Notes to Financial Statements

1. Summary Description of Plan

The following description of Eagle Family Foods Group LLC 401(k) Plan (the Plan) provides only general information with respect to the Plan. Participants should refer to the Plan Adoption Agreement for a complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2016 (inception of the Plan). The Plan is a defined contribution plan covering substantially all employee of Eagle Family Foods Group LLC (the Company) on the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2016, the Company acquired Cornfields, Inc. and its related employee benefit plan, Cornfields Merger Sub LLC 401(k) Profit Sharing Plan and Trust (formerly, Cornfields, Inc. 401(k) Profit Sharing Plan and Trust). Effective January 1, 2018, the Cornfields Merger Sub LLC 401(k) Profit Sharing Plan and Trust with assets of \$2,013,113 was merged into the Plan. The Cornfields Merger Sub LLC 401(k) Profit Sharing Plan and Trust ceased to exist as of this date, and all the rights, privileges, duties, and obligations of the Cornfields Merger Sub LLC 401(k) Profit Sharing Plan and Trust were assumed by the Plan. Participants from the Cornfields Merger Sub LLC 401(k) Profit Sharing Plan and Trust remain 100% vested in the assets transferred into the Plan and in any new employer contributions made under the Plan.

Contributions

Participants may defer up to 50% of their pretax annual compensation as defined in the Plan, subject to Internal Revenue Service limitations for the applicable year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also elect to make Roth deferral contributions. The Plan allows participants to contribute amounts representing distributions from other qualified plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company makes a safe harbor matching contribution equal to 100% of participants' salary deferrals that do not exceed 5% of the participants' compensation. Participants are immediately vested in the safe harbor matching contribution. The Company may elect to make discretionary profit sharing contributions in excess of the safe harbor matching contribution subject to certain limitations and eligibility requirements. The Company did not elect to make any profit sharing contributions in 2019. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contributions on their accounts, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eagle Family Foods Group LLC 401(k) Plan

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Effective January 1, 2018, all participants became immediately vested in the Company's contributions on their accounts, including contributions allocated to participants prior to the effective date.

Payment of Benefits

On termination of service due to death, disability, normal retirement, or termination of employment for reasons other than death, disability or retirement; a participant may elect to receive the value of the vested interest in his or her account in the form of a single lump-sum payment in cash or in the event the Company issues publicly traded stock, participants may receive Company stock in lieu of cash.

In-service withdrawals are permitted from vested balances upon attaining age 59½.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% over prime that is fixed for the duration of the loan except as otherwise required by law. The Plan allows participants to have only one loan outstanding at a time against their vested account balance in the Plan. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan was used to construct or purchase a primary residence, in which case the repayment term may be extended by the plan administrator. The interest rate on all outstanding loans at December 31, 2019 and 2018 ranged from 4.5% to 5.5%.

Forfeitures

Forfeitures arising from balances of terminated participants with less than fully vested interests in the Plan may be used to reduce employer contributions and expenses to the Plan. At December 31, 2019 and 2018, forfeited and non-vested accounts totaled \$13,407 and \$364, respectively. No forfeitures were used to reduce employer contributions or Plan expenses during the year ended December 31, 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Notes Receivable from Participant Accounts

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Eagle Family Foods Group LLC 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Administration and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to distributions and to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of investments.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Evaluation of Subsequent Events

The Plan has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements, and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosure in the notes.

Eagle Family Foods Group LLC 401(k) Plan

Notes to Financial Statements

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (COVID-19 outbreak) and the risks to the international community as the virus spreads beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant volatility in financial markets. As a result, the Plan's investment portfolio has incurred fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020 President Trump signed into law the Coronavirus Aid, Relief and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented all provisions:

- Special coronavirus distributions up to \$100,000;
- Increased the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year.

Although Plan management cannot estimate the length or gravity of the impact of the COVID-19 Outbreak at this time, if the pandemic continues, it may have an adverse effect on the Plan.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2018-13. Fair Value Measurements Topic (820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurements. ASU 2018-13 eliminates certain disclosures including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the changes in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures including disclosing purchases, sales, and transfers for Level 3 investments instead of the Level 3 roll-forward. ASU 2018-13 is effective for periods beginning December 15, 2019. Early adoption is permitted. Management is currently evaluating the impact of this ASU on the Plan's financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Eagle Family Foods Group LLC 401(k) Plan

Notes to Financial Statements

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Registered investments companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Registered investments companies held by the Plan are deemed to be actively traded.

Shares of common stock: Valued at the daily closing price reported on the active market on which the individual securities are traded.

Common/collective trust: Valued based on the NAV per unit as determined by Great-West Trust Company, LLC on the last business day of the Plan year. All investments in this category can be redeemed daily, have a daily redemption notice period and have no unfunded commitments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

Eagle Family Foods Group LLC 401(k) Plan

Notes to Financial Statements

4. Certified Investments

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and the net appreciation in investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2019, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company LLC (the trustee). The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information included in the accompanying financial statements and supplemental schedule.

5. Income Tax Status

The Internal Revenue Service has previously ruled, in a determination letter dated March 31, 2014, that the prototype standardized model sponsored by Great-West Trust Company, LLC on which this Plan is based, qualifies under Section 401(a) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax laws.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Transactions with Parties-In-Interest

The Company, the participants, the trustee, and the plan advisors have all been identified as parties-in-interest. Therefore, participant loans and plan expenses qualify as parties-in-interest transactions, which are exempt from the prohibited transaction rules. Fees paid by the Plan for these services for the year ended December 31, 2019 were \$64,956.
