Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Kenyon College Defined Contribution and Tax Deferred Annuity Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Bases for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Bases for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Teachers Insurance & Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") (together, "TIAA-CREF"), the Custodian and recordkeeper of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Custodian as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by the Custodian is complete and accurate.

In addition, because of inadequacies in the Plan's records for the periods prior to January 1, 2009, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 31, 2019 and 2018, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the years then ended.

Disclaimer of Opinion

Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2019 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following is a summary of certain provisions of the Plan. Participants should refer to the Plan document for more complete information. The Plan was restated effective December 31, 2019 to incorporate all amendments into the basic Plan document. On December 31, 2019, the plan named changed from Kenyon College Defined Contribution Plan to Kenyon College Defined Contribution and Tax Deferred Annuity Retirement Plan.

Participation

The Plan is a defined contribution plan established to provide benefits to qualified, as defined by the Plan, domestic employees of the Plan sponsor, Kenyon College (the "College"). As of December 31, 2019, the Plan allows participants to make pre-tax and Roth contributions in accordance with the provisions of Section 403(b) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Employees of the College become eligible to participate in the Plan on the first day of the following month in which the employee has completed one year of service.

Contributions

Effective during the years ended December 31, 2019 and 2018, participants must contribute 5% of their compensation to the Plan, subject to limitations contained in the IRC, on a pre-tax basis. The College makes non-elective contributions equal to 9.5% of each participant's compensation. The Plan also provides for the investment of qualified rollover contributions.

In accordance with the Plan merger agreement described below, effective December 31, 2019, participants may contribute up to 100% of their compensation to the Plan, subject to limitations contained in the IRC, on a pre-tax or Roth basis.

Effective December 31, 2019, all collectively bargained participants whose age is 45 and under must contribute a mandatory 3% of their compensation to the Plan, if hired before January 1, 2019, while all other collectively bargained participants must contribute 5% of their compensation to the Plan, subject to limitations contained in the IRC, on a pre-tax basis. For each collectively bargained participant, the College makes non-elective contributions equal to 9.5% of the collectively bargained participant's compensation.

The College's matching contribution will be suspended from July 1, 2020 through June 30, 2021, in accordance with the Plan merger agreement.

Participants' Accounts

Teachers Insurance & Annuity Association of America and College Retirement Equities Fund (together, "TIAA-CREF"), the Custodian of the Plan, maintain an individual account for each participant. These accounts are credited with participants' contributions, College contributions, and an allocation of earnings and expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants elect to allocate their contributions and any employer contributions to various investment options in ¼% increments as specified in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Vesting

Participants are at all times vested in their elective contributions, the College's matching contributions, and earnings thereon.

Notes Receivable From Participants

Participants may borrow against their accounts; however, the loans are administered by TIAA-CREF and are transacted outside of the Plan. No participant loans are included in Plan assets. At December 31, 2019, these outside loan balances were approximately $145,000, and were secured by Plan assets in the borrowing participants' accounts in an amount equal to at least the outstanding loan amount. As these loans are repaid, the collateral balance is reduced accordingly. Effective January 1, 2020, any new notes receivable from participants are now transacted within the Plan.

Payment of Benefits

A participant, upon retirement, termination, disability, or the attainment of age 65, or a participant's beneficiary, upon the participant's death, may elect to receive either a lump sum payment, a series of installment payments over a period of time as determined by the Plan, or a combination of the two. The Plan allows for hardship withdrawals on elective contributions only.

Termination Provision

Although it has not expressed any intent to do so, the College has the right to terminate the Plan subject to the provisions of ERISA. No termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of participants or their beneficiaries. In the event of termination of the Plan, the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Plan Merger

Effective December 31, 2019, the College merged the following plans into the Plan: the Kenyon College Tax Deferred Annuity Plan and the Kenyon College Defined Contribution Retirement Plan for Collective Bargained Employees. In connection with these mergers, $54,289,363 was transferred in from the Kenyon College Tax Deferred Annuity Plan, including loans, and $12,259,235 was transferred in from the Kenyon College Defined Contribution Retirement Plan for Collective Bargained Employees.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The financial statements of the Plan may not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the College has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses

All administrative fees of the Plan are paid by the College or the Plan at the option of the College.

The College has a contract with TIAA-CREF that returns to the Plan, as a Plan asset, revenue that exceeds the amount required to operate the Plan. Revenue credits may be used either to (i) pay direct, reasonable, and necessary expenses of the Plan which the Plan is allowed to pay or (ii) provide benefits for Plan participants and beneficiaries in the form of revenue credits. The College is reviewing the revenue credit to ensure appropriate usage and will maintain a process for ensuring that revenue credits are disbursed in a timely manner. The unused and unallocated balances at December 31, 2019 and 2018 were $70,321 and $69,949, respectively. Revenue credits used for plan expenditures were $33,518 and $35,665 during the years ended December 31, 2019 and 2018, respectively.

To discourage short-term trading and help protect the long-term value of certain funds, a redemption fee will be charged equal to 2% of money transferred out of certain funds less than 60 days following initial purchase date. Redemption fees imposed on these funds are paid by the affected participants.

Evaluation of Subsequent Events

The Plan has evaluated subsequent events through October 7, 2020, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for investments of the Plan measured at fair value as of December 31, 2019 and 2018:

- Investments in the guaranteed investment contracts comprise benefit-responsive ("BR") and non benefit-responsive ("NBR") TIAA Traditional Annuity contracts. BR TIAA Traditional Annuity account balances are reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate, as approved by TIAA-CREF. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

Note 3. Fair Value Measurements (Continued)

- NBR TIAA Traditional Annuity account balances are reported at fair value as determined by TIAA-CREF based upon the individual purchases and sales of individual contracts and the correlation between the contracts' crediting rate with the highest quality debt security yields, adjusted for contract liquidity. These are considered to be Level 3 inputs.

  The NBR guaranteed investment contracts are reported based on information provided by the investment manager as validated by management and its advisors and, as such, additional quantitative disclosures are not required.

- The pooled separate account is a fund invested in TIAA Real Estate, whose value is principally derived from the market value appraisals of the underlying real estate holdings or other real estate-related investments. The TIAA general account provides this real estate fund with a liquidity guarantee to ensure there are funds to meet participant redemption, transfer, or cash withdrawal requests. These are classified as Level 2.

- Included in registered investment companies are TIAA-CREF funds which are based on market quotations or prices from independent pricing services and are classified as Level 1. Also included are various CREF funds that are not available for sale on any securities exchange but whose underlying investments consist of equity securities and fixed income instruments. The valuation of these funds is based upon the daily quoted net asset value of shares held by the Plan and is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2018 to 2019. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts (NBR)			$ 57,622,125	$ 57,622,125

Total	$ 41,498,915	$ 66,433,115	$ 48,736,440	$ 156,668,470

The table below sets forth the summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2019 and 2018:

	2019 Guaranteed Investment Contracts (NBR)	2018 Guaranteed Investment Contracts (NBR)
Balance, beginning of year	$ 48,736,440	$ 46,956,101
Interest and dividends	456,889	517,730
Realized gains	632,328	873,934
Unrealized gains relating to instruments still held at the reporting date	871,226	604,385
Revenue credit income	51,346	90,747
Professional service fees	(33,518)	(35,688)
Purchases	3,294,904	6,305,331
Sales	(4,349,863)	(6,576,100)
Transfers in from other plans	7,962,373	-
Balance, end of year	$ 57,622,125	$ 48,736,440

Note 4. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits at December 31, 2019 and 2018, the supplemental schedule of assets (held at end of year) at December 31, 2019, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Guaranteed Investment Contracts

The Plan holds investments in unallocated investment contracts (the "guaranteed investment contracts"). These investments contain provisions that could be construed as placing restrictions on the availability of funds and, therefore, are included in the financial statements at estimated fair value because they are not fully benefit-responsive. The principal investments underlying the guaranteed investment contracts are high-quality fixed income instruments, principally corporate and government bonds and asset-backed securities.

The Plan also has fully benefit-responsive guaranteed investment contracts with TIAA. TIAA maintains the contributions in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because these guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed to be between 1% and 3%. Such interest rates are reviewed on a monthly basis for resetting. In addition, the Board of Trustees of TIAA votes annually to determine if it will add a discretionary crediting interest rate to remain in effect for the remainder of the declaration year.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

Note 6. Tax Status (Continued)

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 7. Party-in-Interest Transactions

The Plan's assets are held in guaranteed investment contracts, a pooled separate account, and registered investment companies of TIAA-CREF. TIAA-CREF is the Plan Custodian, therefore, the transactions within the investments qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Event - COVID-19 Global Pandemic

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease 2019 ("COVID-19") a global health emergency and subsequently declared the COVID-19 outbreak a global pandemic in March 2020. The pandemic has adversely affected domestic and global economic activity and the full impact continues to evolve as of the date of this report. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.
