VAN WERT COUNTY HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

1. DESCRIPTION OF THE PLAN

The following description of the Van Wert County Hospital 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Van Wert County Hospital 401(k) Plan (the Plan), is a defined contribution plan covering eligible employees of The Van Wert County Hospital Association (the Hospital). Employees are eligible to participate in the Plan upon attainment of age 21 and completion of one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

In 2019, the Hospital made a discretionary profit-sharing contribution of 2% for each participant on their eligible wages from January 1, 2019 through April 29, 2019. The employer discretionary profit-sharing contribution was suspended effective May 1, 2019. In 2018, the Hospital made a discretionary profit-sharing contribution of 2% for each participant based on their eligible wages. Participants direct the investment of the contributions into various investment options offered by the Plan.

Participants Accounts

Each participant's account is credited with allocations of (a) the Hospital's contributions, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant vesting in their account plus actual earnings thereon is based on years of credited service. A participant is 100 percent vested after three years of credited service, with no vesting prior to three years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is calculated at a rate commensurate with loans from the trustee/record-keeper and at local prevailing rates as determined by the Plan's Administrator. Principal and interest are paid ratably through monthly payroll deductions.

VAN WERT COUNTY HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will elect to receive a lump sum amount or joint and survivor annuity, equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2019 and 2018 forfeited non-vested accounts totaled \$6,113 and \$0, respectively. The accounts will be used to reduce future employer contributions. In 2019, employer contributions were reduced by \$4,729 from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan sponsor determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

VAN WERT COUNTY HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

American United Life Insurance Company (AUL) maintained the Plan's investment funds for the year ended December 31, 2018. Investments in pooled separate accounts are credited with earnings and gains or losses on the pooled investments. The separate accounts are stated at fair value as reported to the Plan by AUL, based on the quoted market prices of the underlying mutual funds. The unit value of the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares.

Those pooled separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets.

The investment strategies for the pooled separate accounts investing in mutual funds or equity securities vary based on the degree of investment risk chosen by the fund manager and the criteria of the fund or security's investment goals.

The common collective trust investments are public investment securities valued using the NAV provided by fund managers. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Hospital and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

VAN WERT COUNTY HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fifth Third Bank, the trustee of the Plan for the period April 29, 2019 through December 31, 2019, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2019, and investment related activity reflected in the statement of changes in net assets available for benefits for the period of April 29, 2019 through December 31, 2019. AUL has certified to the completeness and accuracy of all investments and investment related activity reflected in the statement of changes in net assets available for benefits for the period of January 1, 2019 through April 28, 2019. AUL has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2018.

4. FAIR VALUE MEASUREMENTS

Effective January 1, 2019, the Plan early adopted the Financial Accounting Standards Board's Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The amends in this ASU removed and modified certain disclosure requirements in Topic 820. As such, the fair value measurement disclosures for 2018 have been restated for these changes.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

VAN WERT COUNTY HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2019:

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,848,156	\$ -	\$ -	\$ 10,848,156
Total assets in the fair value hierarchy	10,848,156	-	-	10,848,156
Common collective trust (a)	-	-	-	54,775
Investments at fair value	\$ 10,848,156	\$ -	\$ -	\$ 10,902,931

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amount present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

VAN WERT COUNTY HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

In accordance with Subtopic 820-10, the pooled separate account investments that measured at the NAV per share (or its equivalent) have not been classified in the fair value hierarchy as of December 31, 2018.

The description of the valuation methodologies used for assets measured at fair value are included in Note 2. There have been no changes in the methodologies used at December 31, 2019.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2019</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust	\$ 54,775	Not Applicable	Daily	12 months
<u>December 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 10,069,876	Not Applicable	Daily	None

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

At December 31, 2018, the Plan held an investment contract that was a traditional investment contract. This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. During 2019, upon the Plan's transition of third party administrators from AUL to Fifth Third, the investment contract was terminated at contract value.

Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but may not be less than 1 percent. The crediting interest rate at December 31, 2018 was 1.84%. The crediting rate was reviewed on a quarterly basis for resetting.

VAN WERT COUNTY HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract was dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by AUL during 2019. AUL was the trustee as defined by the Plan for the period of January 1, 2019 through April 29, 2019, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred are paid directly by the Plan for the investment management services.

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the plan sponsor and certain others. Investment management fees were paid to AUL, the trustee, for the period January 1, 2019 through April 28, 2019 and were paid to Fifth Third Bank, the trustee, for the period April 29, 2019 through December 31, 2019. AUL was the Plan's third party administrator from January 1, 2019 through April 28, 2019. Fifth Third Bank was the Plan's third party administrator from April 29, 2019 through December 31, 2019. Blue & Co., LLC is the independent auditor for the Plan. The aforementioned parties generally receive payment from the Hospital.

VAN WERT COUNTY HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

8. TAX STATUS

The Plan is based on a Volume Submitter Plan, which has received a favorable opinion letter from the Internal Revenue Service (IRS) that the plan is designed to qualify as being exempt from federal income taxes. The plan administrator has not separately applied for an opinion letter from the IRS. However, the plan administrator believes that the Plan was designed and is currently being operated as a tax-exempt plan in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no income taxes have been provided.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The continued spread of COVID-19, or any similar outbreaks in the future, may adversely impact the local, regional, national and global economies. The extent to which COVID-19 impacts the Plan's operating results is dependent on the breadth and duration of the pandemic and could be affected by other factors management is not currently able to predict. Potential impacts include, but are not limited to, decreased in employer discretionary contributions, significant changes in participant notes, and investment portfolio declines. Management believes the Plan is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimate at the date the financial statements were available to be issued.
