Note 1 - Description of Plan

The following description of the Hitachi Vantara Corporation Retirement and Savings Program (formerly known as Hitachi Data Systems Retirement and Savings Program) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established in 1989 by Hitachi Vantara Corporation (formerly known as Hitachi Data Systems Corporation) (the "Company") to provide benefits to all employees of the Company. Leased employees, foreign nationals employed by the Company in the United States or its territories are covered under a foreign retirement plan, foreign nationals employed by the Company outside of the Unites States or its territories, unless granted expatriate status, and any other individual not treated as common law employees by the Company on its payroll records are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company has appointed the Plan Retirement Committee (the "Committee") to manage the operation and administration of the Plan.

Contributions

Participants may elect to contribute their eligible pre-tax or Roth compensation to the Plan up to 50% of eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. However, such contributions are limited to the maximum amount permitted under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and the employer's matching contributions into various investment options offered by the Plan.

The Company is allowed to make matching contributions to the Plan, as defined in the Plan and as approved by the Board of Directors. In 2019, the Company matched 100% of each eligible participant's contribution up to a maximum of the first 6% of the participant's compensation. During the year ended December 31, 2019, the Company made a matching contribution of $23,551,818. The Plan also allows for a discretionary contribution; however, no such contribution has been made for the year ended December 31, 2019.

Effective October 14, 2019, an active participant may elect to have all or any portion of his or her salary reduction contribution made on an after-tax basis, rather than a pre-tax basis or as a Roth elective deferral. The total amount of such after-tax contributions for each participant may not exceed $15,000 during the Plan year.

Participant accounts

Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant contributions, as defined in the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their salary deferral, after-tax rollover contributions, rollover contributions, and employer's discretionary contribution. Effective January 1, 2019, all active participants are immediately fully vested in all employer contributions allocated to their account.

Notes receivable from participants
The Plan allows participants to borrow up to the lesser of 50% of their vested account balance minus the current value of all outstanding loans, or $50,000 minus the highest outstanding balance of the previous year. The loans are secured by the participant's vested balance. Participants may have two loans outstanding at any one time, one general loan and one residential loan. The loan bears interest at the available market financing rates, determined by the Committee. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to leave his or her account balance in the Plan, or receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, the Plan allows for an automatic lump-sum distribution of participant vested account balances that do not exceed $1,000.

Forfeited accounts
At December 31, 2019 and 2018, forfeited nonvested account totaled $1,679,965 and $1,704,2630, respectively. These accounts will be used to reduce future employer contributions. Forfeitures in the amount of $1,300,000 have been recorded as a reduction of the employer's contribution receivable in the statement of changes in net assets available for benefits at December 31, 2019.

Merged accounts
In October 2018, the Company acquired REAN Cloud, LLC. REAN Cloud, LLC 401(k) Profit Sharing Plan merged into the Plan on August 1, 2019 and assets of $2,807,862 were transferred into the Plan.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued. See Note 9.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;

    - Quoted prices for identical or similar assets or liabilities in inactive markets;

    - Inputs other than quoted prices that are observable for the asset or liability; and

    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Collective trust funds: Valued at the NAV of units of a bank collective trust that is valued using the NAV practical expedient, an estimate of fair value. This NAV practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV practical expedient. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 726,043,582	$ -	$ -	$ 726,043,582
Money market fund	32,087,553	-	-	32,087,553
Self-directed brokerage account	33,981,400	-	-	33,981,400
Total assets in the fair value hierarchy	$ 792,112,535	$ -	$ -	792,112,535
Investments measured at NAV practical expedient (a)				23,144,628
Total investments at fair value				$ 815,257,163

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 593,751,505	$ -	$ -	$ 593,751,505
Money market account	37,298,621	-	-	37,298,621
Self-directed brokerage accounts	27,000,558	-	-	27,000,558
Total assets in the fair value hierarchy	$ 658,050,684	$ -	$ -	658,050,684
Investments measured at NAV practical expedient (a)				22,391,215
Total investments at fair value				$ 680,441,899

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2019			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Collective trust	$ 23,144,628	None	Daily	12 months

	2018			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Collective trust	$ 22,391,215	None	Daily	12 months

Note 4 - Related party transactions and party-in-interest transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated February 19, 2015, that the form of the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2019 and 2018 and investment income and interest income on notes receivable from participants for the year ended December 31, 2019, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 9 - Subsequent events

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time. Due to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted in 2020. Portions of the CARES Act

make changes to existing law including relating to the amount and circumstances permitting penalty-free distributions. Plan management adopted the CARES Act and made changes to the Plan.

Effective January 1, 2020, Hitachi Vantara Corporation was merged into Hitachi Consulting Corporation ("HCC") and the surviving company is Hitachi Vantara LLC. Thus, effective January 1, 2020, all references to "the Company" shall refer instead to Hitachi Vantara LLC and the name of the Plan shall be "Hitachi Vantara Retirement and Savings Plan." Any employee of an employer who was employed by HCC immediately or prior to January 1, 2020 and became employed by Hitachi Vantara LLC as of January 1, 2020 and was assigned to the ADP Workforce Now payroll platform, or became employed by Hitachi Vantara LLC on or after July 1, 2020 and was assigned to the JINZAI human resource information system shall not be eligible to participate in or to receive employer contributions under the Plan.
