# JRACK Holdings, Inc. Profit Sharing Plan

## Notes to Financial Statements

## December 31, 2019 and 2018

## Note 1: Description of the Plan

The following description of the JRACK Holdings, Inc. Profit Sharing Plan (Plan) provides only general information. Interested parties should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

### *General*

The Plan is a participant-directed 401(k) plan covering eligible employees of Hill Mechanical Corp.; Hill Mechanical Services, Inc.; Hill Mechanical Operations, Inc.; Aero Testing & Balancing Systems, Inc.; Precision Control Systems, Inc. and Hill/Ahern Fire Protection, LLC (together, the Company). Employees are eligible to participate and receive a matching contribution upon completion of one month of service and attaining age 21. Employees are eligible for the discretionary profit sharing contribution after completing one year of service with 1,000 hours and attaining age 21. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

### *Contributions*

The Plan is funded by voluntary contributions of participants and discretionary matching contributions and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions and Roth contributions, an amount subject to limitations imposed by the Internal Revenue Code. Age 50 and over participants can contribute an additional $6,000 in 2019 and 2018. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company will make matching contributions equal to 100% of participant contributions up to 4% of eligible compensation. The Company made matching contributions of $940,268 and $943,923 to the Plan for the years ended December 31, 2019 and 2018, respectively. The Company made discretionary profit sharing contributions of $998,948 and $1,394,278 to the Plan for the years ended December 31, 2019 and 2018, respectively. The Board of Directors of the Company determines the amount of the profit sharing contribution for each plan year.

### *Investment Options*

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds. Participants may change their investment options at any time.

### *Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary matching and profit sharing contributions, administrative expenses and plan earnings. The Company's discretionary profit sharing contribution is allocated to participants who are employed on the last day of the plan year on a pro rata basis among eligible participants in the Plan, based on the individual participant's eligible compensation as a percentage of total eligible compensation of all participants, as defined by the Plan. Plan earnings are allocated to

participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### *Vesting*

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes vested based on years of service. A participant is 20% vested after two years of credited service, and 20% each year thereafter, becoming 100% vested after six years of credited service. In the event of death or disability, participants become fully vested. Effective September 1, 2016, Precision Control Systems, Inc. participants became 20% vested after one year of credited service, 20% each year thereafter, becoming 100% vested after five years of credited service.

### *Payment of Benefits*

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. A participant is also entitled to withdraw any part of his or her vested balance resulting from rollover contributions at any time. Participants may also withdraw all or a portion of their vested account balances in the event they are still employed by the Company and have reached age 59½, the Plan's normal retirement age, 65, or age 70½ when minimum distributions are required.

### *Notes Receivable From Participants*

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by any outstanding loan balance. The participant must sign a promissory note for the loan. The participant may have only one loan outstanding at a time. The loan period cannot exceed five years unless the proceeds of the loan are used to purchase a primary residence for which the loan period shall not exceed ten years. Loans bear interest at rates commensurate with current interest rates used by the lending industry. The interest rates for the outstanding loans range from 4.25% to 6.50% at December 31, 2019.

### *Excess Contributions Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 and 2019 excess contributions to the applicable participants before March 15, 2019 and 2020, respectively.

### *Forfeitures*

The nonvested account of a participant shall be forfeited as of the date the participant has ceased to be an employee. Forfeitures are first applied to plan expenses which would otherwise be paid by the employer, and any remaining amounts will be allocated to reduce future employer contributions payable under the Plan.

At December 31, 2019 and 2018, there were $250,602 and $227,112, respectively, of unallocated forfeitures available for future use. Forfeitures of $29,798 and $37,962 were used to reduce administrative fees during 2019 and 2018, respectively. In 2019 and 2018, $8,649 and $0, respectively, in forfeitures were used to reduce employer contributions, respectively.

## Note 2: Summary of Significant Accounting Policies

### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

### *Valuation of Investments and Income Recognition*

The Plan's investments in shares of registered investment companies and money market funds are stated at fair value as further described in Note 4. The common or collective trust funds are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Purchases and sales of securities are reflected on a trade-date basis. The realized gains or losses on the sale of securities are based on average cost. Income from investments is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation)

in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

### *Administrative Expenses*

Certain expenses of administering and operating the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to withdrawals, notes receivable from participants and investment fees. Investment fees are included in net appreciation (depreciation) in fair value of investments.

### *Notes Receivable From Participants*

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

## Note 3: Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants, reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the schedule of assets (held at end of year) as of December 31, 2019, and all components of investment income (loss) and interest from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements

must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

**Level 1** Quoted prices in active markets for identical assets or liabilities

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

**Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The fair value of the Plan's money market fund is based on unadjusted quoted prices for identical assets (Level 1).

The fair value of shares of registered investment companies is determined by obtaining quoted market prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

| | | Fair Value Measurements at Reporting Date Using | | |
|---|---|---|---|---|
| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| December 31, 2019 | | | | |
| Money market fund | $ 4,530,216 | $ 4,530,216 | $ - | $ - |
| Registered investment companies | 50,157,230 | 50,157,230 | - | - |
| Total investments in fair value hierarchy | 54,687,446 | 54,687,446 | - | - |
| Investments measured at net asset value (A) | 2,206,946 | - | - | - |
| Total | $ 56,894,392 | $ 54,687,446 | $ - | $ - |

| | Fair Value | Fair Value Measurements at Reporting Date Using: Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
|---|---|---|---|---|
| December 31, 2018 | | | | |
| Money market fund | $ 2,004,357 | $ 2,004,357 | $ - | $ - |
| Registered investment companies | 39,801,322 | 39,801,322 | - | - |
| Total investments in fair value hierarchy | 41,805,679 | 41,805,679 | - | - |

| Total | $ 44,029,177 | $ 41,805,679 | $ - | $ - |

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### *Investments Measured Using the Net Asset Value per Share Practical Expedient*

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| | Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|
| December 31, 2019 | | | | |
| Common or collective trust funds | $ 2,206,946 | $ - | Daily | None |
| December 31, 2018 | | | | |
| Common or collective trust funds | $ 2,223,498 | $ - | Daily | None |

### Note 5: Income Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype profit sharing/401(k) plan sponsored by Fidelity Management and Research Company. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service (IRS) stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

### Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

### Note 7: Party-in-Interest Transactions

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses for investment management services paid by the Plan during 2019 and 2018 were $47,063 and $53,672, respectively. The Company provides certain administrative services at no cost to the Plan.

## Note 8: Reconciliation of Financial Statements to Form 5500

| Net increase (decrease) in net assets available for benefits per the Form 5500 | $ 12,892,307 | $ (2,104,388) |

## Note 9: Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of investments. The duration of these uncertainties and the ultimate financial effects not be reasonably estimated at this time.

The Plan has implemented certain requirements of the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) and the *Setting Every Community Up for Retirement Enhancement Act of 2019* (SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these Acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Subsequent events have been evaluated through October 14, 2020, which is the date the financial statements were available to be issued.

# JRACK Holdings, Inc. Profit Sharing Plan

## Notes to Financial Statements

## December 31, 2019 and 2018

## Note 1: Description of the Plan

The following description of the JRACK Holdings, Inc. Profit Sharing Plan (Plan) provides only general information. Interested parties should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

### *General*

The Plan is a participant-directed 401(k) plan covering eligible employees of Hill Mechanical Corp.; Hill Mechanical Services, Inc.; Hill Mechanical Operations, Inc.; Aero Testing & Balancing Systems, Inc.; Precision Control Systems, Inc. and Hill/Ahern Fire Protection, LLC (together, the Company). Employees are eligible to participate and receive a matching contribution upon completion of one month of service and attaining age 21. Employees are eligible for the discretionary profit sharing contribution after completing one year of service with 1,000 hours and attaining age 21. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

### *Contributions*

The Plan is funded by voluntary contributions of participants and discretionary matching contributions and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions and Roth contributions, an amount subject to limitations imposed by the Internal Revenue Code. Age 50 and over participants can contribute an additional $6,000 in 2019 and 2018. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company will make matching contributions equal to 100% of participant contributions up to 4% of eligible compensation. The Company made matching contributions of $940,268 and $943,923 to the Plan for the years ended December 31, 2019 and 2018, respectively. The Company made discretionary profit sharing contributions of $998,948 and $1,394,278 to the Plan for the years ended December 31, 2019 and 2018, respectively. The Board of Directors of the Company determines the amount of the profit sharing contribution for each plan year.

### *Investment Options*

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds. Participants may change their investment options at any time.

### *Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary matching and profit sharing contributions, administrative expenses and plan earnings. The Company's discretionary profit sharing contribution is allocated to participants who are employed on the last day of the plan year on a pro rata basis among eligible participants in the Plan, based on the individual participant's eligible compensation as a percentage of total eligible compensation of all participants, as defined by the Plan. Plan earnings are allocated to

participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### *Vesting*

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes vested based on years of service. A participant is 20% vested after two years of credited service, and 20% each year thereafter, becoming 100% vested after six years of credited service. In the event of death or disability, participants become fully vested. Effective September 1, 2016, Precision Control Systems, Inc. participants became 20% vested after one year of credited service, 20% each year thereafter, becoming 100% vested after five years of credited service.

### *Payment of Benefits*

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. A participant is also entitled to withdraw any part of his or her vested balance resulting from rollover contributions at any time. Participants may also withdraw all or a portion of their vested account balances in the event they are still employed by the Company and have reached age 59½, the Plan's normal retirement age, 65, or age 70½ when minimum distributions are required.

### *Notes Receivable From Participants*

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by any outstanding loan balance. The participant must sign a promissory note for the loan. The participant may have only one loan outstanding at a time. The loan period cannot exceed five years unless the proceeds of the loan are used to purchase a primary residence for which the loan period shall not exceed ten years. Loans bear interest at rates commensurate with current interest rates used by the lending industry. The interest rates for the outstanding loans range from 4.25% to 6.50% at December 31, 2019.

### *Excess Contributions Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 and 2019 excess contributions to the applicable participants before March 15, 2019 and 2020, respectively.

### *Forfeitures*

The nonvested account of a participant shall be forfeited as of the date the participant has ceased to be an employee. Forfeitures are first applied to plan expenses which would otherwise be paid by the employer, and any remaining amounts will be allocated to reduce future employer contributions payable under the Plan.

At December 31, 2019 and 2018, there were $250,602 and $227,112, respectively, of unallocated forfeitures available for future use. Forfeitures of $29,798 and $37,962 were used to reduce administrative fees during 2019 and 2018, respectively. In 2019 and 2018, $8,649 and $0, respectively, in forfeitures were used to reduce employer contributions, respectively.

## Note 2: Summary of Significant Accounting Policies

### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

### *Valuation of Investments and Income Recognition*

The Plan's investments in shares of registered investment companies and money market funds are stated at fair value as further described in Note 4. The common or collective trust funds are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Purchases and sales of securities are reflected on a trade-date basis. The realized gains or losses on the sale of securities are based on average cost. Income from investments is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation)

in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

### *Administrative Expenses*

Certain expenses of administering and operating the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to withdrawals, notes receivable from participants and investment fees. Investment fees are included in net appreciation (depreciation) in fair value of investments.

### *Notes Receivable From Participants*

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

## Note 3: Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants, reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the schedule of assets (held at end of year) as of December 31, 2019, and all components of investment income (loss) and interest from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements

must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

**Level 1** Quoted prices in active markets for identical assets or liabilities

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

**Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The fair value of the Plan's money market fund is based on unadjusted quoted prices for identical assets (Level 1).

The fair value of shares of registered investment companies is determined by obtaining quoted market prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

| | | Fair Value Measurements at Reporting Date Using | | |
|---|---|---|---|---|
| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| December 31, 2019 | | | | |
| Money market fund | $ 4,530,216 | $ 4,530,216 | $ - | $ - |
| Registered investment companies | 50,157,230 | 50,157,230 | - | - |
| Total investments in fair value hierarchy | 54,687,446 | 54,687,446 | - | - |
| Investments measured at net asset value (A) | 2,206,946 | - | - | - |
| Total | $ 56,894,392 | $ 54,687,446 | $ - | $ - |

| | Fair Value | Fair Value Measurements at Reporting Date Using: Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
|---|---|---|---|---|
| December 31, 2018 | | | | |
| Money market fund | $ 2,004,357 | $ 2,004,357 | $ - | $ - |
| Registered investment companies | 39,801,322 | 39,801,322 | - | - |
| Total investments in fair value hierarchy | 41,805,679 | 41,805,679 | - | - |

| Total | $ 44,029,177 | $ 41,805,679 | $ - | $ - |

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### *Investments Measured Using the Net Asset Value per Share Practical Expedient*

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| | Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|
| December 31, 2019 | | | | |
| Common or collective trust funds | $ 2,206,946 | $ - | Daily | None |
| December 31, 2018 | | | | |
| Common or collective trust funds | $ 2,223,498 | $ - | Daily | None |

### Note 5: Income Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype profit sharing/401(k) plan sponsored by Fidelity Management and Research Company. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service (IRS) stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

### Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

### Note 7: Party-in-Interest Transactions

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses for investment management services paid by the Plan during 2019 and 2018 were $47,063 and $53,672, respectively. The Company provides certain administrative services at no cost to the Plan.

## Note 8: Reconciliation of Financial Statements to Form 5500

| Net increase (decrease) in net assets available for benefits per the Form 5500 | $ 12,892,307 | $ (2,104,388) |

## Note 9: Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of investments. The duration of these uncertainties and the ultimate financial effects not be reasonably estimated at this time.

The Plan has implemented certain requirements of the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) and the *Setting Every Community Up for Retirement Enhancement Act of 2019* (SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these Acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Subsequent events have been evaluated through October 14, 2020, which is the date the financial statements were available to be issued.
