Note 1: Plan Description

The following description of WS Packaging Group, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all nonunion employees who are not nonresident aliens, employees of an affiliate that is not a participating employer, or leased or temporary employees of WS Packaging Group, Inc. (the “Company”) who have completed two months of service. Upon satisfying the eligibility requirements, an employee is eligible to participate on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

On July 1, 2019, the parent company of WS Packaging Group, Inc. acquired 100% of the stock of Multi-Color Corporation. The plan provisions did not change as a result of this acquisition. As a result of this acquisition, the Plan was merged with the Multi-Color 401(k) Savings Plan on January 1, 2020. Accordingly, plan assets of \$153,491,962 were transferred into the Multi-Color 401(k) Savings Plan on January 1, 2020. The plan assets were comprised of \$150,120,649 of investments at fair value, \$3,367,486 of loans receivable, and \$3,827 of accrued interest. The notes to the financial statements are presented and apply to the Plan prior to the merger.

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute pretax amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). The Plan also allows for Roth contributions. Participants direct the investment to their contributions into various investment options offered by the Plan. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pretax deferral rate set at 3% of eligible compensation, increasing the pretax rate 1% annually on the anniversary of enrollment and capping at 6%, and their contributions invested in a designated fund until changed by the participants. The Plan was amended effective March 1, 2018, such that all eligible employees whose rate of elective deferral contributions is less than 10% as of April 2, 2018, shall be increased automatically by 1% of plan compensation every year on the first payroll period in January to a maximum of 10%, unless the participant selects otherwise. The Company may make a discretionary matching contribution of 50% of each participant’s first pretax deferrals up to 6% of plan compensation contributed. During the year ended December 31, 2019, the Company made matching contributions of \$2,197,931. The Company may also make a discretionary profit-sharing contribution on behalf of eligible employees each plan year, as defined in the plan document. No Company discretionary profit-sharing contribution was made for 2019. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Note 1: Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, and allocations of (a) the Company's discretionary profit-sharing contribution and (b) plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions and any Company discretionary profit-sharing contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their account plus actual earnings thereon is based on continuous years of service subject to a six-year graded vesting schedule, as defined in the Plan. Participants vest at a rate of 20% per year beginning with the second year of service. Participants become fully vested after six years of service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum or installments if the account balance is greater than \$5,000. If the participant's vested account balance does not exceed \$5,000, the plan administrator will pay an involuntary cash-out distribution as a single lump-sum payment. In addition, hardship distributions out of the participant's vested account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$0 and \$11,059, respectively. These accounts will be used first to pay administrative expenses, second to reduce future Company contributions, and third to be allocated to participants in accordance with the plan document. During the year ended December 31, 2019, Company contributions were reduced by \$90,783 from forfeited non-vested accounts.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms shall not exceed five years except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the plan administrator. Interest rates on existing loans range from 4.25% to 7.5%. Principal and interest are paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States ("GAAP").

New Accounting Pronouncement

In July 2018, the Financial Accounting Standards Board issued ("ASU") No. 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for the net asset value per share practical expedient in accordance with Accounting Standards Codification 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. ASU No. 2018-09 is effective for nonpublic companies for annual periods beginning after December 15, 2019. The Company is currently evaluating the expected impact of this update.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances. Interest income is recognized as remitted to the Plan. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to the plan participants based on their respective account balances and are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated through October 13, 2020, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs are unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used only if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 and Level 3 inputs for the periods presented.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value. There have been no changes in the techniques and inputs used as of December 31, 2019 and 2018.

Note 3: Fair Value Measurements (Continued)

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued using the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments that are traded on an active market.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

Target Date Funds (b)	69,530,512
Investment Assets measured at NAV	\$ 78,892,611
Total Investment Assets at Fair Value	\$ 133,204,105

(a) This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in the Wells Fargo Stable Return Fund O. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

(b) This category includes investments in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. These common/collective trust funds share the common goal of first growing and then later preserving principal. There are currently no redemption restrictions on these investments.

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Other than notes receivable from participants as of December 31, 2019 and interest income on notes receivable from participants for the year ended December 31, 2019, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and notes receivable from participants at December 31, 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Bank of America, N.A. ("BoA"), the Trustee of the Plan.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by BoA. BoA is the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, since they are paid through revenue sharing rather than a direct payment. Administrative expenses totaling \$267,146 were paid to BoA for the year ended December 31, 2019.

Capital Strategies Investment Group ("Capital") serves as the investment consultant for the Plan; therefore, fees paid to Capital qualify as party-in-interest transactions. For 2019, the Plan incurred expenses of \$40,000 related to investment consulting services, which were paid from revenue-sharing funds in the Plan.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Tax Status

The underlying prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype document is qualified under Section 401 of the Internal Revenue Code (the "Code"). Any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401 of the Code, and therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administration believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company discretionary matching contributions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

For purposes of the 5500 filing, the merger was treated as if it occurred at the end of the 2019 plan year.
