The Plan, established January 1, 2012, is a defined contribution plan covering all employees of West View Manor, Inc. (the Company). Employees are eligible to contribute to the Plan upon hire. Furthermore, employees are eligible to receive discretionary employer matching contributions and discretionary employer profit sharing contributions if they are age 21 or older and have completed one year of service (defined as completing 1,000 hours of service in a calendar year). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Trustees is responsible for oversight of the Plan. The Company's Finance Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Trustees.

Contributions:

Participants may elect to contribute a portion of their compensation (as defined) to the Plan on a pre-tax basis. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions to each participant's account as determined periodically by the Company's Board of Trustees. The matching contribution is based on a percentage of the participant contribution. The Company matched 50% of the participant's contribution, limited to the first 6% of the participant's compensation in 2019 and 2018.

The Plan also has a discretionary profit sharing contribution feature. The profit sharing contribution is allocated in proportion to the participant's compensation. The Company did not make a profit sharing contribution in 2019 or 2018.

Participant accounts:

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of the Company's discretionary profit sharing contributions and Plan earnings. Each participant's account is charged with an allocation of Plan losses. Allocations are based on participant compensation, earnings or account balances, as defined.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

1. Description of the Plan (continued):

Vesting:

Participants are immediately vested in their contributions and the Company's contribution portion of their accounts plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note transactions are treated as transfers between investment funds and the participant note fund. Repayment of the note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note must be repaid over a period not to exceed ten years. The notes are secured by the balance in the participant's account. The interest rate, determined quarterly, is set at a reasonable rate determined by the plan administrator. The interest rates on the notes were 4.00% to 4.25% at December 31, 2019 and 4.00% at December 31, 2018. Principal and interest is paid ratably through equal quarterly cash installments.

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death.

On termination of service, participants will receive a lump sum distribution if their vested account balance is less than \$5,000. If their vested account balance is at least \$5,000, the participant may elect to receive a single lump-sum distribution, a partial lump-sum distribution, or installments not to exceed the life of the participant.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for the guaranteed interest accounts which are reported at contract value, as provided by AIG Retirement Services represents VALIC and its subsidiaries VALIC Financial Advisors, Inc. and VALIC Retirement Services Company (all are members of American International Group, Inc.) (AIG Retirement Services), the custodian of the Plan for the year ended December 31, 2019, and Variable Annuity Life Insurance Company (VALIC), the custodian of the Plan for the year ended December 31, 2018. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Company's Finance Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as part of the note balance. No allowance for credit losses has been recorded at December 31, 2019 or 2018.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company, and are excluded from these financial statements. Certain administrative functions are performed by employees of the Company. No such employee, nor the Company, receives compensation from the Plan for these functions. These transactions qualify as party-in-interest transactions.

Additionally, investment related expenses are included in net appreciation (depreciation) in fair value of investments on the statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

2. Summary of significant accounting policies (continued):

Recent accounting pronouncement:

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This ASU is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*. This ASU is effective for years beginning after December 15, 2019, with early adoption permitted. The Plan is currently evaluating the impact this ASU will have on its financial statements, and will adopt the provisions of the ASU upon its effective date.

3. Investments:

The following table presents the current value of investments at December 31, 2019 and 2018. All investments of the Plan were participant-directed at December 31, 2019 and 2018.

	<u>2019</u>	<u>2018</u>
Pooled separate accounts (at fair value)	\$ 666,850	\$ 509,688
Guaranteed interest accounts (at contract value)	<u>50,729</u>	<u>54,321</u>
	<u>\$ 717,579</u>	<u>\$ 564,009</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

WEST VIEW MANOR INCORPORATED 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

4. Fair value (continued):

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

The pooled separate accounts are valued at the fund's net asset value per share at the close of each business day as reported by each fund, which is then adjusted for dividends and separate account fees.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2019 and 2018.

	<u>2019</u>	<u>2018</u>
	<u>Level 1</u>	<u>Level 1</u>
Pooled separate accounts	\$ <u>666,850</u>	\$ <u>509,688</u>

5. Investment contracts with insurance company:

The Plan has fully benefit-responsive investment contracts with VALIC. VALIC maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan.

Because the contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts.

Contract value, as reported to the Plan by VALIC, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The following table presents the contract value of the guaranteed interest accounts at December 31, 2019 and 2018.

5. Investment contracts with insurance company (continued):

	<u>2019</u>	<u>2018</u>
Fixed Account Plus	\$ 47,767	\$ 53,753
Short Term Fixed Account	<u>2,962</u>	<u>568</u>
	<u>\$ 50,729</u>	<u>\$ 54,321</u>

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with VALIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of plan sponsor or other plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdraw from the Plan or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the Plan's participants, is probable.

The contracts do not permit VALIC to terminate the agreements prior to the scheduled maturity date.

The minimum guaranteed interest rate varies by participant and depends on the date the participant established his or her account.

6. Certified investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments and interest for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by AIG Retirement Services for the year ended December 31, 2019 and VALIC for the year ended December 31, 2018.

7. Party-in-interest transactions:

The Plan issues loans to participants, which are secured by the vested balance in the participant's account, and all Plan investments are pooled separate accounts or guaranteed interest accounts of VALIC. Therefore, these transactions qualify as party-in-interest.

WEST VIEW MANOR INCORPORATED 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

8. Tax status:

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for the Plan participants under Section 403(b). The IRS pre-approved the volume submitter plan document used by the Plan on March 31, 2017.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan termination:

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. No such action may deprive any participant or beneficiary under the Plan of any vested right.

10. Prohibited transactions:

In 2017, the Company failed to remit participant contributions totaling \$2,672 within the time permitted in accordance with DOL Regulation 2510.3-102(b). The Company remitted the contributions in 2017 and will remit the lost earnings in 2020.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Subsequent events:

On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic with multiple jurisdictions in the United States declaring a state of emergency. Certain states, including Ohio, had issued "stay-at-home" orders for non-essential businesses, as defined. As a result, economic uncertainties have arisen which has contributed to significant volatility for businesses and in financial markets. The pandemic may have continued adverse impact on economic and market conditions that could result in a global economic slowdown for an extended period of time. Consequently, there is and will continue to be, uncertainty and risk with respect to the Company, the Plan, its investments, and its financial results. Management has, and will continue to monitor the situation and make operational changes in an attempt to minimize any future financial impact to the Company and the Plan.

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2020, the date the Plan's financial statements were available to be issued.
