Palletized Trucking, Inc. 401k & Profit Sharing Plan

Notes to Financial Statements

As of December 31, 2019 and 2018
and for the year ended December 31, 2019

1. Description of the Plan

Palletized Trucking, Inc. 401k & Profit Sharing Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Palletized Trucking, Inc. (the "Company" or "Plan Sponsor"), including eligible employees of certain related employers that are adopting employers of the Plan. The Plan became effective August 1, 1971 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan assets are held by Fidelity Management Trust Company. Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the completion of 12 months of service, as defined. Entry dates are the first day of each Plan year or the first day of the seventh month of each Plan year (January 1 or July 1). Employees are eligible to participate in the Plan beginning on the entry date coinciding with or immediately following the date eligibility requirements are met. Participants must be employed on the last day of the Plan year and earn at least 1,000 hours of service during the Plan year in order to be eligible for the Company's discretionary profit sharing contributions.

Contributions

Participants are allowed to make elective pre-tax or Roth contributions to the Plan subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

The Company makes contributions to the Plan of amounts determined and authorized by the Plan and the Company's Board of Directors up to the maximum amounts permitted by the IRC. The Company makes safe harbor matching contributions based on each participant's contribution. The Company matches 100% of each participant's contribution, up to 4% of eligible compensation.

The Company may also make discretionary profit sharing contributions to the Plan each year. The total amount contributed per participant each year by the Company is subject to limitation under the Internal Revenue Code (IRC). For the year ended December 31, 2019, the Company approved a discretionary profit sharing contribution of $360,399, which is allocated to participants based on an integration level equal to 100% of the annual taxable wage base under section 230 of the Social Security Act. For 2019, the integration rate on the base contributions was approximately 5.34% per participant and the integration rate on the excess contributions ranged from 5.51% to 8.14% per participant.

1. Description of the Plan (continued)

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of employer contributions, and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses, and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. The Company's safe harbor matching contributions plus actual earnings are 100% vested immediately when the contributions are made. A participant is 100% vested upon death, disability, or retirement. Company discretionary contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 2 years	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 years or more	100 %

Forfeitures

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures may first be used to pay administrative expenses of the Plan, with any remaining amounts applied to reduce employer contributions. The forfeited unvested account balance totaled $24,906 and $38,612 at December 31, 2019 and 2018, respectively. For the year ended December 31, 2019, forfeitures of $30,325 were used to pay administrative expenses of the Plan.

1. Description of the Plan (continued)

Payment of Benefits

Upon termination of service due to death, disability, normal retirement, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump-sum form. In general, if a participant's vested account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participant account balances that are less than $5,000, but in excess of $1,000 (the "involuntary cash-out amount") will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan Agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½, or 60 for safe harbor matching contributions. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

2. Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies using information provided by investment advisers, the custodian, the and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payment transactions are charged directly to the participant’s account and are included in administrative expenses.

2. Significant Accounting Policies (continued)

Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, October 14, 2020, the date the financial statements and supplemental schedules were available to be issued. See specific subsequent events disclosed in Note 8.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which eliminates, adds, and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. The guidance is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. The Plan Administrator is currently evaluating the effect of these provisions on the Plan's financial position and results of operations.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Money market fund:* Valued as cash equivalents, which approximates fair value due to their short-term maturities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$7,345,632**	**$ –**	**$ –**	**$7,345,632**
Money market fund	**99,261**	**–**	**–**	**99,261**
Total	**$7,444,893**	**$ –**	**$ –**	**$7,444,893**

	December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$6,269,671	$ –	$ –	$6,269,671
Money market fund	38,612	–	–	38,612
Total	$6,308,283	$ –	$ –	$6,308,283

3. Fair Value Measurements (continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of Levels 1, 2 or 3.

4. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Total investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2019.

5. Related-Party and Party-in-Interest Transactions

Plan assets include investments in funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company serves as the Plan's trustee and as such, these transactions qualify as party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

7. Income Tax Status

The Plan adopted a volume submitter plan document that received an advisory letter from the IRS on March 31, 2014. The advisory letter stated that the volume submitter plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2020-4 and 2015-36, the Company has determined that it is eligible to and has chosen to rely on the current IRS advisory letter. The Plan has adopted other discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, and for the year ended December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

During the year ended December 31, 2019, the Plan administrator determined that certain operational errors existed with respect to the Plan. The Plan Sponsor is in the process of quantifying and correcting these operational errors in accordance with applicable IRS guidelines in order to maintain the Plan's continued qualified status.

8. Subsequent Events

On March 11, 2020, the World Health Organization declared a novel strain of coronavirus ("COVID-19") a "Public Health Emergency of International Concern" and characterized COVID-19 as a pandemic. This virus has resulted in worldwide government restrictions on the movement of people, goods, and services resulting in an economic downturn. As a result, the fair value of investments and the related net assets available for benefits have experienced increased levels of volatility. There is significant uncertainty around the duration and the overall impact on economic and market conditions. Due to this uncertainty, the impact of COVID-19 on the Plan's investment portfolio cannot reasonably be estimated; however, this disruption may have a significant impact on the Plan's financial position and results for 2020.

8. Subsequent Events (continued)

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") became law on March 27, 2020. The CARES Act includes several relief provisions available to qualified retirement plans and their participants including, among other things, penalty free hardship withdrawal, increase in loan limits, and up to one-year loan suspensions. As part of the CARES Act, a qualified participant may elect to take a penalty-free Coronavirus Related Distribution ("CRD") from 401(k) plans up to $100,000, not to exceed the participant's vested balance. CRD distributions are available from March 27, 2020 through December 31, 2020.

Optional features within the CARES Act have not been implemented to date. Written amendments to the Plan to enact optional provisions of the CARES Act will be adopted at a later date in accordance with applicable law and IRS guidance.

9. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2018, the Company failed to remit to the Plan's trustee certain employee contributions totaling $838 within the period prescribed by DOL regulations. Delays in remitting contributions to the custodian were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator has taken corrective actions in September 2019.
