NOTE 1 DESCRIPTION OF PLAN

The following description of the Etnyre International Profit Sharing and Retirement Savings Plan (the Plan) provides only general information. Participants and others should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective February 3, 1947, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been amended throughout the years to comply with tax legislation and was most recently amended February 27, 2017. For the purpose of this Plan, a trust known as the Etnyre International Profit Sharing and Retirement Savings Plan has been created to receive all contributions and to pay all benefits under the Plan.

Participation

Participation in the Plan is extended to any individual, other than collectively bargained employees, leased employees, and employees of EDECO – Southwest Service Company, LLC, who is in the service and employ of Etnyre International, LTD, upon completion of three months of service with the Company. Upon becoming eligible, participants may enter the Plan on the first day of the Plan quarter coinciding with or next following the date such employee met the eligibility requirements.

Contributions

Participants' Contribution

The Plan permits voluntary contributions by participants up to the maximum amount as defined by certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Matching Contribution

The Company makes a matching contribution equal to a discretionary percentage not to exceed 6% of the participant's compensation. For the 2019 and 2018 Plan years, the Company contributed an amount equal to 25% of the participant's deferral, up to a maximum deferral percentage of 6%. Thus, the maximum matching percentage was 1.5% of total compensation. Matching contributions are invested in the same options as participant contributions, at the participant's discretion. During the 2019 and 2018 Plan years, the Company made matching contributions of $334,041 and $305,776, respectively.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Discretionary Contribution

The Company also funds the Plan by a discretionary profit sharing contribution as declared by the Board of Directors. Participants must work 1,000 hours during the year and be employed on the last day of the Plan year or have retired at normal retirement age during the Plan year to be eligible for an allocation of the profit sharing contribution. Discretionary contributions are invested in the same options as participant contributions at the participant's discretion. During the 2019 and 2018 Plan years, the Company made discretionary contributions of $3,046,933 and $3,720,235, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, the Company's profit sharing contribution allocation, an allocation of Plan earnings and expenses, and reduced for certain fees. Allocations of earnings and expenses are based on participant account balances, while profit sharing allocations are based on period of service and compensation received from the Company by the participant for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions and Company matching contributions, plus actual earnings thereon. Participants' interests in their share of the Company profit sharing contributions vest in accordance with the following schedule based on years of service (a 12 consecutive month period of at least 1,000 hours of service):

Years of Service	Vesting Percentage
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or More	100%

If an active participant dies prior to attaining normal retirement age, the participant's vesting percentage shall be 100%. Full vesting also occurs upon attainment of age 65 or termination of employment due to disability.

Forfeited Accounts

At December 31, 2019 and 2018, the balance of forfeited nonvested accounts totaled $193,092 and $337,291, respectively. Forfeitures from less than 100% vested accounts are allocated to participant accounts as an additional profit sharing contribution in accordance with the plan document terms and based on period of service and compensation received from the Company by the participant for the Plan year. Forfeitures, including earnings on forfeited balances, reallocated as an additional profit sharing contribution were $220,429 and $144,246 for the years ended December 31, 2019 and 2018, respectively.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Benefit Payments

Benefits are payable to the participant upon:

(a) death or retirement from the service of Company on or after normal retirement date (age 65) or on account of disability; or

(b) resignation or dismissal from the service of Company prior to normal retirement date.

If the benefits are payable in the event of (a) above, the amount of the benefits would be equal to the then balance in the participant's accounts. However, if (b) is applicable, the benefits payable would be the total of the participant's own contributions, and the Company matching and discretionary contributions, up to the amount of vested interest in the discretionary contributions. Benefits may be paid in either a lump-sum payment or substantially equal installments over a period of time not exceeding the participant's life expectancy or the joint life expectancy of the participant and the beneficiary. Payments may be made in cash or rollover to another qualified retirement plan. Each participant or former participant may, in writing, designate a beneficiary or beneficiaries to whom distributions of the participant's interest in the Trust shall be made in the event of the participant's death.

Upon reaching 59½ years of age, participants may elect to make a withdrawal of the entire balance of their account. Upon any distribution, the normal form of payment to a single participant is a lump sum and to a married participant is a joint and survivor annuity. Participants may elect installment payments over a period not to exceed the life expectancy of the participant and their designated beneficiary or a single sum. Married participants need spousal consent for the election of any option. Benefits of $1,000 or less will always be paid in a single sum. The plan also allows hardship distributions subject to Plan provisions.

Notes Receivable from Participants

A participant may borrow the lesser of $50,000 reduced by the excess (if any) of the highest outstanding balance of loans from the Plan to the participant during the one year period ending on the day before the date on which such loan was made, or 50% of his or her vested account balance. The loans are secured by the balance in the participant's account. Loans are repayable through payroll deductions over periods ranging up to 60 months or longer if for the purchase of a primary residence. The interest rate is determined by the Plan Administrator based on prevailing market conditions and is fixed over the life of the note. At December 31, 2019, interest rates on participant loans ranged from 3.25% to 6.50%. At December 31, 2018, interest rates on participant loans ranged from 3.25% to 6.25%.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants in 2019.

Administrative Expenses

The expenses of administering the Plan, including investment fees, are paid by the Plan and Plan Sponsor.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2020, the date the financial statements were available to be issued.

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic. This could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.

Effective in March 2020, certain provisions under the CARES Act relating to participant distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately, but requires formal adoption of the amendment no later than the last day of the Plan year beginning on or after January 1, 2022. As of October 12, 2020, the Plan has not been formally amended to adopt these provisions.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of the investments, interest and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Ascensus, as agent for Ascensus Trust Company, the trustee of the Plan.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

- inputs other than quoted prices that are observable for the asset or liability;

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Fund: Valued daily at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 63,738,712	$ -	$ -	$ 63,738,712
Common Collective Fund	-	14,761,050	-	14,761,050
Total Assets at Fair Value	$ 63,738,712	$ 14,761,050	$ -	$ 78,499,762

	2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 52,387,949	$ -	$ -	$ 52,387,949
Common Collective Fund	-	12,777,800	-	12,777,800
Total Assets at Fair Value	$ 52,387,949	$ 12,777,800	$ -	$ 65,165,749

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time, and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of termination, all participants would become fully vested.

NOTE 7 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated March 31, 2014, that the Plan is qualified and the related trust is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and is being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Company has separate custodians, recordkeepers, and investment advisors to ensure there are no party-in-interest transactions, regarding investments, as a result of performing these responsibilities. Fees are paid by the Plan and the Company, with the exception of participant loan and disbursement fees, investment management fees and administrative fees to the recordkeeper, which are charged directly to individual accounts. Fees paid by the Plan were $89,553 and $80,120 for the years ended December 31, 2019 and 2018, respectively.

Certain administrative functions are performed by officers or employees of the Company for which no compensation is received.
