Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

REPORT OF INDEPENDENT ACCOUNTANTS

To the Plan Administrator of the
Essentra USA Retirement Plan
Westchester, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Essentra USA Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by First State Trust Company and Principal Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustees as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2019, are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. Description of the Plan:

The following description of the Essentra USA Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined benefit pension plan covering those employees of Essentra Holdings Corporation (the "Company") who meet the eligibility requirements as stated in the Plan. Employees who were members of the Bunzl USA, Inc. Retirement Plan (the "Bunzl Plan") on the day before June 6, 2005 (the "Effective Date") became members of the Plan only if he or she completed an Hour of Service for the Company on and after the Effective Date. An Hour of Service is each hour for which an employee is directly or indirectly paid or entitled to payment by the Company. The Bunzl Plan was closed to new entrants hired before March 1, 2003 and the Plan has remained closed to new entrants since that date.

Certain employees made an election to stop accruing a benefit under the Bunzl Plan on May 31, 2003. Other employees elected to continue accruing benefits under the Bunzl Plan, referred to as "Grandfathered Employees", and their benefit will reflect benefit service under the Plan in addition to the accrued benefit that was transferred from the Bunzl Plan. Assets associated with the Bunzl Plan were (and continue to be) transferred to the trust maintained for this plan. Effective December 31, 2015, the Plan was closed to new entrants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 1, 2016, the Keller-Crescent Defined Benefit Pension Plan for Non-Union Employees merged in the Plan. The assets of that Plan were managed by Principal Trust Company until December 19, 2019 at which time those assets amounting to \$7,368,211 were transferred to First State Trust Company. Employees who were part of the Keller-Crescent Defined Benefit Pension Plan for Non-Union Employees are now administered under the requirements as outlined in the Plan documents of the Essentra USA Retirement Plan.

Death Benefits: A participant's beneficiary monthly benefit shall be payable to the beneficiary for life, beginning as of the first day of the calendar month in which the participant would have attained normal retirement age or, if later, the first day of the calendar month following the participant's death. If a participant dies after the date on which such participant has attained the earliest retirement age (55), the participant's beneficiary will receive 50% of the amount of the monthly retirement benefit that the member would have been entitled to receive.

Disability Benefits: If a participant becomes disabled prior to the normal retirement date, the participant will be fully vested in all benefits and shall be entitled to their normal retirement benefit accrued as of that date.

ESSENTRA USA RETIREMENT PLAN

Notes to Financial Statements, Continued

1. Description of the Plan, Continued:

Pension Benefits: A Plan member whose employment terminates on or after attaining normal retirement age shall be eligible to receive normal retirement benefits under the Plan payable in the form of a single life annuity or automatic joint and surviving spouse annuity for married members. Normal retirement age is the later of age 65 or the fifth anniversary of the date on which the member commenced participation in the Plan. The monthly normal retirement benefit shall be determined as of normal retirement age and shall be equal to an amount which, when added to 50% of their social security benefit, equals 50% of their average final compensation; provided, however, that if such member has less than 30 years of service at that time, the amount determined above shall be reduced by multiplying it by the ratio of such member's benefit service to 30. Average final compensation means the monthly average of compensation received for the period of the five such consecutive complete calendar years during the last ten consecutive calendar years immediately preceding the individual's termination for which the individual's compensation was highest. The monthly benefit payments shall begin as of the normal retirement date. Members are also eligible to receive early retirement and death benefits under the Plan.

2. Summary of Significant Accounting Policies:

The following are the significant accounting policies followed by the Plan:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net (depreciation) appreciation in fair value of investments.

Payment of Benefits: Benefits are recorded when paid.

Prepaid Distributions: Prepaid distributions represent disbursements from the Plan related to the subsequent year.

ESSENTRA USA RETIREMENT PLAN

Notes to Financial Statements, Continued

2. Summary of Significant Accounting Policies, Continued:

Use of Estimates: The preparation of financial statements in conformity with Generally Accepted Accounting Principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of Plan assets available for benefits and changes therein and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. Changes in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Method of Funding: For 2019 and 2018, the actuarial cost method used in the valuation by the Plan's actuary is the Standard Unit Credit method of funding.

Subsequent Events: Management has evaluated subsequent events through October 12, 2020, the date the financial statements were available to be issued, and has determined that except as disclosed below, there are no subsequent events to be reported in the accompanying financial statements.

In March of 2020, COVID-19 was declared a world-wide health pandemic and has had a significant impact on the national and global economy. The full impact of the COVID-19 outbreak continues to evolve as of the date the financial statements were available to be issued. This pandemic has adversely affected global economic activity and greatly contributed to deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred a decline in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

3. Contributions:

The Company's funding policy is designed to fund the Plan's normal costs on a current basis and to fund, over a period not in excess of 30 years, the unfunded past service liability, such that all participants' benefits will be fully provided for by the time they retire. The Company made contributions to the Plan totaling \$3,803,039 for 2019 and \$2,547,766 for 2018. These contributions meet the minimum funding requirements of ERISA.

4. Plan Termination:

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

ESSENTRA USA RETIREMENT PLAN

Notes to Financial Statements, Continued

4. Plan Termination, Continued:

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits for former participants or their beneficiaries who have been receiving for at least three years, or those participants eligible to retire for that three-year period who would have been receiving benefits if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is further limited to the lowest benefit that would payable under the provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC"), a U.S. governmental agency, up to the applicable limitations (discussed below).
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan would be guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2019 and 2018, that ceiling was \$5,608 and \$5,420 per month, respectively. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and level of benefits guaranteed by the PBGC.

ESSENTRA USA RETIREMENT PLAN

5. Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. The accumulated plan benefits for participants are based on demographic assumptions and an assumed interest rate. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Aon Hewitt and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts of interest) and the probability of payment (by means of decrements such as for death, disability, termination, or retirement) between the valuation date and the expected date of payment. Projected years of service are used only to determine eligibility for a benefit in the future.

In accordance with ASC 960, the Company has chosen to present the actuarial present value of accumulated plan benefits and assumptions as of the beginning of the Plan years, January 1.

Significant actuarial assumptions used in the valuations as of January 1, 2019 and 2018 were:

Assumed rate of return on investments: 6.20% compounded annually and limited to 6.11% for 2019 and 6.20% compounded annually for 2018.

Discount rate: 6.20% for the present value of accumulated benefits for 2019 and 2018.

Mortality: For 2019 and 2018, the 2006 base rates from the RP-2014 mortality study.

Disabled mortality: For 2019 and 2018, the 2006 base rates from the RP-2014 mortality study.

Estimated salary increases: No salary increase for 2019 or 2018.

Surviving spouse benefit: It is assumed that 80% of males and 80% of females have an eligible spouse, and that males are three years older than their spouses.

ESSENTRA USA RETIREMENT PLAN

Notes to Financial Statements, Continued

5. Actuarial Present Value of Accumulated Plan Benefits, Continued:

Retirement: Annual retirement rates are according to the following table:

<u>Age</u>	<u>Annual Retirement Rate</u>
55	15%
56-59	8%
60	15%
61	8%
62	25%
63-64	10%
65	50%
66-69	15%
70+	100%

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The funding valuation reflects a change in the interest rate assumption and a change in the mortality assumption.

The accumulated plan benefits information as of January 1, 2019 and 2018, are as follows:

	<u>2019</u>	<u>2018</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving payments	\$ 28,902,056	\$ 28,279,109
Vested benefits for other participants	<u>24,765,107</u>	<u>25,438,108</u>
	53,667,163	53,717,217

5. Actuarial Present Value of Accumulated Plan Benefits, Continued:

The change in the actuarial present value of accumulated plan benefits for the years ended January 1, 2019 and 2018 consists of the following:

	<u>2019</u>	<u>2018</u>
Actuarial present value of accumulated plan benefits, January 1, 2018 and 2017	\$ 54,019,438	\$ 55,066,967
Change during the year attributable to:		
Benefits accumulated	(330,501)	(216,727)
Change in assumptions	575,572	(329,358)
Interest due to the decrease in the discount period	3,240,995	3,298,136
Benefits paid	<u>(3,543,948)</u>	<u>(3,799,580)</u>
Net change	<u>(57,882)</u>	<u>(1,047,529)</u>
Actuarial present value of accumulated plan benefits, January 1, 2019 and 2018	<u>\$ 53,961,556</u>	<u>\$ 54,019,438</u>

6. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ESSENTRA USA RETIREMENT PLAN

Notes to Financial Statements, Continued

6. Fair Value Measurements, Continued:

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Money market funds: Valued at cost, which approximates fair value.

Exchange-traded funds: Exchange-traded funds traded on a national securities exchange are stated at the last reported sales price on the day of valuation.

Pooled Separate Accounts: Unit value calculated based on the net assets or observable net asset value ("NAV") of the underlying pool of security or investments. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Investments at Fair Value December 31, 2019			
	Level 1	Level 2	Total
Money market funds	\$ -	\$ 1,167,600	\$ 1,167,600
Exchange-traded funds	49,772,414	-	49,772,414
Total investments at fair value	<u>\$ 49,772,414</u>	<u>\$ 1,167,600</u>	<u>\$ 50,940,014</u>

Investments at Fair Value December 31, 2018			
	Level 1	Level 2	Total
Money market funds	\$ -	\$ 755,586	\$ 755,586
Exchange-traded funds	36,474,622	-	36,474,622
Total investments in the fair value hierarchy	<u>\$ 36,474,622</u>	<u>\$ 755,586</u>	37,230,208
Investments measured at net asset value*			<u>6,823,747</u>
Total investments at fair value			<u>\$ 44,053,955</u>

ESSENTRA USA RETIREMENT PLAN

Notes to Financial Statements, Continued

6. Fair Value Measurements, Continued:

*Certain investments that were measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as a practical expedient and not registered with the SEC:

<u>December 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 6,823,747	N/A	Daily	None

7. Related Party Transactions:

The Plan paid fees to First State Trust Company and therefore are considered to be party-in-interest transactions for which statutory exemption exists under the Department of Labor Regulations. Fees paid by the Plan to First State Trust Company amounted to \$24,823 for 2019 and \$18,820 for 2018. No fees were paid by the Plan to Principal Trust Company during 2019 or 2018.

8. Income Tax Status:

The Internal Revenue Service has determined and informed the Company by letter dated September 15, 2017 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2019 and 2018. The Plan is not currently under audit by any tax authority.

9. Risks and Uncertainties:

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

ESSENTRA USA RETIREMENT PLAN

Notes to Financial Statements, Continued

9. Risks and Uncertainties, Continued:

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. Financial Information Certified by Trustees:

Information regarding the following, as of and for the years ended December 31, 2019 and 2018, included in the Plan's financial statements and supplemental schedules, was prepared by First State Trust Company and Principal Trust Company, the trustees of the Plan, which has certified that it is complete and accurate:

- Investments, at fair value
- Investment income (loss)
- Schedule of assets (held at end of year)
- Schedule of reportable transactions

Essentra USA Retirement Plan, Former Keller-Crescent Pension Plan Participants

Effective Date	January 20, 2009. Last amendment effective October 8, 2014.
Covered Employees	Any individuals who were employed at the Clondalkin location, who were not represented by a collective bargaining agreement, and whose assets and liabilities were transferred to the Essentra USA Retirement Plan in September 2016. The plan was closed to new participants as of March 31, 2014.
Normal Retirement Eligibility	Age 65 with five years of plan participation.
Benefit	<p>Participants receive the sum of (1) and (2) times (3):</p> <ol style="list-style-type: none">(1) 0.50% of average final compensation multiplied by expected service at normal retirement date;(2) 0.50% of average final compensation in excess of covered compensation multiplied by expected service at normal retirement date (not in excess of 39 years).(3) Accrued benefit adjustment: The minimum benefit received is the greater of (a) and (b):<ol style="list-style-type: none">(a) The accrued benefit on December 31, 1993 plus the accrued benefit calculated as above using service from January 1, 1994 forward.(b) The accrued benefit calculated as above using all years of service. <p>All participants have a frozen accrued retirement benefit under the plan as of March 31, 2014.</p>
Early Retirement Eligibility	Age 55 with five years of vesting service.
Benefit	Active participants are eligible for the normal retirement benefit reduced by a factor for the number of calendar years by which the early retirement benefit commencement precedes the normal retirement date.

Schedule SB Attachment (Form 5500)—2019 Plan Year
Essentra USA Retirement Plan
EIN: 54-1863320 PN: 001

Retirement Date	Number of Years Early Retirement Date Precedes Normal Factor

9	0.4600
10	0.4000

Inactive participants are eligible for the termination benefit reduced by 6.00% for each year that the early retirement date precedes the normal retirement date.

Deferred Retirement
Eligibility

Benefit commencement beyond normal retirement date.

Benefit

Employed participants are eligible for the normal retirement benefit calculated based on service and average final compensation at late retirement date.

Other participants are eligible for the actuarial equivalent of the normal retirement benefit that would have been paid on the normal retirement date.

Disability Retirement
Eligibility

Receiving disability benefits under the long-term disability income insurance plan provided by the employer.

Benefit

A benefit calculated under the normal retirement formula based on salary at date of disability and service as of normal retirement date, multiplied by the early retirement factor. Disability benefit amount frozen as of March 31, 2014.

If a disabled participant is not receiving benefits under a long-term disability income insurance plan, accrual and vesting service will be allowed to accrue for up to two additional years.

Schedule SB Attachment (Form 5500)—2019 Plan Year
Essentra USA Retirement Plan
EIN: 54-1863320 PN: 001

Deferred Vested Benefits

Eligibility	100% vested after five years of vesting service.
Benefit	Normal retirement benefit on date of termination multiplied by the vesting percentage. Benefit is payable at age 65 or as early as age 55 with a reduction to reflect the number of years that the early retirement date precedes the normal retirement date.

Preretirement Surviving Spouse Benefit

Eligibility	Five years of vesting service, with an eligible surviving spouse.
Benefit	Benefit is equal to the amount that the participant would have received had he terminated employment on the date of his death and retired with a 50% joint and survivor annuity on his earliest retirement date.

Definitions

Average Final Compensation	The monthly average compensation during the five highest consecutive complete calendar years out of the 10 years preceding termination of employment. Average final compensation is frozen as of March 31, 2014.
Compensation	Total salary as reported on Form W-2 plus Section 125, 132(f)(4), and 401(k) deferrals.
Accrued Benefit Adjustment	The quotient of (1) divided by (2) but not to exceed 1.00: (1) The member's accrual service as of such date. (2) The sum of (1) and the member's potential accrual service as of the normal retirement date if he remains an eligible employee between the date of determination and the normal retirement date.
Accrual Service	1,000 hours of service. Accrual service was frozen as of March 31, 2014.
Covered Compensation	The monthly average of the Social Security taxable wage bases (in effect under Section 230 of the Social Security Act) for each year in the 35-year period ending with the year the employee attains Social Security retirement age rounded to the nearest \$3,000.
Vesting Service	Full and fractional years from date of hire.

Benefit and Compensation Limits

Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$225,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
