if the funds are for certain home related loans. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1% over the prime rate. Interest rates on outstanding loans ranged from 4.25% to 9.00% as of December 31, 2019 and 2018. Principal and interest is paid ratably through regular payroll deductions.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of employment, death, disability or retirement (age 65), participants may receive the value of the vested interest in their account in the form of a lump sum payment, installment payments, or partial withdrawals. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan Administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service withdrawals upon attainment of age 59½ and hardship withdrawals, subject to Plan provisions.

Forfeited nonvested accounts: Forfeited, nonvested accounts as of December 31, 2019 and 2018 totaled \$2,665 and \$899, respectively. Forfeitures will be used to reduce future employer matching contributions. Forfeitures of \$24,705 were used to reduce employer contributions during the year ended December 31, 2019.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America as more explicitly described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes receivable are recorded as distributions on the basis of the terms of the plan document.

Contributions: Participant contributions are recognized when earned. Employer matching contributions are recognized concurrently with participant contributions. Employer discretionary profit sharing contributions are recognized annually, if applicable.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: A significant portion of the Plan's administrative expenses are paid by the employer.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3. Information Prepared and Certified by Trustee

The information related to investments that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2019 and 2018 and for the year ended December 31, 2019 was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to these investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and the supplemental schedule related to the Plan's investments.

Wells Fargo, N.A. also certified the completeness and accuracy of \$11,735,589 of net appreciation in fair value of investments, \$1,192,352 of interest and dividends related to investments, and \$39,395 of interest on notes receivable from participants for the year ended December 31, 2019.

Note 4. Fair Value of Investments

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data or correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 4. Fair Value of Investments (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price reported on the active market on which individual securities are traded.

Common/collective trust fund: Valued based on the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2019 and 2018, segregated by the level of the valuation inputs with the fair value hierarchy utilized to measure fair value.

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 62,866,357	\$ -	\$ -	\$ 62,866,357
Investments measured at NAV, as a practical expedient ^(a)				6,558,700
Total investments, at fair value				<u>\$ 69,425,057</u>

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 48,827,089	\$ -	\$ -	\$ 48,827,089
Investments measured at NAV, as a practical expedient ^(a)				6,142,365
Total investments, at fair value				<u>\$ 54,969,454</u>

^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the net assets available for benefits.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per share as of December 31, 2019 and 2018.

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Restrictions	Redemption Notice Period
	2019	2018	2019	2018

One10 LLC Employee Savings and Investment Plan

Notes to Financial Statements

Note 5. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed such an intention, the Employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the assets of the Plan will be distributed to participating employees or their beneficiaries. The Employer shall have no right, title or interest in the contributions made by them under the Plan.

Note 7. Income Tax Status

The Plan Sponsor has adopted a volume submitter plan, which obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before fiscal 2016.

Note 8. Party-In-Interest

Certain plan investments are managed by Wells Fargo Bank, N.A.. Wells Fargo Bank, N.A. is the trustee as defined by the Plan; therefore, these investment transactions qualify as party-in-interest transactions. Fees paid by the Plan for trustee services amounted to \$106,667 for the year ended December 31, 2019.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2019	2018
Net assets available for benefits per the financial statements	\$ 70,354,778	\$ 55,571,467

The following is a reconciliation of the net increase (decrease) per the financial statements to the Form 5500 for the year ended December 31, 2019:

Net increase per the financial statements	\$ 14,783,311
Change in deemed loan activity	31,344
Net increase per Form 5500	<u>\$ 14,814,655</u>

Note 10. Subsequent Events

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. The full impact of the coronavirus outbreak continues to evolve as of the date of this report; therefore, the extent of any adverse impact to the Plan’s participants cannot be predicted at this time. The Plan Sponsor has suspended employer contributions to the Plan effective April 7, 2020.

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be opted by qualified retirement plans, including increased levels of participant loans for affected individuals for a limited time and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 ½ can be omitted for 2020.

The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2020, the date the financial statements were available to be issued.

One10 LLC Employee Savings and Investment Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of One10 LLC Employee Savings and Investment Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees, except union employees, nonresident aliens, leased employees, and part-time/seasonal employees, of One10 LLC. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant contributions: Eligible employees are automatically enrolled in the Plan using a contribution percentage equal to 6% of the employees' compensation. Eligible employees have the ability to elect an alternative deferral amount or elect not to defer. The Plan includes an automatic increase provision whereby eligible employees that were automatically enrolled in the Plan at 3% deferral contributions will automatically have their deferral percentage increased by 1% at the beginning of each plan year until their deferral percentage reaches a maximum deferral of 6% of compensation.

Eligible employees are permitted to elect to have a percentage, limited to 75%, of their compensation contributed as pre-tax 401(k) contributions to the Plan. The Plan also allows for Roth contributions.

Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and certain IRAs.

Employer contributions: The Employer has an option to make a discretionary matching contribution as determined by the Employer. For the years ended December 31, 2019 and 2018, the Employer matched 40% of the first 6% of a participant's contribution to the Plan. A participant must complete 30 days of employment to be eligible to receive an Employer matching contribution. The Employer may elect to make a discretionary profit sharing contribution. In order to be eligible for the Employer discretionary profit sharing contribution, a participant must be employed on the last day of the year, unless termination is due to retirement, death, or total and permanent disability. For the years ended December 31, 2019 and 2018, the Employer did not authorize a discretionary profit sharing contribution.

Participant accounts: Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and profit sharing contribution portions of their account, plus actual earnings thereon, is based on years of credited service. A participant vests at a rate of 25% after two years of service and is 100% vested after the completion of five years of credited service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms do not exceed five years, except if the funds are for certain home related loans. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1% over the prime rate. Interest rates on outstanding loans ranged from 4.25% to 9.00% as of December 31, 2019 and 2018. Principal and interest is paid ratably through regular payroll deductions.

One10 LLC Employee Savings and Investment Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of employment, death, disability or retirement (age 65), participants may receive the value of the vested interest in their account in the form of a lump sum payment, installment payments, or partial withdrawals. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan Administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service withdrawals upon attainment of age 59½ and hardship withdrawals, subject to Plan provisions.

Forfeited nonvested accounts: Forfeited, nonvested accounts as of December 31, 2019 and 2018 totaled \$2,665 and \$899, respectively. Forfeitures will be used to reduce future employer matching contributions. Forfeitures of \$24,705 were used to reduce employer contributions during the year ended December 31, 2019.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America as more explicitly described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes receivable are recorded as distributions on the basis of the terms of the plan document.

Contributions: Participant contributions are recognized when earned. Employer matching contributions are recognized concurrently with participant contributions. Employer discretionary profit sharing contributions are recognized annually, if applicable.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: A significant portion of the Plan's administrative expenses are paid by the employer.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Note 3. Information Prepared and Certified by Trustee

The information related to investments that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2019 and 2018 and for the year ended December 31, 2019 was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to these investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and the supplemental schedule related to the Plan's investments.

Wells Fargo, N.A. also certified the completeness and accuracy of \$11,735,589 of net appreciation in fair value of investments, \$1,192,352 of interest and dividends related to investments, and \$39,395 of interest on notes receivable from participants for the year ended December 31, 2019.

Note 4. Fair Value of Investments

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data or correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value of Investments (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price reported on the active market on which individual securities are traded.

Common/collective trust fund: Valued based on the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2019 and 2018, segregated by the level of the valuation inputs with the fair value hierarchy utilized to measure fair value.

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 62,866,357	\$ -	\$ -	\$ 62,866,357
Investments measured at NAV, as a practical expedient ^(a)				6,558,700
Total investments, at fair value				<u>\$ 69,425,057</u>

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 48,827,089	\$ -	\$ -	\$ 48,827,089
Investments measured at NAV, as a practical expedient ^(a)				6,142,365
Total investments, at fair value				<u>\$ 54,969,454</u>

^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the net assets available for benefits.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per share as of December 31, 2019 and 2018.

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Restrictions	Redemption Notice Period
	2019	2018	2019	2018

Notes to Financial Statements

Note 5. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed such an intention, the Employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the assets of the Plan will be distributed to participating employees or their beneficiaries. The Employer shall have no right, title or interest in the contributions made by them under the Plan.

Note 7. Income Tax Status

The Plan Sponsor has adopted a volume submitter plan, which obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before fiscal 2016.

Note 8. Party-In-Interest

Certain plan investments are managed by Wells Fargo Bank, N.A.. Note 10. Subsequent Events

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. The full impact of the coronavirus outbreak continues to evolve as of the date of this report; therefore, the extent of any adverse impact to the Plan’s participants cannot be predicted at this time. The Plan Sponsor has suspended employer contributions to the Plan effective April 7, 2020.

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be opted by qualified retirement plans, including increased levels of participant loans for affected individuals for a limited time and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 ½ can be omitted for 2020.

The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2020, the date the financial statements were available to be issued.
