INDEPENDENT AUDITOR'S REPORT

To the Global Retirement Plan Committee of
Molex Retirement and Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Molex Retirement and Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by The Northern Trust Company, the custodian of the plan, and Fidelity Management Trust Company, the former trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity Management Trust Company executed investment transactions for the period January 1, 2018 to July 23, 2018 and that The Northern Trust Company held the Plan's investments as of December 31, 2018 and 2019, and executed investment transactions for the period July 23, 2018 to December 31, 2019. The plan administrator has obtained a certification from the custodian and former trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian and former trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Correction of Error

As discussed in Note 12, the statement of net assets as of December 31, 2018 has been restated to reflect the self-directed brokerage accounts separately from the Plan's interest in Koch Companies Defined Contribution Master Trust. There was no impact on ending net assets available for benefits. Our opinion is not modified with respect to that matter.

Other Matter - Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MOLEX RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018 (as restated)

1. DESCRIPTION OF PLAN

The following description of Molex Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all regular employees (excluding leased employees, consultants, seasonal and temporary employees, and independent contractors) of Molex LLC and certain participating employers (collectively, the Company) who are eligible to participate in the Plan immediately upon date of hire. During 2018, the Plan began participation in Koch Companies Defined Contribution Master Trust (Koch Master Trust). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Mergers

Effective January 1, 2019, the Injectronics Corporation 401(k) Plan, the Internconnect Systems, Inc. 401(k) Plan, and the Phillips Plastics Corporation Profit Sharing/401(k) Plan, were merged into the Plan. As a result of the plan mergers, 2,300 participants became eligible to participate in the Plan and approximately \$119 million of total net assets were transferred into the Plan. The management of the Company believes that these plan mergers were tax-exempt transactions under the applicable provisions of the Internal Revenue Code (IRC) and, therefore, is not subject to federal income tax. In connection with the plan mergers, the Plan was amended to allow the former plan sponsors of the merged plans to be adopting employers of the Plan and to remove the plan provision that participants must be employed on the last day of the plan year to be eligible for Company matching contribution true-ups.

Contributions

Each year, participants may contribute 1% up to 75% of pre-tax annual compensation, as defined in the Plan. Participants are permitted to designate a portion or all of their deferral contributions as Roth 401(k) contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan after 30 days, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

MOLEX RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company makes a safe harbor matching contribution equal to 100% of the first 4% of base compensation that a participant contributes to the Plan.

The Company also makes a non-elective contribution equal to 3% of eligible compensation of eligible participants employed as of December 31 of the plan year (or if during the year the employee retired at age 65 or older, became totally and permanently disabled, or died).

Contributions are subject to certain limitations as mandated by the IRC.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Participants become 100% vested in the Company's non-elective contribution portion of their accounts upon the completion of three years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance, less defaulted loans (if any). The loans are secured by the balance in the participants account and bear interest at rates that range from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the plan administrator. The term of the loan may not exceed five years or fifteen years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest is paid ratably through payroll deductions.

MOLEX RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump sum amount or an annual installment equal to the value of the participant's vested interest in his or her account. Under certain conditions participants may receive a hardship distribution. Participants must begin receiving distributions in the calendar year following the calendar year in which age 70½ is attained or employment terminates, whichever is later. Participants aged 59½ or older are eligible to take a withdrawal of their accounts prior to termination of employment.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Forfeited Accounts

The following table sets forth a summary of changes in the forfeiture account for the years ended December 31, 2019 and 2018. The amounts remaining will be used in accordance with the applicable Plan provisions.

	2019	2018
BALANCE, BEGINNING OF YEAR	\$ 446,756	\$ 333,047
Additions to forfeitures	414,061	410,175
Used to reduce employer contributions	(443,912)	(300,084)
Investment income	-	3,618
BALANCE, END OF YEAR	<u>\$ 416,905</u>	<u>\$ 446,756</u>

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Cash

Cash is defined as currency on hand, in demand deposits, and short-term highly liquid investments readily convertible to cash.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Defaulted notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Recently Adopted Accounting Standard

In February 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2017-06, *Employee Benefit Plan Master Trust Reporting*. ASU No. 2017-06 amends the Master Trust disclosures to require additional disclosures related to the Plan's interest in the Master Trust. The guidance clarifies that for each master trust in which a plan holds an interest, its interest in each master trust must be reported on a separate line item on the statement of net asset available for benefits and the change in value in each master trust interest must be reported on a separate line item on the statement of changes in net assets available for benefits. The guidance requires additional disclosure of the individual plan's dollar amount of its interest in the master trust's investments by general type and clarifies that the trust's other assets and liabilities and the individual plan's interest in each of those balances should be disclosed.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Adopted Accounting Standard (Continued)

Adoption of ASU No. 2017-06 was effective for fiscal years beginning after December 15, 2018, retrospectively for all periods. The Plan retrospectively adopted the amendment for the Plan year ending December 31, 2019. The adoption of ASU No. 2017-06 did not have a material impact on the Plan's financial statements. Additional disclosures required pursuant to ASU No. 2017-06 is reflected in Note 4.

New Accounting Pronouncements

In August 2018, FASB issued ASU No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements*. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Company is currently evaluating the impact of this ASU.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through October 14, 2020, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date, except as described in Note 11.

3. FAIR VALUE MEASUREMENTS - MOLEX RETIREMENT AND SAVINGS PLAN

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability, and
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Self-directed brokerage account: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

MOLEX RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

3. FAIR VALUE MEASUREMENTS - MOLEX RETIREMENT AND SAVINGS PLAN (Continued)

Interest in Koch Master Trust: As of December 31, 2019 and 2018, all investments except for self-directed brokerage accounts were held in Koch Master Trust investments (See Note 4) and were measured at the net asset value as a practical expedient. In accordance with Subtopic 820-10, investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The collective trust funds are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments as of December 31, 2019 and 2018.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value that are held outside the master trust as of December 31, 2019 and 2018:

Description	Assets at Fair Value as of December 31, 2019			Total
	Level 1	Level 2	Level 3	
Self-directed brokerage account	\$ 2,750,314	\$ -	\$ -	\$ 2,750,314

Description	Assets at Fair Value as of December 31, 2018			Total
	Level 1	Level 2	Level 3	
Self-directed brokerage account	\$ 1,810,636	\$ -	\$ -	\$ 1,810,636

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no such transfers.

MOLEX RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

4. INVESTMENT IN KOCH MASTER TRUST

The Company has entered into a master trust agreement with The Northern Trust, the custodian, whereby all of the funds of the plan are administered through Koch Master Trust. Amounts shown in the accompanying financial statements represent an undivided proportionate interest in the investments held in Koch Master Trust. The assets of Koch Master Trust are held by the custodian.

The value of the Plan's interest in Koch Master Trust is based on beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2019 and 2018, the Plan's interest in the net of Koch Master Trust was approximately 8.91% and 7.85%, respectively. Investment income (including net appreciation (depreciation) in the fair value of investments) and administrative expenses related to Koch Master Trust are allocated to the individual plans daily.

The following table presents the net assets of Koch Master Trust as of December 31, 2019 and 2018.

	2019		2018	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances

TOTAL NET ASSETS IN MASTER TRUST	\$ 10,132,503,641	\$ 899,603,035	\$ 8,003,277,252	\$ 628,037,940

The following is the change in net assets for Koch Master Trust for the years ended December 31, 2019 and 2018:

	2019	2018
Net appreciation (depreciation) in fair value of investments	\$ (1,841,146,498)	\$ (434,297,490)
Interest	21,149,796	15,685,357
Net investment loss	(1,819,996,702)	(418,612,133)

Net transfers	311,393,957	492,838,044
INCREASE (DECREASE) IN NET ASSETS	\$ (1,510,766,907)	\$ 72,424,148

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS - MASTER TRUST

Koch Master Trust holds investments in synthetic guaranteed investment contracts (GICs) and other assets as part of the Stable Value Fund as of December 31, 2019 and 2018.

A synthetic GIC, also known as a wrapper contract, is an investment contract issued by an insurance company or other financial institutions designed to provide a contract value wrapper around a portfolio of bonds or other fixed income securities that are owned by the fund.

The fair value of each synthetic GIC contract is calculated based on the fair value of the investments underlying the contract, which are valued using the market approach. The fair value of each synthetic GIC wrapper is calculated using the replacement cost approach by discounting the difference between indicative replacement cost and the current annual fee multiplied by the contract value times the duration of the contract.

The contract value of synthetic GICs represents contributions made under the contract and reinvested income, less any withdrawals plus accrued income. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are currently no reserves against contract values for credit risk of the contract issuers or otherwise.

The synthetic GICs provide a fixed return on principal over a specified period of time through fully benefit-responsive contracts or wrapper contracts issued by a third party which are backed by underlying assets owned by the Stable Value Fund. The portfolio of assets underlying the synthetic GICs includes collective trust funds, U.S. government and agency securities, municipal bonds, and corporate notes and bonds.

The relationship of future crediting rates and the adjustment to contract value reported on the statement of net assets available for benefits is provided through the mechanism of the crediting rate formula. The difference between the contract value and the fair market value of the investment of each contract is periodically amortized into each contract's crediting rate. The amortization factor is calculated by dividing the difference between the fair market value of the investment and the contract value by the duration of the bond portfolio covered by the investment contract.

Key factors that could influence future average interest crediting rates include but are not limited to: Plan cash flows, changes in interest rates, total return performance of the fair market value bond strategies underlying each synthetic GIC contract, default or credit failures of any of the securities, investment contracts, or other investments held in the fund, and the initiation of an extended termination of one or more synthetic GIC contracts by the manager or the contract issuer.

6. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 has been certified as complete and accurate by The Northern Trust Company, the custodian of plan assets from July 23, 2018 to December 31, 2019 and Fidelity Management Trust Company Trust Company, the custodian of plan assets prior to July 23, 2018, and has not been audited by the independent auditors for the Plan:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits;
- Net increase (decrease) in investment in Koch Master Trust, as shown in the statements of changes in net assets available for benefits;
- Interest on notes receivable from participants;
- Master Trust investment information, as shown in Note 4

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated June 1, 2018, that the Plan is designed in accordance with applicable sections of the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are an interest in Koch Master Trust, a master trust sponsored by the parent of the Company and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. SUBSEQUENT EVENTS

Effective January 1, 2020, the Plan was amended to add Bittware Inc. as an adopting employer of the Plan and in connection with the amendment, the Bittware, Inc. 401(k) Plan was merged into the Plan. As a result of the plan merger, 60 participants became eligible to participate in the Plan and approximately \$843k of total net assets were transferred into the Plan. The management of the Company believes that this plan merger was a tax-exempt transaction under the applicable provisions of the IRC and, therefore, is not subject to federal income tax.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. Plan management is carefully monitoring the situation and evaluating its options related to the Plan. No adjustments have been made to these financial statements as a result of this uncertainty.

Additionally, the Plan has elected to adopt the plan provisions available under the Coronavirus Aid, Relief, and Economic Security Act (CARES) enacted on March 27, 2020, that offers expanded loan and distribution options for participants who self-certify that they meet certain criteria of the CARES Act. Plan management will amend the Plan document to reflect the adoption on or before December 31, 2022.

MOLEX RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

12. RESTATEMENT FOR 2018

The statement of net assets as of December 31, 2018 has been restated to reflect the self-directed brokerage accounts separate from the Plan's interest in Koch Master Trust. Prior to restatement, these investments were reported together as the Plan's interest in Koch Master Trust, and therefore, there was no impact on ending net assets available for benefits. There was also no impact on the statement of changes in net assets available for benefits for the year ended December 31, 2018.

The following is a reconciliation of net assets available for benefits as of December 31, 2018 per the issued financial statements to the financial statements as restated:
