1. Description of Plan

The following description of the Checkr Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the amended Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Cherkr Inc. and Subsidiaries (the "Company" and "Administrator") on January 1, 2016 and was most recently amended on February 1, 2019. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(a). All employees of the Company are eligible to participate in the Plan providing they meet 1,000 hours service requirement during the Plan year. Certain classes of employees, as defined by the Plan document, are excluded from participating in the Plan. Participants may enter the Plan on the first day of the month following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

During 2019, the Company acquired TML Information Services, Inc. ("TML"). The management of TML resolved to terminate their respective 401(k) sponsored plan effective on or around the acquisition date and, as a result, the accounts of all TML's employees were transferred out of the TML 401(k) sponsored plan to the Checkr, Inc. 401(k) Plan and the Plan received $1,648,023 of assets. Employees retained by the Company became eligible to participate in the Plan effective immediately after the respective plan termination.

Plan Administration

The Company is the Plan Administrator of the Plan. As Plan Administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the custodian). Effective February 1, 2019, Fidelity Management Trust Company ("Fidelity") is the appointed trustee for the Plan, and acts at the direction of the Plan's Administrator. Prior to February 1, 2019, LT Trust was the appointed custodian of the Plan. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees and expenses relating to the maintenance of the Plan's records.

Contributions

Employees who elect to participate in the Plan may contribute 100% of their salary up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of a calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct their investments into various investment options offered by the Plan. The Plan has an automatic enrollment feature once the participant becomes eligible, whereby 6% of eligible compensation shall be automatically deducted from each paycheck, unless the employee opts-out by completing and filing the proper paper work. The Plan Administrator may make discretionary employer profit sharing contributions, as approved by the Board of Directors. For 2019, there were no profit sharing contributions made to the Plan.

Continued

1. **Description of Plan**, continued

Participant Accounts

Each participant's account is credited with the participant's contributions, any employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, qualified non-elective contributions, and earnings on these contributions, are fully vested when made or earned.

Discretionary employer profit sharing contributions, if any, are fully vested when made or earned.

Participants who reach early retirement at age 55 and have six years of service are deemed to be fully vested.

Forfeitures

Forfeitures that occur during a Plan year will be used to reduce employer contributions. As of December 31, 2019 and 2018, forfeited non-vested accounts totaled $0 for both years. During the year ended December 31, 2019, no forfeitures were used to reduce employer contributions.

Notes Receivable from Participants

Participants are allowed to borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms shall be no more than five years, except for loans used to purchase a primary residence, which can be longer than five years. Loans shall bear a reasonable rate of interest, commensurate with what would be charged by a lending institution providing similar loans, as determined by the Plan Administrator at the time the loan originates. Payments on loans shall be repaid through automatic deductions through regular payroll. Interest rates on loans ranged from 5.25% to 6.50% per annum as of December 31, 2019.

Payments of Benefits

When participants leave the Company upon retirement (age 65) or for any other reason, those participants (or their beneficiaries) may receive their benefits in a single lump sum amount equal to the value of the participant's vested interest in their accounts.

The Plan allows for in-service withdrawals at age 59½ and for certain heavy financial need (hardship) as defined by the Plan document.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan Administrator. Account values will be determined as of the day the distribution is made.

1. Description of Plan, continued

Payments of Benefits, continued

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death or termination of employment. The participant may elect, at the time, to have all or a portion paid directly to an eligible retirement plan specified by the participant. The Plan allows for automatic lump-sum distributions of participant vested account balances that do not exceed $1,000. In the event of a mandatory distribution greater than $1,000 but less than $5,000, for which the participant does not elect to have such a distribution directly, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan Administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in a specific percentage or dollar amount into a series of mutual funds and money market fund offered by the Plan. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

All investments are recorded at fair value based upon active market values determined by investment advisors as required under ERISA regulations, except for fully benefit investment contract, which are reported at contract value. See Note 4 for discussion of fair value measurements.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Investment Valuation and Income Recognition

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation for the year are reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Information Certified by the Trustee/Custodian

Fidelity and LT Trust have prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2019.

Payment of Benefits

Benefit payments are recorded when paid.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, and the valuation processes for Level 3 fair value measurements. This ASU requires entities that calculate net asset value ("NAV") to disclose the timing of liquidation of an investee's assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. In addition, this ASU will require entities to present the changes in unrealized gains and losses for recurring Level 3 fair value measurements, as well as the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, based on materiality. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on changes in unrealized gains and losses, Level 3 unobservable inputs and measurement uncertainty information, will be applied retrospectively. Early adoption is permitted. The Plan is currently evaluating the impact that this ASU will have on the presentation of the Plan's fair value measurement disclosures.

3. Information Prepared and Certified by Trustee/Custodian (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee/custodian, as of December 31, 2019 and 2018, and for the year ended December 31, 2019:

	2019	2018
Mutual funds, at fair value	$ 12,370,198	$ 3,290,000
Money market fund	$ 82,990	$ -
Cash and cash equivalents	$ -	$ 71,299
Notes receivable from participants	$ 289,902	$ 82,474
Net appreciation in fair value of mutual funds	$ 860,219	N/A
Dividends and interest	$ 538,296	N/A
Interest on participant notes receivable	$ 11,660	N/A

4. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Cash and cash equivalents and money market fund: Value based on redemption value on the last day of the Plan year.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018, respectively.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,370,198	$ -	$ -	$ 12,370,198
Money market fund	82,990	-	-	82,990
	$ 12,453,188	$ -	$ -	$ 12,453,188

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,290,000	$ -	$ -	$ 3,290,000
Cash and cash equivalents	71,299	-	-	71,299
	$ 3,361,299	$ -	$ -	$ 3,361,299

The Plan's valuation methodology used to measure the fair values of mutual and money market funds was derived from quoted market prices, as all of these instruments have active markets.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity and LT Trust. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Plan has adopted a Volume Submitter Profit Sharing plan from Fidelity that has received an opinion letter from the Internal Revenue Service dated March 31, 2014, which states that the Volume Submitter document satisfies the applicable provisions of the IRC. The Plan has been amended since receiving that opinion letter. However, the Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and ERISA, and that the trust, which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any non-vested employer contributions. Distributions will be made to participants as outlined in the Plan's provisions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Subsequent Events

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In addition, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") passed by Congress and signed into law on March 27, 2020, includes provisions that impact retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. The provisions for participants to take loans or distributions is at the discretion of the Plan Administrator. Plan Administrator may elect to implement these provisions with retroactive amendment required by December 31, 2022.

Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from $50,000 and 50% of a participant's vested account balance to $100,000 and 100% of a participant's vested account balance. These loans are only available up to September 23, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 ("Suspension Period") for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and

9. Subsequent Events, continued

- Distributions of up to $100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing "adverse financial consequences" from quarantine, furlough, layoff, or reduced hours due to the coronavirus or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59½, however, the distribution should be added to the participant's taxable income, which can be done over three years. The participant can then repay the amount to the Plan and receive a refund of the taxes paid on it.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 14, 2020, the date which these financial statements were available to be issued. Management concluded that, other than listed above, no material subsequent events have occurred since December 31, 2019 that require recognition or disclosure in such financial statements.
