Participants may also contribute amounts representing distributions from other qualified plans. Catch-up contributions are also allowed for participants who attain the age of 50 before the end of the Plan year.

The Plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a percentage of eligible compensation unless the participant made an affirmative election otherwise. For the year ended December 31, 2019, the automatic deferral percentage was 3%.

The Company makes a safe harbor matching contribution of up to 4% of the participant's pretax annual compensation, as defined in the Plan. For the Plan year ended December 31, 2019, the safe harbor matching contribution totaled \$515,610. The Company may also elect to make a discretionary contribution. The Company did not make any discretionary contributions for the year ended December 31, 2019.

Contributions are subject to certain limitations.

Investments: Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an unallocated investment contract as investment options for participants. Participants may change their investment options any time throughout the year via internet or direct dial access to Empower Retirement.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions and the employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions portion of their account is based on years of continuous service, according to the following schedule. A participant is 100% vested after six years of credited service.

Years of service:

Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures: Forfeitures of terminated participants' nonvested balances are used to reduce employer contributions. During the year ended December 31, 2019, \$0 in forfeitures was applied to reduce employer contributions. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$31,873 and \$30,442, respectively.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The number of loans a participant may have outstanding at one time is two. These transactions are treated as transfers between the investment fund and the participant notes receivable fund. The terms of the notes receivable cannot exceed five years, unless the note receivable is for the purchase of the employee's principal residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. The interest rates ranged from 4.25% to 6.50% for all outstanding loans at December 31, 2019. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions are not permitted unless the participant has attained age 59½, or rollover contributions are available.

Administrative expenses: Certain expense of maintain the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in the fair value of investments.

Note 2. Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

C.J. Foods, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the plan. See Note 5.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for the unallocated investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefit payments to participants are recorded when paid.

Notes receivable: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2019 and 2018. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Note 3. Information Certified or Provided by the Trustee and Custodian

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustee and custodian, respectively, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee and custodian that information provided to the Plan Administrator by the trustee and custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and the supplemental schedules related to the following assets:

	December 31	
	2019	2018
Investments, at fair value:		
Mutual funds	\$ 8,137,919	\$ 7,025,964
Investments, at contract value:		
Unallocated investment contract	68,193	117,136
Notes receivable from participants	210,718	200,089

The trustee and custodian also certified to the completeness and accuracy of \$1,210,348 of net appreciation in fair value of investments, \$369,175 of interest and dividends and \$11,503 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under *FASB Accounting Standards Codification* (ASC) Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

C.J. Foods, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,137,919	\$ -	\$ -	\$ 8,137,919

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,025,964	\$ -	\$ -	\$ 7,025,964

Transfers between levels: For the year ended December 31, 2019, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 5. Unallocated Investment Contract

As of December 31, 2019 and 2018, the Plan has a fully benefit-responsive unallocated investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

C.J. Foods, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 5. Unallocated Investment Contract (Continued)

The Plan held \$68,193 and \$117,136 of traditional investment contracts at contract value at December 31, 2019 and 2018, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestiture or spin-offs or a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any events that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

The unallocated investment contract does not permit the insurance company to terminate the agreement prior to 30 days' written notice.

Note 6. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company and the Plan, as discussed in Note 2.

Note 7. Tax Status

The Plan adopted a nonstandard form of a prototype plan sponsored by Empower Retirement. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype opinion letter has been relied upon by this Plan. Although the Plan has been amended since the prototype plan received the opinion letter, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer discretionary contributions.

C.J. Foods, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in mutual funds and an unallocated investment contract managed through Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustee and custodian, respectively, of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for record keeping amounted to \$65,524 for the year ended December 31, 2019. In addition, fees paid by the Plan for investment management services are netted against investment income.

Note 11. Prohibited Transactions

The Plan Sponsor inadvertently failed to timely deposit \$337,303 of participant deferrals within the required time frame as stated by the DOL's regulations for the year ended December 31, 2018. The DOL considers late deposits to be prohibited transactions. The Plan Sponsor filed a Form 5330 and paid the applicable excise tax in 2019 for the year ended December 31, 2018. Excise tax payments were made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 12. Subsequent Events

Subsequent to the coronavirus (COVID-19) outbreak in 2020 in the United States, there has been substantial volatility in financial markets and the economy. These conditions and other economic events have had a significant impact on the volatility of investment portfolios. As a result, the Plan's investments have likely incurred a significant amount of volatility in fair value since December 31, 2019.

On January 1, 2020, the Plan merged with the Lortscher Agri Service, Inc. 401(k) Plan, upon which all assets, approximately \$4,900,000, were transferred into the Plan.

Management has evaluated and disclosed subsequent events up to and including October 5, 2020, which is the date the financial statements were available to be issued.
