Participants are able to contribute to the Plan during each plan year a percentage of their compensation, not to exceed \$19,000 for 2019 and \$18,500 for 2018 (\$25,000 and \$24,500 for employees age 50 or older), respectively. The Company has elected to match contributions made by participants by 100% up to 4% of total compensation. Other contributions made to the Plan are employer prevailing wage contributions. Prevailing wage contributions are based on hourly prevailing wages paid to participants for projects which require prevailing wage compensation structure.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of any employer contribution and Plan earnings and losses, and charged with an allocation of administrative expenses.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Safe Harbor contributions and earnings thereon are 100% vested immediately. Vesting in the Company's discretionary matching or profit sharing contribution portion of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. Loans are accounted for at cost, which approximates market value.

Forfeitures

At December 31, 2019 and 2018 there were balances in forfeited non-vested accounts. These account balances, when available, will be used to reduce future employer contributions or plan fees.

See independent auditors' report.

Note 1. Description of Plan (Continued)**Payments of Benefits**

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investments

The Plan investments are held in a Trust fund invested in mutual funds managed by GWL&A. The Plan provides for participant directed investments up to the extent of allocated account balances. Fair market values of investments as determined by the Custodian are presented in Note 4.

Note 2. Summary of Significant Accounting Policies**Basis of Accounting**

The Plan issues its financial statements on the accrual basis of accounting.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses charged by service providers for providing certain accounting and investment services are paid by the plan participants. The Company pays for the Plan audit fees.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Annuity Contracts

The Prudential annuities are life insurance annuities valued using the Net Asset Value (NAV) provided by the underlying mutual funds of the contract less the surrender charge of the policy and the related surrender charge fees. The NAV of the underlying mutual funds is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted in an active market. Prudential Annuity Contracts are recorded at contract value.

Note 3. Information Certified by Custodian

The following table is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that was prepared by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Custodian that such information is complete and accurate:

	2019	2018
Investments:		
Noninterest-bearing cash	\$ 943	\$ 17,501
Fair value	13,315,743	8,478,494
Contract value	1,580	1,019,770
Participant loan receivable	55,500	20,608

See independent auditors' report.

Note 3. Information Certified by Custodian (continued)

	2019	2018
For the period ended:		
Interest and dividend income	737,807	220,226
Net appreciation (depreciation) in fair value of investments	1,480,815	(1,028,906)

Information contained in the following supplemental schedules:

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the new asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See independent auditors' report.

Note 4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,315,743			\$ 13,315,743
Total assets at fair value	<u>\$ 13,315,743</u>			<u>\$ 13,315,743</u>

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,478,494			\$ 8,478,494
Total assets at fair value	<u>\$ 8,478,494</u>			<u>\$ 8,478,494</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Plan Merger

Effective November 27, 2019, the Amcrete, LLC 401(k) Plan and Trust was merged into the Plan. Assets transferred into the plan as a result of this merger were approximately \$1,475,370.

Note 9. Reclassifications

Certain minor reclassifications were made to 2018 to conform to the 2019 presentation.

See independent auditors' report.

Note 10. Voluntary Compliance Program

Subsequent to December 31, 2017, the Company determined that certain participants were eligible for the Plan but did not have the opportunity to enroll. Per the IRS correction, the Company contributed 2% of missed salary deferrals and the 4% safe harbor match for the missed period. The company contributed \$1,853 during 2018 which is included in employee contributions receivable at December 31, 2018. There were no lost earnings due to the Plan's investment loss for the period.

Note 11. Subsequent Events

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019, to Form 5500:

	2019
Net assets available for benefits per the financial statements	\$ 13,585,423
Employee contributions receivable	(20,549)
Employer contributions receivable	<u>(18,497)</u>
Net assets available for benefits per the Form 5500	<u>\$ 13,546,377</u>

The following is a reconciliation of contributions paid into the plan per the financial statements for the year ended December 31, 2019, to Form 5500:

	2019
Total contributions per the financial statements	\$ 2,201,596
Employee contributions receivable	(20,549)
Employer contributions receivable	<u>(18,497)</u>
Total contributions per the Form 5500	<u>\$ 2,162,550</u>

Note 12. Subsequent Events

Events subsequent to December 31, 2019 have been evaluated through the date these financial statements were available to be issued, to determine whether additional disclosures should be made to keep the financial statements from being misleading. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has become increasingly volatile since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

See independent auditors' report.
